

Plain Language Summary Template and Instructions for Texas Pollutant Discharge Elimination System (TPDES) and Texas Land Application (TLAP) Permit Applications

This template is a guide to assist applicant's in developing a plain language summary as required by [30 Texas Administrative Code Chapter 39 Subchapter H](#). Applicant's may modify the template as necessary to accurately describe their facility as long as the summary includes the following information: (1) the function of the proposed plant or facility; (2) the expected output of the proposed plant or facility; (3) the expected pollutants that may be emitted or discharged by the proposed plant or facility; and (4) how the applicant will control those pollutants, so that the proposed plant will not have an adverse impact on human health or the environment.

Fill in the highlighted areas below to describe your facility and application in plain language. Instructions and examples are provided below. Make any other edits necessary to improve readability or grammar and to comply with the rule requirements.

If you are subject to the alternative language notice requirements in [30 Texas Administrative Code §39.426](#), **you must provide a translated copy of the completed plain language summary in the appropriate alternative language as part of your application package.** For your convenience, a Spanish template has been provided below.

ENGLISH TEMPLATE FOR TPDES or TLAP NEW/RENEWAL/AMENDMENT APPLICATIONS INDUSTRIAL WASTEWATER/STORMWATER

The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Hudson Products Corporation (CN600305841) operates Hudson Products Corporation Wastewater Treatment Facility (RN101864924), an industrial products manufacturing plant that produces air cooled heat exchangers and fiberglass fan blades (SIC 3443 and 3564). The facility is located at 9660 Grunwald Road, in Beasley, Fort Bend County, Texas 77417.

Hudson Products Corporation whose mailing address is 9660 Grunwald Road Beasley, Texas 77417 treats and discharges wastes from Hudson Products Corporation Wastewater Treatment Facility, an industrial products manufacturing plant that produces air cooled heat exchangers and fiberglass fan blades (SIC 3443 and 3564) located at 9660 Grunwald Road, near the City of Beasley, in Fort Bend County, Texas 77417 via Outfall 001 to Turkey Creek, thence to San Bernard River Above Tidal in Segment No. 1302 of the Brazos-Colorado Coastal Basin.

Discharges from the facility contain Chemical Oxygen Demand, Total Suspended Solids, Oil and Grease, Total Aluminum, and pH. The facility discharges process wastewater (Average: 0.36 MGD, Maximum: 6.5 MGD), utility wastewater, stormwater runoff, and previously monitored effluent from Outfall 101 that is treated by a Package Aeration Wastewater Treatment Plant, operated on site.
