# **SUMMARY OF APPLICATION IN PLAIN LANGUAGE FOR TPDES OR TLAP PERMIT APPLICATIONS**

## **Summary of Application (in plain language) Template and Instructions for Texas Pollutant Discharge Elimination System (TPDES) and Texas Land Application (TLAP) Permit Applications**

### **ENGLISH TEMPLATE FOR TPDES or TLAP NEW/RENEWAL/AMENDMENT APPLICATIONS INDUSTRIAL WASTEWATER/STORMWATER**

*The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 TAC Chapter 39. The information provided in this summary may change during the technical review of the application and is not a federal enforceable representation of the permit application.*

Norit Americas, Inc. (CN600356372) operates Marshall Plant (RN102609724), an activated carbon manufacturing facility. The facility is located at 3200 University Ave., in Marshall, Harrison County, Texas 75670. This application is for the renewal of the current, WQ0000703000, issued on September 23, 2021 to discharge a maximum of 4,000,000 gallons per day consisting of water generated from air pollution control equipment (i.e. wet scrubbers), product washing, steam generation, product drying, laboratory operations, miscellaneous equipment and area cleaning, and storm water.

Discharges from the facility are expected to contain total organic carbon, total suspended solids, residual chlorine, total dissolved solids, sulfates, chlorides, fluorides, metals, bromides, and boron. Additional potential pollutants are included in the Industrial Wastewater Application Technical Report, Worksheet 2.0. Process wastewater is treated by first passing the wastewater through a neutralization tank. The neutralized wastewater then enters one of two thickeners. Thickener 1 is the primary thickener. Thickener 2 is used for backup, surge capacity, and as holding water during discharge pipeline cleaning activities. Wastewater from the thickeners is either discharged directly to #4 Pond or enters the REW (Reclaimed Effluent Water) tank. Water from the REW tank can either be returned to the plant processes or discharged to #4 Pond. When the plant determines it is time to discharge from #4 Pond, the discharge pump will be activated. It is at the discharge pump that the automatic outfall sampler is located. The treated wastewater is discharged into the Sabine River, Segment 0505, from Outfall 002. Outfall 002 is located approximately 16,000 feet upstream of the State Highway 43 bridge over the Sabine River. There are three ponds located at the Marshall Plant. The #1 and #2 Ponds are used for emergency backup only, while the #3 Pond is used for additional storage capacity and flows to Thickener 1..

## PLANTILLA EN ESPAÑOL PARA SOLICITUDES NUEVAS/RENOVACIONES/ENMIENDAS DE TPDES o TLAP

### AGUAS RESIDUALES INDUSTRIALES /AGUAS PLUVIALES

*El siguiente resumen se proporciona para esta solicitud de permiso de calidad del agua pendiente que está siendo revisada por la Comisión de Calidad Ambiental de Texas según lo requerido por el Capítulo 39 del Código Administrativo de Texas 30. La información proporcionada en este resumen puede cambiar durante la revisión técnica de la solicitud y no es una representación ejecutiva fedérale de la solicitud de permiso.*

Norit Americas, Inc. (CN600356372) opera la Planta Marshall (RN102609724), una planta de fabricación de carbón activado. La instalación está ubicada en 3200 Avenida de la universidad, en Marshall, Condado de Harrison, Texas 75670. Esta solicitud es para la renovación del permiso actual WQ0000703000, emitido el 23 de septiembre de 2021 para descargar un máximo de 4.000.000 de galones por día, consistente en agua generada por equipos de control de la contaminación atmosférica (es decir, lavadores húmedos), lavado de productos, generación de vapor, secado de productos, operaciones de laboratorio, limpieza de equipos diversos y de áreas, y aguas pluviales.

Se espera que las descargas de la instalación contengan Carbono orgánico total, sólidos suspendidos totales, cloro residual, sólidos disueltos totales, sulfatos, cloruros, fluoruros, metales, bromuros y boro. En la Hoja de trabajo 2.0 del Informe técnico de la solicitud de aguas residuales industriales se incluyen contaminantes potenciales adicionales. Aguas residuales de proceso. **están** tratado por pasando primero las aguas residuales a través de un tanque de neutralización. Las aguas residuales neutralizadas entran entonces en uno de los dos espesadores. El Espesador 1 es el espesador primario. El Espesador 2 se utiliza como respaldo, para capacidad de amortiguación y como depósito de retención de agua durante las actividades de limpieza de la tubería de descarga. Las aguas residuales provenientes de los espesadores se descargan directamente en el Estanque n.º 4 o entran en el tanque de REW (Agua de Efluente Recuperada). El agua del tanque de REW puede ser devuelta a los procesos de la planta o descargada en el Estanque n.º 4. Cuando la planta determina que es el momento de realizar una descarga desde el Estanque n.º 4, se activa la bomba de descarga. Es precisamente en la bomba de descarga donde se encuentra ubicado el muestreador automático del punto de vertido. Las aguas residuales tratadas se descargan en el río Sabine, Segmento 0505, a través del Punto de Vertido 002. El Punto de Vertido 002 se encuentra situado aproximadamente a 16.000 pies aguas arriba del puente de la Carretera Estatal 43 sobre el río Sabine. En la Planta Marshall se encuentran ubicados tres estanques. Los estanques n.º 1 y n.º 2 se utilizan únicamente como respaldo de emergencia, mientras que el Estanque n.º 3 se emplea para proporcionar capacidad de almacenamiento adicional y su flujo se dirige hacia el Espesador 1.

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN WATER QUALITY PERMIT RENEWAL

**APPLICATION.** Norit Americas, Inc. P.O. Box 790, Marshall, Texas 75671, which owns an activated carbon manufacturing facility, has applied to the Texas Commission on Environmental Quality (TCEQ) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0000703000 (EPA I.D. No. TX0000710) to authorize the discharge of treated wastewater and stormwater at a volume not to exceed a daily average flow of 2,000,000 gallons per day. The facility is located at 3200 University Avenue, near the city of Marshall, in Harrison County, Texas 75670. The discharge route is from the plant site via Outfall 002 directly to the Sabine River Above Toledo Bend Reservoir. TCEQ received this application on March 26, 2026. The permit application will be available for viewing and copying at Marshall Public Library, southwest corner of the library on a shelf, 300 South Alamo Boulevard, Marshall, Texas prior to the date this notice is published in the newspaper. The application and associated notices are available electronically at the following webpage:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.4,32.534444&level=18>

**ALTERNATIVE LANGUAGE NOTICE.** Alternative language notice in Spanish is available at:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

El aviso de idioma alternativo en español está disponible en

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

**ADDITIONAL NOTICE.** TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

**PUBLIC COMMENT / PUBLIC MEETING.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing.** A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST:** your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period.**

**TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.**

**MAILING LIST.** If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

**INFORMATION AVAILABLE ONLINE.** For details about the status of the application, visit the Commissioners' Integrated Database at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Search the database using the permit number for this application, which is provided at the top of this notice.

**AGENCY CONTACTS AND INFORMATION.** All public comments and requests must be submitted either electronically at <https://www14.tceq.texas.gov/epic/eComment/>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep). Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Norit Americas, Inc. at the address stated above or by calling Ms. Lorrie Walker, SH&E Specialist, at 903-690-5334.

Issuance Date: April 28, 2026

# Comisión de Calidad Ambiental del Estado de Texas

## AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA RENOVACION

### PERMISO NO. WQ0000703000

**SOLICITUD.** Norit Americas, Inc., P.O. Box 790, Marshall, Texas 75671, y planta de fabricación de carbon activado, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para renovar el Permiso No. WQ0000703000 (EPA I.D. No. TX0000710) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de caudal medio diario de 2,000,000 de galones por día. La planta está ubicada 3200 Avenida Universitaria, cerca de la ciudad de Marshall, en el Condado de Harrison, Texas 75670. La ruta de descarga es del sitio de la planta a través del emisario 002 directamente al rio Sabine, aguas arriba de embalse de Toledo Bend. La TCEQ recibió esta solicitud el 26 de marzo de 2026. La solicitud para el permiso estará disponible para leerla y copiarla en Biblioteca pública de Marshall, estantería de la biblioteca, 300 South Alamo Boulevard, Marshall, Texas antes de la fecha de publicación de este aviso en el periódico. La solicitud y los avisos asociados están disponibles electrónicamente en la siguiente página web:

<https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud.

<https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.4,32.534444&level=18>

**AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

**AVISO ADICIONAL.** El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud. Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ

realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.** Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todos los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. **Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios. Si ciertos criterios se cumplen, la TCEQ puede actuar sobre una solicitud para renovar un permiso sin proveer una oportunidad de una audiencia administrativa de lo contencioso.**

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo,

la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**INFORMACIÓN DISPONIBLE EN LÍNEA.** Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Para buscar en la base de datos, utilizar el número de permiso para esta solicitud que aparece en la parte superior de este aviso.

**CONTACTOS E INFORMACIÓN A LA AGENCIA. Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía <http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087.** Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del Norit Americas, Inc. a la dirección indicada arriba o llamando a Ms. Lorrie Walker al 903-690-5334.

Fecha de emisión: 28 de abril de 2026

Brooke T. Paup, *Chairwoman*  
Catarina R. Gonzales, *Commissioner*

22) Is the landowner the same person as the facility owner or co-applicant?	No

## General Information Renewal-Amendment

1) Current authorization expiration date:	09/23/2026
2) Current Facility operational status:	Active
3) Is the facility located on or does the treated effluent cross American Indian Land?	No
4) What is the application type that you are seeking?	Renewal with changes
4.1) Describe the proposed changes:	Change in biomonitoring species
5) Current Authorization type:	Industrial Wastewater
5.1) What is your EPA facility classification?	Major
5.1.1) Select the applicable fee	Renewal - \$2,015
6) What is the classification for your authorization?	TPDES
6.1) What is the EPA Identification Number?	TX0000710
6.2) Is the wastewater treatment facility location in the existing permit accurate?	Yes
6.3) Are the point(s) of discharge and the discharge route(s) in the existing permit correct?	Yes
6.4) City nearest the outfall(s):	Tatum
6.5) County where the outfalls are located:	HARRISON
6.6) Is or will the treated wastewater discharge to a city, county, or state highway right-of-way, or a flood control district drainage ditch?	No
6.7) Is the daily average discharge at your facility of 5 MGD or more?	No
7) Did any person formerly employed by the TCEQ represent your company and get paid for service regarding this application?	No

## Certification

I certify that I am authorized under 30 Texas Administrative Code 305.44 to sign this document and can provide documentation in proof of such authorization upon request.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

1. I am Tommy D Napier, the owner of the STEERS account ER092362.
2. I have the authority to sign this data on behalf of the applicant named above.
3. I have personally examined the foregoing and am familiar with its content and the content of any attachments, and based upon my personal knowledge and/or inquiry of any individual responsible for information contained herein, that this information is true, accurate, and complete.
4. I further certify that I have not violated any term in my TCEQ STEERS participation agreement and that I have no reason to believe that the confidentiality or use of my password has been compromised at any time.
5. I understand that use of my password constitutes an electronic signature legally equivalent to my written signature.
6. I also understand that the attestations of fact contained herein pertain to the implementation, oversight and enforcement of a state and/or federal environmental program and must be true and complete to the best of my knowledge.
7. I am aware that criminal penalties may be imposed for statements or omissions that I know or have reason to believe are untrue or misleading.
8. I am knowingly and intentionally signing Update Domestic or Industrial Individual Permit WQ0000703000.
9. My signature indicates that I am in agreement with the information on this form, and authorize its submittal to the TCEQ.

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

# **SUMMARY OF APPLICATION IN PLAIN LANGUAGE FOR TPDES OR TLAP PERMIT APPLICATIONS**

## **Summary of Application (in plain language) Template and Instructions for Texas Pollutant Discharge Elimination System (TPDES) and Texas Land Application (TLAP) Permit Applications**

### **ENGLISH TEMPLATE FOR TPDES or TLAP NEW/RENEWAL/AMENDMENT APPLICATIONS INDUSTRIAL WASTEWATER/STORMWATER**

*The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 TAC Chapter 39. The information provided in this summary may change during the technical review of the application and is not a federal enforceable representation of the permit application.*

Norit Americas, Inc. (CN600356372) operates Marshall Plant (RN102609724), an activated carbon manufacturing facility. The facility is located at 3200 University Ave., in Marshall, Harrison County, Texas 75670. This application is for the renewal of the current, WQ0000703000, issued on September 23, 2021 to discharge a maximum of 4,000,000 gallons per day consisting of water generated from air pollution control equipment (i.e. wet scrubbers), product washing, steam generation, product drying, laboratory operations, miscellaneous equipment and area cleaning, and storm water.

Discharges from the facility are expected to contain total organic carbon, total suspended solids, residual chlorine, total dissolved solids, sulfates, chlorides, fluorides, metals, bromides, and boron. Additional potential pollutants are included in the Industrial Wastewater Application Technical Report, Worksheet 2.0. Process wastewater is treated by first passing the wastewater through a neutralization tank. The neutralized wastewater then enters one of two thickeners. Thickener 1 is the primary thickener. Thickener 2 is used for backup, surge capacity, and as holding water during discharge pipeline cleaning activities. Wastewater from the thickeners is either discharged directly to #4 Pond or enters the REW (Reclaimed Effluent Water) tank. Water from the REW tank can either be returned to the plant processes or discharged to #4 Pond. When the plant determines it is time to discharge from #4 Pond, the discharge pump will be activated. It is at the discharge pump that the automatic outfall sampler is located. The treated wastewater is discharged into the Sabine River, Segment 0505, from Outfall 002. Outfall 002 is located approximately 16,000 feet upstream of the State Highway 43 bridge over the Sabine River. There are three ponds located at the Marshall Plant. The #1 and #2 Ponds are used for emergency backup only, while the #3 Pond is used for additional storage capacity and flows to Thickener 1..

## PLANTILLA EN ESPAÑOL PARA SOLICITUDES NUEVAS/RENOVACIONES/ENMIENDAS DE TPDES o TLAP

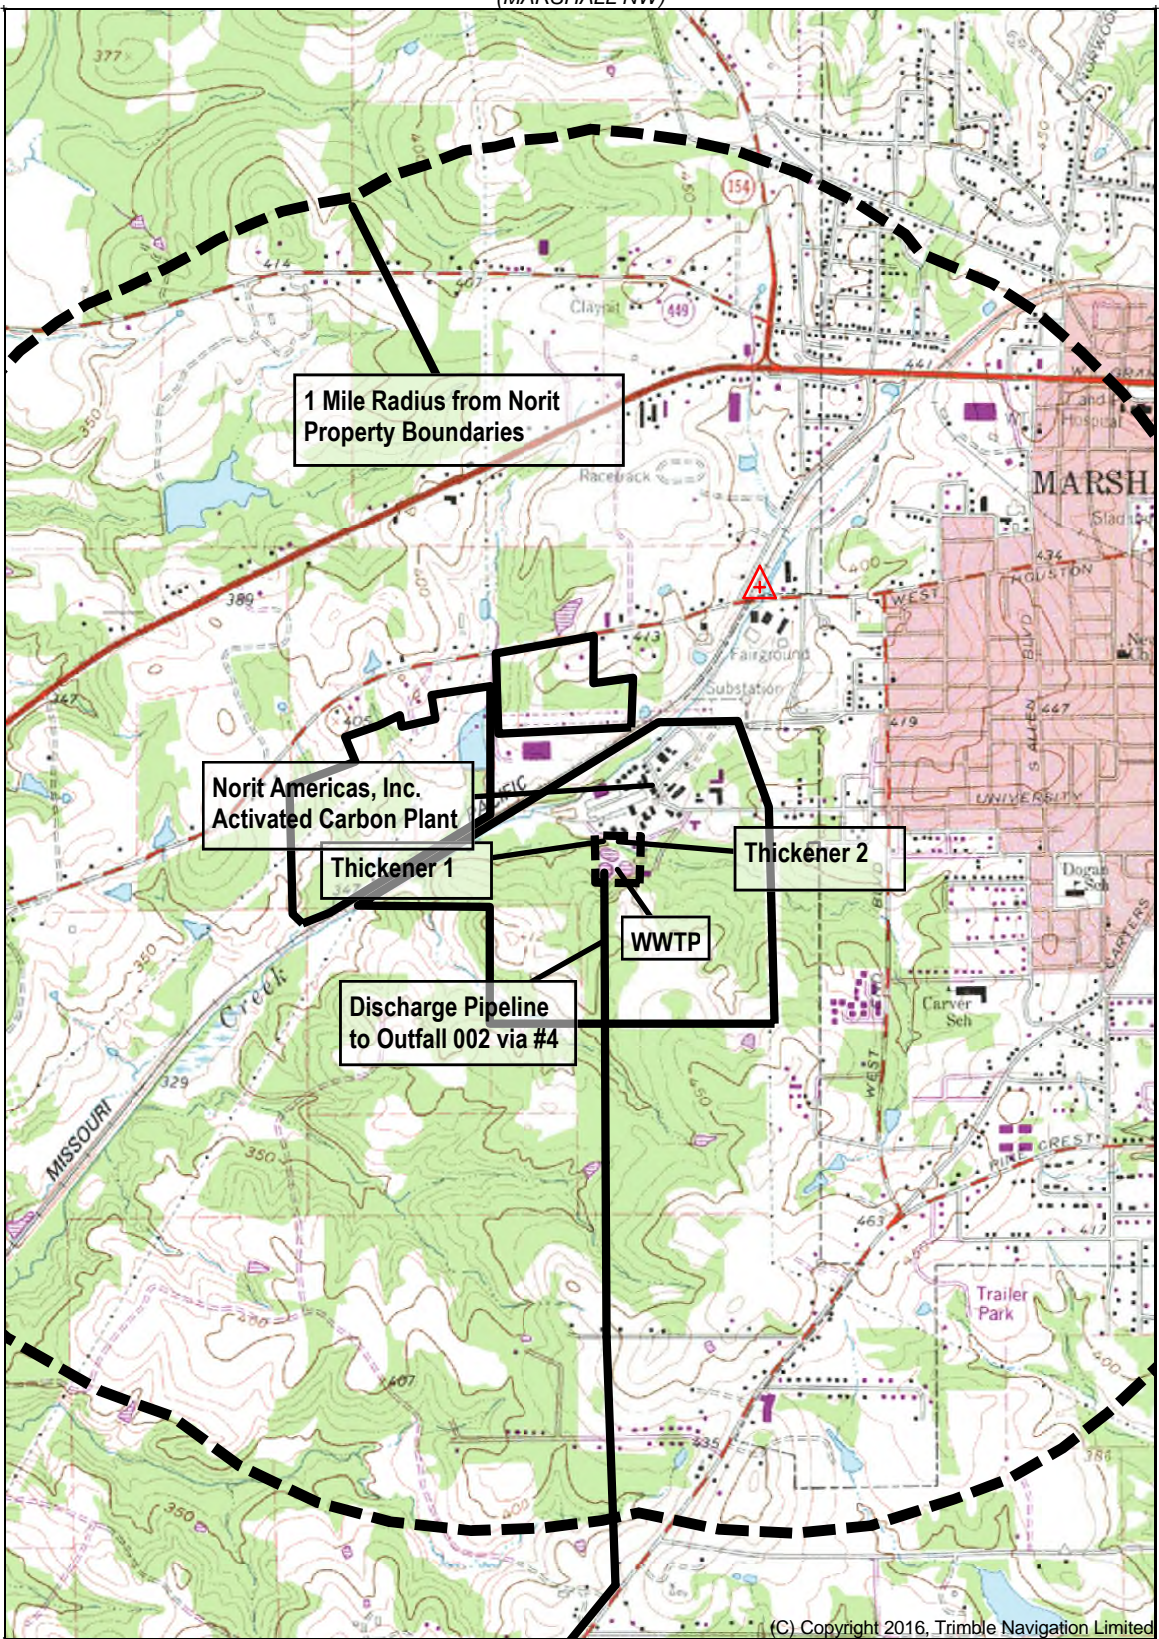

### AGUAS RESIDUALES INDUSTRIALES /AGUAS PLUVIALES

*El siguiente resumen se proporciona para esta solicitud de permiso de calidad del agua pendiente que está siendo revisada por la Comisión de Calidad Ambiental de Texas según lo requerido por el Capítulo 39 del Código Administrativo de Texas 30. La información proporcionada en este resumen puede cambiar durante la revisión técnica de la solicitud y no es una representación ejecutiva fedérale de la solicitud de permiso.*

Norit Americas, Inc. (CN600356372) opera la Planta Marshall (RN102609724), una planta de fabricación de carbón activado. La instalación está ubicada en 3200 Avenida de la universidad, en Marshall, Condado de Harrison, Texas 75670. Esta solicitud es para la renovación del permiso actual WQ0000703000, emitido el 23 de septiembre de 2021 para descargar un máximo de 4.000.000 de galones por día, consistente en agua generada por equipos de control de la contaminación atmosférica (es decir, lavadores húmedos), lavado de productos, generación de vapor, secado de productos, operaciones de laboratorio, limpieza de equipos diversos y de áreas, y aguas pluviales.

Se espera que las descargas de la instalación contengan Carbono orgánico total, sólidos suspendidos totales, cloro residual, sólidos disueltos totales, sulfatos, cloruros, fluoruros, metales, bromuros y boro. En la Hoja de trabajo 2.0 del Informe técnico de la solicitud de aguas residuales industriales se incluyen contaminantes potenciales adicionales. Aguas residuales de proceso. **están** tratado por pasando primero las aguas residuales a través de un tanque de neutralización. Las aguas residuales neutralizadas entran entonces en uno de los dos espesadores. El Espesador 1 es el espesador primario. El Espesador 2 se utiliza como respaldo, para capacidad de amortiguación y como depósito de retención de agua durante las actividades de limpieza de la tubería de descarga. Las aguas residuales provenientes de los espesadores se descargan directamente en el Estanque n.º 4 o entran en el tanque de REW (Agua de Efluente Recuperada). El agua del tanque de REW puede ser devuelta a los procesos de la planta o descargada en el Estanque n.º 4. Cuando la planta determina que es el momento de realizar una descarga desde el Estanque n.º 4, se activa la bomba de descarga. Es precisamente en la bomba de descarga donde se encuentra ubicado el muestreador automático del punto de vertido. Las aguas residuales tratadas se descargan en el río Sabine, Segmento 0505, a través del Punto de Vertido 002. El Punto de Vertido 002 se encuentra situado aproximadamente a 16.000 pies aguas arriba del puente de la Carretera Estatal 43 sobre el río Sabine. En la Planta Marshall se encuentran ubicados tres estanques. Los estanques n.º 1 y n.º 2 se utilizan únicamente como respaldo de emergencia, mientras que el Estanque n.º 3 se emplea para proporcionar capacidad de almacenamiento adicional y su flujo se dirige hacia el Espesador 1.

**RIGHT OF WAY AGREEMENT**

FILED FOR RECORD  
21 NOV -2 PM 01:27  
F. TEMPLE  
COUNTY CLERK  
BY: KJ DEPUTY

THE STATE OF TEXAS

KNOW ALL MEN BY THESE PRESENTS:

COUNTY OF HARRISON

This Right of Way Agreement is made and entered into by and between **Norit Real Estate, B.V., a Netherlands Corporation**, whose mailing address is Nijverheidsweg-Noord 72, P. O. Box 105, 3800 AC Amersfoort, The Netherlands, hereinafter called "Grantor," for and in consideration of the sum of Ten Dollars and other good and valuable consideration (\$10.00 & OGVC), in hand paid, the receipt and sufficiency of which is hereby acknowledged and confessed, does hereby grant, bargain, sell and convey unto **Norit Americas Inc., a Georgia Corporation**, whose address is P. O. Box 790, Marshall, TX 75671, and its successors and assigns (hereinafter called "Grantee"), a right of way and easement on, over and across the tract or parcel of land described below, for the purpose of constructing, maintaining, operating, repairing and removing one or more lagoons for the impoundment, processing, treatment, and disposal of waste water produced as a byproduct from the manufacturing facility operated by Grantee, together with any and all appurtenant facilities reasonably required and/or necessary to effectuate the purposes of this right of way agreement, said lagoons and reasonable and necessary appurtenances thereto to be situated and located on the following tract or parcel of land, to-wit:

All that certain lot, tract or parcel of land situated in Harrison County, Texas; being 60.6 acres of the William Walker Survey A-754 and 136.48 acres of the D. P. Gillespie Survey A-283; being a part of that certain 85 acres tract described in Deed from F. S. Pollock to the Darco Corporation, dated September 22, 1921, recorded in Vol. 121, page 115, Deed Records of said County; being all that certain tract called to contain 75 acres described in Deed from W. P. Lane to Atlas Chemical Industries, dated June 29, 1962, recorded in Vol. 572, page 658, said County Deed Records; being all that certain tract called to contain 26.2 acres described in deed from Huffman, Hall and Ernest F. Smith, trustees, to Atlas Chemical Industries, dated June 3, 1961, recorded in Vol. 559, page 261, said County Deed Records; being all that certain tract called to contain 13.13 acres described in deed to ICI Americas Inc., dated June 22, 1978, recorded in Vol. 850, page 134, said County Deed Records; said tract having been found by actual survey to contain 197.08 acres and being more particularly described as follows:

BEGINNING at a 2 inch iron stake for corner at a fence corner in the West line of the Peter Whetstone Survey and

in the East line of said Gillespie Survey; said beginning corner being the Southeast corner of said 75 acre tract;

THENCE North 89 deg. 39 min. West, with a fence, 2010.56 feet to an iron stake for corner at a fence corner and at the Southwest corner of said 75 acre tract;

THENCE North 2 deg. no min. East, 51.64 feet, to an iron stake for corner in the East line of said Walker Survey and at the Southeast corner of said 26.2 acre tract;

THENCE North 89 deg. 45 min. West, with a fence, 945.46 feet to an iron stake for corner at the Southwest corner of said 26.2 acre tract;

THENCE North no deg. 55 min. East, 1235.78 feet, to an iron stake for corner in the South line of said 13.13 acre tract and at the Northwest corner of said 26.2 acre tract; said corner being North 89 deg. 52 min. West, 60.0 feet, from the Southeast corner of said 13.13 acre tract;

THENCE North 89 deg. 52 min. west, with said South line, 1365.76 feet to an iron stake for corner at the West corner of said 13.13 acre tract and in the Southeast margin of the T & P Railway Right-of-way;

THENCE North 60 deg. 30 min. East, with said Southeast margin, 1651.25 feet to an iron stake for corner at the Northeast corner of said 13.13 acre tract and in the West line of said 85 acre tract;

THENCE North no deg. 48 min. East, with said West line, 23.16 feet to an iron stake for corner in said Southeast margin and at the Northwest corner of said 85 acre tract;

THENCE North 60 deg. 30 min. East, with said Southeast margin, 1611.4 feet to a corner in same and at the Point of Curvature of a curve in said margin having a radius of 1200.8738 feet;

THENCE in a Northeasterly direction, with said Southeast margin and with said curve, to the left, 346.25 feet (Chord: North 57 deg. 34 min. East, 346.245 feet) to a steel fence corner post for corner and at the Northernmost Northwest corner of said 85 acre tract;

THENCE North 88 deg. 02 min. East, with the North line of said 85 acre tract 902.2 feet to a corner in said North line and at the Northwest corner of a 3.26 acre tract described in Deed from the Darco Corporation to Southwestern Gas and Electric Company dated January 2, 1947;

THENCE South 14 deg. 33 min. East, with the West line of said 3.26 acre tract, 929.5 feet to the Southwest corner of said 3.26 acre tract and in the North margin of an extension of University Avenue;

THENCE South 89 deg. 07 min. East, with said North margin, 20.0 feet to the Southeast corner of said 3.26 acre tract and in the East line of said 85 acre tract and the East line of said Gillespie Survey;

THENCE South no deg. 24 min. East, with said East line, 614.08 feet to a concrete monument for corner at the Northeast corner of said 75 acre tract and the Southeast corner of said 85 acre tract;

THENCE South no deg. 18 min. East, with a fence, and with the East line of said 75 acre tract, 1639.13 feet to the place of beginning and containing 197.08 acres of land.

There is included in this grant, the right, from time to time, to construct, maintain, operate, alter, repair, remove, change the size of, one or more of the lagoons described herein and/or any and all appurtenances thereto reasonably necessary or convenient for the operations of Grantee hereunder. Additionally, the Grantee shall have all other rights and benefits necessary or convenient for the full enjoyment or use of the rights herein granted, including, but without limiting the same to, the right of ingress and egress over and across said lands to and from said right of way easement, and the right from time to time to cut and remove trees, undergrowth, or other obstructions that may injure, endanger or interfere with the use of the lagoons and/or appurtenances thereto. The Grantee shall have the right to assign this grant, in whole or in part.

**TO HAVE AND TO HOLD** unto Grantee, its successors and assigns, so long as the rights and appurtenances herein granted, or any of them, shall be used by, or useful to, Grantee for the purposes herein granted, with ingress to and egress from the premises for the purpose of constructing, inspecting, repairing, maintaining, replacing, and removing the lagoon(s) and/or appurtenances described herein, and the undersigned does hereby bind itself, its successors and assigns, to warrant and forever defend all and singular said premises unto the Grantee, its successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof.

**THE GRANTEE AGREES TO INDEMNIFY, DEFEND AND HOLD HARMLESS GRANTOR AND/OR ITS SUCCESSORS AND ASSIGNS FROM AND AGAINST ALL CLAIMS, CAUSES OF ACTIONS, LOSSES, DAMAGES, SUITS OR LIABILITY OF EVERY KIND FOR DAMAGE TO ANY PROPERTY, OR FOR INJURIES TO OR SICKNESS OR DEATH OF ANY PERSON CAUSED BY, ARISING OUT OF OR RELATED TO, DIRECTLY OR INDIRECTLY, ANY WORK OR OPERATIONS PERFORMED BY GRANTEE, AND ANY OF ITS SUBCONTRACTORS OR ANY OTHER PERSONS OR ENTITIES, UNDER CONTRACT TO GRANTEE, ON GRANTOR'S PROPERTY DESCRIBED HEREIN.**

Both Grantor and Grantee are duly authorized to execute this Right of Way Agreement and Easement through their duly authorized representatives, who have joined in the execution of this agreement.

It is agreed that this grant covers all of the agreements between the parties, and that no representations or statements, verbal or written, have been made modifying, adding to, or changing the terms of this agreement.

IN TESTIMONY WHEREOF, the Grantor and Grantee have executed this conveyance on the 30<sup>th</sup> day of October, 2001.

NORIT REAL ESTATE B.V

By: 

John Rectenwald, Agent

NORIT AMERICAS INC

By: 

THE STATE OF Georgia  
COUNTY OF Fulton

BEFORE ME, the undersigned authority, on this day personally appeared David A. Perry, known to me to be the person and officer whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for and on behalf of the said NORIT AMERICAS INC., for the purposes and considerations therein expressed, and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 29 day of October, 2001.

Joyce A. Alessi  
Notary Public in and for the  
State of Georgia

Notary Public, Fulton County, Georgia  
My Commission Expires November 19, 2001

THE STATE OF TEXAS  
COUNTY OF HARRISON

BEFORE ME, the undersigned authority, on this day personally appeared JOHN RECTENWALD, known to me to be the person and officer whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for and on behalf of the said NORIT REAL ESTATE B.V., for the purposes and considerations therein expressed, and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 30<sup>th</sup> day of October, 2001.

Deborah F. Fowler  
Notary Public in and for the  
State of Texas

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY SUPPLEMENTAL PERMIT INFORMATION FORM (SPIF)

## FOR AGENCIES REVIEWING DOMESTIC OR INDUSTRIAL TPDES WASTEWATER PERMIT APPLICATIONS

**TCEQ USE ONLY:**

Application type:  Renewal  Major Amendment  Minor Amendment  New

County: \_\_\_\_\_ Segment Number: \_\_\_\_\_

Admin Complete Date: \_\_\_\_\_

Agency Receiving SPIF:

Texas Historical Commission

U.S. Fish and Wildlife

Texas Parks and Wildlife Department

U.S. Army Corps of Engineers

**This form applies to TPDES permit applications only.** (Instructions, Page 53)

Complete this form as a separate document. TCEQ will mail a copy to each agency as required by our agreement with EPA. If any of the items are not completely addressed or further information is needed, we will contact you to provide the information before issuing the permit. Address each item completely.

**Do not refer to your response to any item in the permit application form.** Provide each attachment for this form separately from the Administrative Report of the application. The application will not be declared administratively complete without this SPIF form being completed in its entirety including all attachments. Questions or comments concerning this form may be directed to the Water Quality Division's Application Review and Processing Team by email at [WQ-ARPTeam@tceq.texas.gov](mailto:WQ-ARPTeam@tceq.texas.gov) or by phone at (512) 239-4671.

The following applies to all applications:

1. Permittee: Norit Americas Inc.

Permit No. WQ00 00703000

EPA ID No. TX 0000710

Address of the project (or a location description that includes street/highway, city/vicinity, and county):

300 University Ave., Marshall, Harrison, 75670

Provide the name, address, phone and fax number of an individual that can be contacted to answer specific questions about the property.

Prefix (Mr., Ms., Miss): Ms

First and Last Name: Lorrie Walker

Credential (P.E, P.G., Ph.D., etc.):

Title: SH&E Specialist

Mailing Address: 3200 University Ave.

City, State, Zip Code: Marshall, TX 75670

Phone No.: 903-690-5334 Ext.:  Fax No.:

E-mail Address: lorrie.walker@norit.com

2. List the county in which the facility is located: Harrison
3. If the property is publicly owned and the owner is different than the permittee/applicant, please list the owner of the property.

N/A

4. Provide a description of the effluent discharge route. The discharge route must follow the flow of effluent from the point of discharge to the nearest major watercourse (from the point of discharge to a classified segment as defined in 30 TAC Chapter 307). If known, please identify the classified segment number.

Point of discharge is Outfall 002 which discharges directly into the Sabine River (Segment 505). See Attachments A-6a1 - A-6a4.

5. Please provide a separate 7.5-minute USGS quadrangle map with the project boundaries plotted and a general location map showing the project area. Please highlight the discharge route from the point of discharge for a distance of one mile downstream. (This map is required in addition to the map in the administrative report).

Provide original photographs of any structures 50 years or older on the property.

Does your project involve any of the following? Check all that apply.

- Proposed access roads, utility lines, construction easements
- Visual effects that could damage or detract from a historic property's integrity
- Vibration effects during construction or as a result of project design
- Additional phases of development that are planned for the future

Sealing caves, fractures, sinkholes, other karst features

Disturbance of vegetation or wetlands

1. List proposed construction impact (surface acres to be impacted, depth of excavation, sealing of caves, or other karst features):

**The wastewater treatment system is existing and this permit action is for the renewal of permit WQ0000703000. No construction is proposed.**

2. Describe existing disturbances, vegetation, and land use:

**The area at the Norit Marshall site where the wastewater treatment plant is existing. The WWTP consists of two thickeners, one REW tank, and three ponds. The area where the thickeners and the REW tank have been developed. The three ponds are earthen and are routinely covered with vegetation. Other than the main plant area, all other Norit land within the contiguous area is undeveloped.**

THE FOLLOWING ITEMS APPLY ONLY TO APPLICATIONS FOR NEW TPDES PERMITS AND MAJOR AMENDMENTS TO TPDES PERMITS

3. List construction dates of all buildings and structures on the property:

N/A

4. Provide a brief history of the property, and name of the architect/builder, if known.

N/A

# MaTEXAS COMMISSION ON ENVIRONMENTAL QUALITY

## INDUSTRIAL WASTEWATER PERMIT APPLICATION TECHNICAL REPORT 1.0

The following information **is required** for all applications for a TLAP or an individual TPDES discharge permit.

For **additional information** or clarification on the requested information, please refer to the [Instructions for Completing the Industrial Wastewater Permit Application](#)<sup>1</sup> available on the TCEQ website. Please contact the Industrial Permits Team at 512-239-4671 with any questions about this form.

If more than one outfall is included in the application, provide applicable information for each individual outfall. **If an item does not apply to the facility, enter N/A** to indicate that the item has been considered. Include separate reports or additional sheets as **clearly cross-referenced attachments** and provide the attachment number in the space provided for the item the attachment addresses.

**NOTE:** This application is for an industrial wastewater permit only. Additional authorizations from the TCEQ Waste Permits Division or the TCEQ Air Permits Division may be needed.

### Item 1. Facility/Site Information (Instructions, Page 39)

- a. Describe the general nature of the business and type(s) of industrial and commercial activities. Include all applicable SIC codes (up to 4).

**Manufacturer of Activated Carbon via thermal lignite activation and washing and milling of activated carbon from offsite sources. SIC Codes: 2819, 3589**

- b. Describe all wastewater-generating processes at the facility.

**Wastewater is generated from air pollution control equipment (i.e. wet scrubbers), product washing processes, boiler blowdown, non-recycled condensate, and additional plant cleaning and maintenance activities. See Attachment T-1 (Wastewater Generating Processes), T-2 (Wastewater Flow Diagram, and T-3 (Water Balance).**

---

<sup>1</sup>  
[https://www.tceq.texas.gov/permitting/wastewater/industrial/TPDES\\_industrial\\_wastewater\\_st eps.html](https://www.tceq.texas.gov/permitting/wastewater/industrial/TPDES_industrial_wastewater_st eps.html)

c. Provide a list of raw materials, major intermediates, and final products handled at the facility.

**Materials List**

Raw Materials	Intermediate Products	Final Products
<b>Lignite</b> (CAS 129521-66-0)	<b>Lignite Furnace Product</b> (CAS 129521-66-0)	<b>Activated Carbon</b> (CAS 7440-44-0)
<b>Hydrochloric Acid</b> (CAS 7647-01-0)	<b>Activated Carbon (Various Sources)</b> (CAS 7440-44-0)	
<b>Sodium Hydroxide</b> (CAS 1310-73-2)		
<b>Hydrated Lime</b> (CAS 1305-62-0)		
<b>Inorganic Salts</b>		
<b>Activated Carbon</b> (CAS 7440-44-0)		

**Attachment: N/A**

d. Attach a facility map (drawn to scale) with the following information:

- Production areas, maintenance areas, materials-handling areas, waste-disposal areas, and water intake structures.
- The location of each unit of the WWTP including the location of wastewater collection sumps, impoundments, outfalls, and sampling points, if significantly different from outfall locations.

**Attachment: T-4**

e. Is this a new permit application for an existing facility?

- Yes       No

If yes, provide background discussion: [Click to enter text.](#)

f. Is/will the treatment facility/disposal site be located above the 100-year frequency flood level.

- Yes       No

List source(s) used to determine 100-year frequency flood plain: FEMA

If **no**, provide the elevation of the 100-year frequency flood plain and describe what protective measures are used/proposed to prevent flooding (including tail water and rainfall run-on controls) of the treatment facility and disposal area: N/A

**Attachment:** [Click to enter text.](#)

g. For **new** or **major amendment** permit applications, will any construction operations result in a discharge of fill material into a water in the state?

Yes     No     N/A (renewal only)

h. If **yes** to Item 1.g, has the applicant applied for a USACE CWA Chapter 404 Dredge and Fill permit?

Yes     No

If **yes**, provide the permit number: [Click to enter text.](#)

If **no**, provide an approximate date of application submittal to the USACE: [Click to enter text.](#)

## Item 2. Treatment System (Instructions, Page 40)

a. List any physical, chemical, or biological treatment process(es) used/proposed to treat wastewater at this facility. Include a description of each treatment process, starting with initial treatment and finishing with the outfall/point of disposal.

See Attachment T-1: Wastewater Generating Processes; Attachment T-2: Wastewater Flow Diagram; Attachment T-3: Water Balance.

b. Attach a flow schematic **with a water balance** showing all sources of water and wastewater flow into the facility, wastewater flow into and from each treatment unit, and wastewater flow to each outfall/point of disposal.

**Attachment:** T-3

## Item 3. Impoundments (Instructions, Page 40)

Does the facility use or plan to use any wastewater impoundments (e.g., lagoons or ponds?)

Yes     No

If **no**, proceed to Item 4. If **yes**, complete **Item 3.a** for **existing** impoundments and **Items 3.a - 3.e** for **new or proposed** impoundments. **NOTE:** See instructions, Pages 40-42, for additional information on the attachments required by Items 3.a - 3.e.

- a. Complete the table with the following information for each existing, new, or proposed impoundment. Attach additional copies of the Impoundment Information table, if needed.

**Use Designation:** Indicate the use designation for each impoundment as Treatment (T), Disposal (D), Containment (C), or Evaporation (E).

**Associated Outfall Number:** Provide an outfall number if a discharge occurs or will occur.

**Liner Type:** Indicate the liner type as Compacted clay liner (C), In-situ clay liner (I), Synthetic/plastic/rubber liner (S), or Alternate liner (A). **NOTE:** See instructions for further detail on liner specifications. If an alternate liner (A) is selected, include an attachment that provides a description of the alternate liner and any additional technical information necessary for an evaluation.

**Leak Detection System:** If any leak detection systems are in place/planned, enter Y for yes. Otherwise, enter N for no.

**Groundwater Monitoring Wells and Data:** If groundwater monitoring wells are in place/planned, enter Y for yes. Otherwise, enter N for no. Attach any existing groundwater monitoring data.

**Dimensions:** Provide the dimensions, freeboard, surface area, storage capacity of the impoundments, and the maximum depth (not including freeboard). For impoundments with irregular shapes, submit surface area instead of length and width.

**Compliance with 40 CFR Part 257, Subpart D:** If the impoundment is required to be in compliance with 40 CFR Part 257, Subpart D, enter Y for yes. Otherwise, enter N for no.

**Date of Construction:** Enter the date construction of the impoundment commenced (mm/dd/yy).

**Impoundment Information**

Parameter	Pond #1	Pond #2	Pond #3	Pond #4
Use Designation: (T) (D) (C) or (E)	T	T	T	T
Associated Outfall Number	N/A	N/A	N/A	002
Liner Type (C) (I) (S) or (A)	C	C	C	S
Alt. Liner Attachment Reference				
Leak Detection System, Y/N	N	N	N	Y
Groundwater Monitoring Wells, Y/N	Y	Y	Y	N
Groundwater Monitoring Data Attachment	Attachment T-5	Attachment T-5	Attachment T-5	N/A
Pond Bottom Located Above The Seasonal High-Water Table, Y/N	Y	Y	Y	Y
Length (ft)	620	724	940	
Width (ft)	550	581	488	
Max Depth From Water Surface (ft), Not Including Freeboard	20	20-32	20	17

Freeboard (ft)	-	-	-	0 - 4
Surface Area (acres)	-	-	-	53.7
Storage Capacity (gallons)	41E+06	54E+06	54E+06	184E+06
40 CFR Part 257, Subpart D, Y/N	N	N	N	N
Date of Construction				1998

**Attachment:** [Click to enter text.](#)

The following information (**Items 3.b – 3.e**) is required only for **new or proposed** impoundments.

b. For new or proposed impoundments, attach any available information on the following items. If attached, check **yes** in the appropriate box. Otherwise, check **no** or **not yet designed**.

1. Liner data

Yes     No     Not yet designed

2. Leak detection system or groundwater monitoring data

Yes     No     Not yet designed

3. Groundwater impacts

Yes     No     Not yet designed

**NOTE:** Item b.3 is required if the bottom of the pond is not above the seasonal high-water table in the shallowest water-bearing zone.

**Attachment:** [Click to enter text.](#)

**For TLAP applications: Items 3.c – 3.e are not required,** continue to Item 4.

c. Attach a USGS map or a color copy of original quality and scale which accurately locates and identifies all known water supply wells and monitor wells within ½-mile of the impoundments.

**Attachment:** [Click to enter text.](#)

d. Attach copies of State Water Well Reports (e.g., driller's logs, completion data, etc.), and data on depths to groundwater for all known water supply wells including a description of how the depths to groundwater were obtained.

**Attachment:** [Click to enter text.](#)

e. Attach information pertaining to the groundwater, soils, geology, pond liner, etc. used to assess the potential for migration of wastes from the impoundments or the potential for contamination of groundwater or surface water.

**Attachment:** [Click to enter text.](#)

## Item 4. Outfall/Disposal Method Information (Instructions, Page 42)

Complete the following tables to describe the location and wastewater discharge or disposal operations for each outfall for discharge, and for each point of disposal for TLAP operations.

If there are more outfalls/points of disposal at the facility than the spaces provided, copies of pages 6 and/or numbered accordingly (i.e., page 6a, 6b, etc.) may be used to provide information on the additional outfalls.

**For TLAP applications:** Indicate the disposal method and each individual irrigation area **I**, evaporation pond **E**, or subsurface drainage system **S** by providing the appropriate letter designation for the disposal method followed by a numerical designation for each disposal area in the space provided for **Outfall** number (e.g. **E1** for evaporation pond 1, **I2** for irrigation area No. 2, etc.).

### Outfall Longitude and Latitude

Outfall No.	Latitude (Decimal Degrees)	Longitude (Decimal Degrees)
002	32.388889	94.466667

### Outfall Location Description

Outfall No.	Location Description
002	Outlet of 10" pipe approximately 16,000 ft upstream of SH 43 bridge on Sabine River

### Description of Sampling Point(s) (if different from Outfall location)

Outfall No.	Description of sampling point
002	The sample station, which consists of a composite auto sampler, is located 45-65 feet from #4 Pond.

### Outfall Flow Information - Permitted and Proposed

Outfall No.	Permitted Daily Avg Flow (MGD)	Permitted Daily Max Flow (MGD)	Proposed Daily Avg Flow (MGD)	Proposed Daily Max Flow (MGD)	Anticipated Discharge Date (mm/dd/yy)
002	2.0	4.0	2.0	4.0	Currently operating

**Outfall Discharge - Method and Measurement**

Outfall No.	Pumped Discharge? Y/N	Gravity Discharge? Y/N	Type of Flow Measurement Device Used
002	Y	N	Magnetic flow

**Outfall Discharge - Flow Characteristics**

Outfall No.	Intermittent Discharge? Y/N	Continuous Discharge? Y/N	Seasonal Discharge? Y/N	Discharge Duration (hrs/day)	Discharge Duration (days/mo)	Discharge Duration (mo/yr)
002	N	Y	N	24	31	12

**Outfall Wastestream Contributions**

**Outfall No. 002**

Contributing Wastestream	Volume (MGD)	Percent (%) of Total Flow
Air Pollution Control	1.96	78.4
Washing (Product)	0.30	12
Steam Activation	0.10	4
Drying (Product)	0.10	4
Laboratory	0.01	0.4
Storm Water	0.03	1.2

Outfall No. [Click to enter text.](#)

Contributing Wastestream	Volume (MGD)	Percent (%) of Total Flow

Attachment: [Click to enter text.](#)

## Item 5. Blowdown and Once-Through Cooling Water Discharges (Instructions, Page 43)

a. Indicate if the facility currently or proposes to:

- Yes  No      Use cooling towers that discharge blowdown or other wastestreams
- Yes  No      Use boilers that discharge blowdown or other wastestreams
- Yes  No      Discharge once-through cooling water

**NOTE:** If the facility uses or plans to use cooling towers or once-through cooling water, Item 12 is required.

b. If **yes** to any of the above, attach an SDS with the following information for each chemical additive.

- Manufacturers Product Identification Number
- Product use (e.g., biocide, fungicide, corrosion inhibitor, etc.)
- Chemical composition including CASRN for each ingredient
- Classify product as non-persistent, persistent, or bioaccumulative
- Product or active ingredient half-life
- Frequency of product use (e.g., 2 hours/day once every two weeks)
- Product toxicity data specific to fish and aquatic invertebrate organisms
- Concentration of whole product or active ingredient, as appropriate, in wastestream.

In addition to each SDS, attach a summary of the above information for each specific wastestream and the associated chemical additives. Specify which outfalls are affected.

**Attachment:** T-6

c. Cooling Towers and Boilers

If the facility currently or proposes to use cooling towers or boilers that discharge blowdown or other wastestreams to the outfall(s), complete the following table.

**Cooling Towers and Boilers**

Type of Unit	Number of Units	Daily Avg Blowdown (gallons/day)	Daily Max Blowdown (gallons/day)
Cooling Towers	N/A	N/A	N/A
Boilers	6	165,000	200,000

**Item 6. Stormwater Management (Instructions, Page 44)**

Will any existing/proposed outfalls discharge stormwater associated with industrial activities, as defined at 40 CFR § 122.26(b)(14), commingled with any other wastestream?

Yes  No

If **yes**, briefly describe the industrial processes and activities that occur outdoors or in a manner which may result in exposure of the activities or materials to stormwater: Stormwater could be exposed to the following processes and activities as they occur outside or may result in exposure. Material transfer occurs outside via trucks or trains. Transfer of material between areas of the plant can occur. Lignite and activated carbon can be stored in piles outside. Fuel transfer, both into the sites fuel tanks and into equipment from the tanks also occurs. Some maintenance and cleanup activities occur which could expose stormwater to contaminants. Material can fall from enclosed conveyance systems which could also be exposed to stormwater.

**Item 7. Domestic Sewage, Sewage Sludge, and Septage Management and Disposal (Instructions, Page 44)**

**Domestic Sewage** - Waste and wastewater from humans or household operations that is discharged to a wastewater collection system or otherwise enters a treatment works.

- a. Check the box next to the appropriate method of domestic sewage and domestic sewage sludge treatment or disposal. Complete Worksheet 5.0 or Item 7.b if directed to do so.
  - Domestic sewage is routed (i.e., connected to or transported to) to a WWTP permitted to receive domestic sewage for treatment, disposal, or both. Complete Item 7.b.
  - Domestic sewage disposed of by an on-site septic tank and drainfield system. Complete Item 7.b.
  - Domestic and industrial treatment sludge ARE commingled prior to use or disposal.
  - Industrial wastewater and domestic sewage are treated separately, and the respective sludge IS NOT commingled prior to sludge use or disposal. Complete Worksheet 5.0.
  - Facility is a POTW. Complete Worksheet 5.0.
  - Domestic sewage is not generated on-site.
  - Other (e.g., portable toilets), specify and Complete Item 7.b: [Click to enter text.](#)
- b. Provide the name and TCEQ, NPDES, or TPDES Permit No. of the waste-disposal facility which receives the domestic sewage/septage. If hauled by motorized vehicle, provide the name and TCEQ Registration No. of the hauler.

Domestic Sewage Plant/Hauler Name

Plant/Hauler Name	Permit/Registration No.
City of Marshall	TX Permit 10583002

### Item 8. Improvements or Compliance/Enforcement Requirements (Instructions, Page 45)

- a. Is the permittee currently required to meet any implementation schedule for compliance or enforcement?  
 Yes  No
- b. Has the permittee completed or planned for any improvements or construction projects?  
 Yes  No
- c. If **yes** to either 8.a or 8.b, provide a brief summary of the requirements and a status update: [Click to enter text.](#)

### Item 9. Toxicity Testing (Instructions, Page 45)

Have any biological tests for acute or chronic toxicity been made on any of the discharges or on a receiving water in relation to the discharge within the last three years?

Yes  No

If **yes**, identify the tests and describe their purposes: WET Limit 40% (Parameter 22414 – 48-hr acute for *Daphnia pulex* and *Pimephales promelas*).

Additionally, attach a copy of all tests performed which **have not** been submitted to the TCEQ or EPA. **Attachment:** N/A

### Item 10. Off-Site/Third Party Wastes (Instructions, Page 45)

- a. Does or will the facility receive wastes from off-site sources for treatment at the facility, disposal on-site via land application, or discharge via a permitted outfall?

Yes  No

If **yes**, provide responses to Items 10.b through 10.d below.

If **no**, proceed to Item 11.

- b. Attach the following information to the application:

- List of wastes received (including volumes, characterization, and capability with on-site wastes).
- Identify the sources of wastes received (including the legal name and addresses of the generators).
- Description of the relationship of waste source(s) with the facility's activities.

**Attachment:** [Click to enter text.](#)

c. Is or will wastewater from another TCEQ, NPDES, or TPDES permitted facility commingled with this facility's wastewater after final treatment and prior to discharge via the final outfall/point of disposal?

- Yes       No

If **yes**, provide the name, address, and TCEQ, NPDES, or TPDES permit number of the contributing facility and a copy of any agreements or contracts relating to this activity.

**Attachment:** [Click to enter text.](#)

d. Is this facility a POTW that accepts/will accept process wastewater from any SIU and has/is required to have an approved pretreatment program under the NPDES/TPDES program?

- Yes       No

If **yes**, **Worksheet 6.0** of this application is required.

## Item 11. Radioactive Materials (Instructions, Page 46)

a. Are/will radioactive materials be mined, used, stored, or processed at this facility?

- Yes       No

If **yes**, use the following table to provide the results of one analysis of the effluent for all radioactive materials that may be present. Provide results in pCi/L.

### Radioactive Materials Mined, Used, Stored, or Processed

Radioactive Material Name	Concentration (pCi/L)

b. Does the applicant or anyone at the facility have any knowledge or reason to believe that radioactive materials may be present in the discharge, including naturally occurring radioactive materials in the source waters or on the facility property?

- Yes       No

If **yes**, use the following table to provide the results of one analysis of the effluent for all radioactive materials that may be present. Provide results in pCi/L. Do not include information provided in response to Item 11.a.

### Radioactive Materials Present in the Discharge

Radioactive Material Name	Concentration (pCi/L)

## Item 12. Cooling Water (Instructions, Page 46)

a. Does the facility use or propose to use water for cooling purposes?

- Yes  
 No  
 Decommissioned: 2005  
 To Be Decommissioned: [Click to enter text.](#)

If **yes**, complete Items 12.b thru 12.f. If **no**, stop here.

If **decommissioned**, provide the date operation ceased and stop here.

If to **be decommissioned**, provide the date operation is anticipated to cease and stop here.

b. Cooling water is/will be obtained from a groundwater source (e.g., on-site well).

- Yes       No

If **yes**, stop here. If **no**, continue.

c. Cooling Water Supplier

- Provide the name of the owner(s) and operator(s) for the CWIS that supplies or will supply water for cooling purposes to the facility.

### Cooling Water Intake Structure(s) Owner(s) and Operator(s)

<b>CWIS ID</b>				
<b>Owner</b>				
<b>Operator</b>				

- Cooling water is/will be obtained from a Public Water Supplier (PWS)

- No       Yes; PWS No.: [Click to enter text.](#)

If **no**, continue. If **yes**, provide the PWS Registration No. and stop here.

- Cooling water is/will be obtained from a reclaimed water source?

- No       Yes; Auth No.: [Click to enter text.](#)

If **no**, continue. If **yes**, provide the Reuse Authorization No. and stop here.

- Cooling water is/will be obtained from an Independent Supplier

- No       Yes; AIF: [Click to enter text.](#)

If **no**, proceed to Item 12.d. If **yes**, provide the actual intake flow of the Independent Supplier's CWIS that is/will be used to provide water for cooling purposes and proceed.

d. 316(b) General Criteria

- The CWIS(s) used to provide water for cooling purposes to the facility has or will have a cumulative design intake flow of 2 MGD or greater.

- Yes       No

2. At least 25% of the total water withdrawn by the CWIS(s) is/will be used at the facility exclusively for cooling purposes on an annual average basis.
- Yes       No

3. The CWIS(s) withdraw(s)/propose(s) to withdraw water for cooling purposes from surface waters that meet the definition of Waters of the United States in *40 CFR § 122.2*.
- Yes       No. Explanation: [Click to enter text.](#)

If **no**, provide an explanation of how the waterbody does not meet the definition of Waters of the United States in *40 CFR § 122.2*.

If **yes** to all three questions in Item 12.d, the facility **meets** the minimum criteria to be subject to the full requirements of Section 316(b) of the CWA. Proceed to **Item 12.f**.

If **no** to any of the questions in Item 12.d, the facility **does not meet** the minimum criteria to be subject to the full requirements of Section 316(b) of the CWA; however, a determination is required based upon BPJ. Proceed to **Item 12.e**.

- e. The facility does not meet the minimum requirements to be subject to the fill requirements of Section 316(b) **and uses/proposes to use cooling towers**.
- Yes       No

If **yes**, stop here. If **no**, complete Worksheet 11.0, Items 1.a, 1.b.1-3 and 6, 2.b.1, and 3.a to allow for a determination based upon BPJ.

f. Oil and Gas Exploration and Production

1. The facility is subject to requirements at 40 CFR Part 435, Subparts A or D.
- Yes       No

If **yes**, continue. If **no**, skip to Item 12.g.

2. The facility is an existing facility as defined at 40 CFR § 125.92(k) or a new unit at an existing facility as defined at 40 CFR § 125.92(u).
- Yes       No

If **yes**, complete Worksheet 11.0, Items 1.a, 1.b.1-3 and 6, 2.b.1, and 3.a to allow for a determination based upon BPJ. If **no**, skip to Item 12.g.3.

g. Compliance Phase and Track Selection

1. Phase I - New facility subject to 40 CFR Part 125, Subpart I
- Yes       No

If **yes**, check the box next to the compliance track selection, attach the requested information, and complete Worksheet 11.0, Items 2 and 3, and Worksheet 11.2.

- Track I - AIF greater than 2 MGD, but less than 10 MGD
- Attach information required by *40 CFR §§ 125.86(b)(2)-(4)*.
- Track I - AIF greater than 10 MGD
- Attach information required by *40 CFR § 125.86(b)*.

Track II

- Attach information required by 40 CFR § 125.86(c).

**Attachment:** [Click to enter text.](#)

2. Phase II - Existing facility subject to 40 CFR Part 125, Subpart J

Yes     No

If **yes**, complete Worksheets 11.0 through 11.3, as applicable.

3. Phase III - New facility subject to 40 CFR Part 125, Subpart N

Yes     No

If **yes**, check the box next to the compliance track selection and provide the requested information.

Track I - Fixed facility

- Attach information required by 40 CFR § 125.136(b) and complete Worksheet 11.0, Items 2 and 3, and Worksheet 11.2.

Track I - Not a fixed facility

- Attach information required by 40 CFR § 125.136(b) and complete Worksheet 11.0, Item 2 (except CWIS latitude/longitude under Item 2.a).

Track II - Fixed facility

- Attach information required by 40 CFR § 125.136(c) and complete Worksheet 11.0, Items 2 and 3.

## Item 13. Permit Change Requests (Instructions, Page 48)

This item is only applicable to existing permitted facilities.

a. Is the facility requesting a **major amendment** of an existing permit?

Yes     No

If **yes**, list each request individually and provide the following information: 1) detailed information regarding the scope of each request and 2) a justification for each request. Attach any supplemental information or additional data to support each request.

[Click to enter text.](#)

b. Is the facility requesting any **minor amendments** to the permit?

Yes     No

If **yes**, list and describe each change individually.

Click to enter text.

c. Is the facility requesting any **minor modifications** to the permit?

- Yes     No

If **yes**, list and describe each change individually.

Norit is requesting a change in the required 24-hour biomonitoring from *Daphnia pulex* to *Daphnia magna*. During the 2021 permit renewal process, the TCEQ permit engineer inadvertently switched the biomonitoring from *D. magna* to *D. pulex*. The change was not noticed during the draft permit review. Per previous communications between the TCEQ and the laboratory who performs the testing, this can be rectified by an internal TCEQ permit amendment.

### Item 14. Laboratory Accreditation (Instructions, Page 49)

All laboratory tests performed must meet the requirements of *30 TAC Chapter 25, Environmental Testing Laboratory Accreditation and Certification*, which includes the following general exemptions from National Environmental Laboratory Accreditation Program (NELAP) certification requirements:

- The laboratory is an in-house laboratory and is:
  - periodically inspected by the TCEQ; or
  - located in another state and is accredited or inspected by that state; or
  - performing work for another company with a unit located in the same site; or
  - performing pro bono work for a governmental agency or charitable organization.
- The laboratory is accredited under federal law.
- The data are needed for emergency-response activities, and a laboratory accredited under the Texas Laboratory Accreditation Program is not available.
- The laboratory supplies data for which the TCEQ does not offer accreditation.

The applicant should review *30 TAC Chapter 25* for specific requirements.

The following certification statement shall be signed and submitted with every application. See the *Signature Page* section in the Instructions, for a list of designated representatives who may sign the certification.

CERTIFICATION:

I certify that all laboratory tests submitted with this application meet the requirements of *30 TAC Chapter 25, Environmental Testing Laboratory Accreditation and Certification*.

**RE: Norit Americas, Inc. - Marshall Plant  
Wastewater Permit WQ0000703000 Public Notice Information  
Customer No.: CN600356372  
Regulated Entity No.: RN102609724**

Dear Ms. Ellis:

Per your letter dated April 7, 2026, regarding the information needed for the continued processing of the permit application for the renewal of permit WQ0000703000 at the Marshall, Texas Plant, Norit Americas, Inc. (Norit) is providing this response to address the requested information.

Regarding the portion of the NORI included in your letter, the following item(s) were found to be incorrect.

- The company name was changed in April 2022. The correct company name is Norit Americas, Inc. Cabot is no longer associated with the site. It appears that previous updates via the CORE Data Form did not get provided to the Waste Quality Division. We have provided a copy of the Amendment to Registration filed with the Texas Secretary of State executed on April 20, 2022. See Attachment 1.
- The above change affects two locations on the NORI. The first is in the first sentence immediately after the word: Application. The second appears in the last sentence of the NORI. Both have been struck through to denote the change. See Attachment 2
- We have noticed the location on the link in the draft NORI for the wastewater permit is not the same as being used for the air permits. However, it is in the general location of the wastewater treatment plant. If the Water Quality Division does not require the location to be the same as the air quality permits, then the location is acceptable and the coordinates on the copy of the most recent CORE Data Form that is included can be ignored.

As stated in item 2 of your letter, a Spanish version of the public notice is required. A copy is provided in Attachment 3. In addition, the same information can be found in the attached Microsoft Word document. The date the notice was issued has not been completed, but will be completed once the TCEQ indicates the NORI is ready to be issued. The version in this document retains the red, italics for an ease of review. The attached Microsoft Word document has had the formatting changed to have these areas changed to black, normal font.

If you have any questions or comments, please contact me at 903-690-5334 or via email at [lorrie.walker@norit.com](mailto:lorrie.walker@norit.com).

Sincerely,

*Lorrie Walker*

Lorrie Walker, SHE Specialist

**Amendment to Registration filed with the Texas Secretary of State**

**Form 406  
(Revised 05/11)**

Submit in duplicate to:  
Secretary of State  
P.O. Box 13697  
Austin, TX 78711-3697  
512 463-5555  
FAX: 512/463-5709  
**Filing Fee: See instructions**

This space reserved for office use.

**Amendment to Registration**

**Entity Information**

1. The legal name of the filing entity is:

Cabot Norit Americas, Inc.

*State the name of the entity as currently shown in the records of the secretary of state.*

2. If the entity attained its registration under an assumed name, the qualifying assumed name as shown on the records of the secretary of state is:

3. The registration was issued to the entity on:

01/24/1994

*mm/dd/yyyy*

The file number issued to the filing entity by the secretary of state is:

9869306

**Amendments to Application**

4. The registration is amended to change the legal name of the entity as amended in the entity's jurisdiction of formation. The new name is:

Norit Americas, Inc.

5. The new name of the entity is not available for use in Texas or fails to include an appropriate organizational designation. Or, the entity wishes to amend the qualifying assumed name stated on its application for registration or amended registration. The assumed name the entity elects to adopt for purposes of maintaining its registration is:

6. The registration is amended to change the business or activity stated in its application for registration or amended registration. The business or activity that the entity proposes to pursue in this state is:

The entity certifies that it is authorized to pursue the same business or activity under the laws of the entity's jurisdiction of formation.

### Other Changes to the Application for Registration

7. The foreign filing entity desires to amend its application for registration to make changes other than or in addition to those stated above. Statements contained in the original application or any amended application are identified by number or description and changed to read as follows:

### Effectiveness of Filing (Select either A, B, or C.)

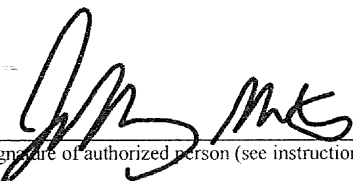

- A.  This document becomes effective when the document is filed by the secretary of state.
- B.  This document becomes effective at a later date, which is not more than ninety (90) days from the date of signing. The delayed effective date is: \_\_\_\_\_
- C.  This document takes effect upon the occurrence of a future event or fact, other than the passage of time. The 90<sup>th</sup> day after the date of signing is: \_\_\_\_\_

The following event or fact will cause the document to take effect in the manner described below:

### Execution

The undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument and certifies under penalty of perjury that the undersigned is authorized under the provisions of law governing the entity to execute the filing instrument.

Date: 4/20/22

**Corrected English NORI**

**APPLICATION.** ~~Cabot~~ Norit Americas, Inc. P.O. Box 790, Marshall, Texas 75671, which owns an activated carbon manufacturing facility, has applied to the Texas Commission on Environmental Quality (TCEQ) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0000703000 (EPA I.D. No. TX0000710) to authorize the discharge of treated wastewater and stormwater at a volume not to exceed a daily average flow of 2,000,000 gallons per day. The facility is located at 3200 University Avenue, near the city of Marshall, in Harrison County, Texas 75670. The discharge route is from the plant site via Outfall 002 directly to the Sabine River Above Toledo Bend Reservoir. TCEQ received this application on March 26, 2026. The permit application will be available for viewing and copying at Marshall Public Library, library shelf, 300 South Alamo, Marshall, Texas prior to the date this notice is published in the newspaper. The application and associated notices are available electronically at the following webpage: <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.4,32.534444&level=18> Further information may also be obtained from ~~Cabot~~ Norit Americas, Inc. at the address stated above or by calling Ms. Lorrie Walker, SH&E Specialist, at 903-690-5334.

## Comisión de Calidad Ambiental del Estado de Texas

### AVISO DE RECIBO DE LA SOLICITUD Y EL INTENTO DE OBTENER PERMISO PARA LA CALIDAD DEL AGUA RENOVACION

PERMISO NO. WQ0000703000

**SOLICITUD.** *Norit Americas, Inc., P.O. Box 790, Marshall Texas y planta de fabricación de carbon activado*, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ) para renovar el Permiso No. *WQ000070300* (EPA I.D. No. TX *0000710*) del Sistema de Eliminación de Descargas de Contaminantes de Texas (TPDES) para autorizar la descarga de aguas residuales tratadas en un volumen que no sobrepasa un flujo promedio diario de *caudal medio diario de 2,000,000 de galones por día*. La planta está ubicada *3200 Avenida Universitaria* en el Condado de *Marshall, Texas 75670*. La ruta de descarga es del sitio de la planta a *través del emisario 002 directamente al rio Sabine, aguas arriba de embalse de Toledo Bend*. La TCEQ recibió esta solicitud el *26 de marzo de 2026*. La solicitud para el permiso estará disponible para leerla y copiarla en *Biblioteca pública de Marshall, estantería de la biblioteca, 300 South Alamo, Marshall, Texas* antes de la fecha de publicación de este aviso en el periódico. La solicitud y los avisos asociados están disponibles electrónicamente en la siguiente página web: <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>. Este enlace a un mapa electrónico de la ubicación general del sitio o de la instalación es proporcionado como una cortesía y no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <https://gisweb.tceq.texas.gov/LocationMapper/?marker=-94.4,32.534444&level=18>

**AVISO DE IDIOMA ALTERNATIVO.** El aviso de idioma alternativo en español está disponible en <https://www.tceq.texas.gov/permitting/wastewater/pending-permits/tpdes-applications>.

**AVISO ADICIONAL.** El Director Ejecutivo de la TCEQ ha determinado que la solicitud es administrativamente completa y conducirá una revisión técnica de la solicitud.

Después de completar la revisión técnica, el Director Ejecutivo puede preparar un borrador del permiso y emitirá una Decisión Preliminar sobre la solicitud. **El aviso de la solicitud y la decisión preliminar serán publicados y enviado a los que están en la lista de correo de las personas a lo largo del condado que desean recibir los avisos y los que están en la lista de correo que desean recibir avisos de esta solicitud. El aviso dará la fecha límite para someter comentarios públicos.**

**COMENTARIO PUBLICO / REUNION PUBLICA.** Usted puede presentar comentarios públicos o pedir una reunión pública sobre esta solicitud. El propósito de una reunión pública es dar la oportunidad de presentar comentarios o hacer preguntas acerca de la solicitud. La TCEQ realiza una reunión pública si el Director Ejecutivo determina que hay un grado de interés público suficiente en la solicitud o si un legislador local lo pide. Una reunión pública no es una audiencia administrativa de lo contencioso.

**OPORTUNIDAD DE UNA AUDIENCIA ADMINISTRATIVA DE LO CONTENCIOSO.**

Después del plazo para presentar comentarios públicos, el Director Ejecutivo considerará todos los comentarios apropiados y preparará una respuesta a todo los comentarios públicos esenciales, pertinentes, o significativos. **A menos que la solicitud haya sido referida directamente a una audiencia administrativa de lo contencioso, la respuesta a los comentarios y la decisión del Director Ejecutivo sobre la solicitud serán enviados por correo a todos los que presentaron un comentario público y a las personas que están en la lista para recibir avisos sobre esta solicitud. Si se reciben comentarios, el aviso también proveerá instrucciones para pedir una reconsideración de la decisión del Director Ejecutivo y para pedir una audiencia administrativa de lo contencioso.** Una audiencia administrativa de lo contencioso es un procedimiento legal similar a un procedimiento legal civil en un tribunal de distrito del estado.

**PARA SOLICITAR UNA AUDIENCIA DE CASO IMPUGNADO, USTED DEBE INCLUIR EN SU SOLICITUD LOS SIGUIENTES DATOS:** su nombre, dirección, y número de teléfono; el nombre del solicitante y número del permiso; la ubicación y distancia de su propiedad/actividad con respecto a la instalación; una descripción específica de la forma cómo usted sería afectado adversamente por el sitio de una manera no común al público en general; una lista de todas las cuestiones de hecho en disputa que usted presente durante el período de comentarios; y la declaración "[Yo/nosotros] solicito/solicitamos una audiencia de caso impugnado". Si presenta la petición para una audiencia de caso impugnado de parte de un grupo o asociación, debe identificar una persona que representa al grupo para recibir

**correspondencia en el futuro; identificar el nombre y la dirección de un miembro del grupo que sería afectado adversamente por la planta o la actividad propuesta; proveer la información indicada anteriormente con respecto a la ubicación del miembro afectado y su distancia de la planta o actividad propuesta; explicar cómo y porqué el miembro sería afectado; y explicar cómo los intereses que el grupo desea proteger son pertinentes al propósito del grupo.**

Después del cierre de todos los períodos de comentarios y de petición que aplican, el Director Ejecutivo enviará la solicitud y cualquier petición para reconsideración o para una audiencia de caso impugnado a los Comisionados de la TCEQ para su consideración durante una reunión programada de la Comisión.

La Comisión sólo puede conceder una solicitud de una audiencia de caso impugnado sobre los temas que el solicitante haya presentado en sus comentarios oportunos que no fueron retirados posteriormente. **Si se concede una audiencia, el tema de la audiencia estará limitado a cuestiones de hecho en disputa o cuestiones mixtas de hecho y de derecho relacionadas a intereses pertinentes y materiales de calidad del agua que se hayan presentado durante el período de comentarios. Si ciertos criterios se cumplen, la TCEQ puede actuar sobre una solicitud para renovar un permiso sin proveer una oportunidad de una audiencia administrativa de lo contencioso.**

**LISTA DE CORREO.** Si somete comentarios públicos, un pedido para una audiencia administrativa de lo contencioso o una reconsideración de la decisión del Director Ejecutivo, la Oficina del Secretario Principal enviará por correo los avisos públicos en relación con la solicitud. Además, puede pedir que la TCEQ ponga su nombre en una o más de las listas correos siguientes (1) la lista de correo permanente para recibir los avisos del solicitante indicado por nombre y número del permiso específico y/o (2) la lista de correo de todas las solicitudes en un condado específico. Si desea que se agregue su nombre en una de las listas designe cual lista(s) y envía por correo su pedido a la Oficina del Secretario Principal de la TCEQ.

**INFORMACIÓN DISPONIBLE EN LÍNEA.** Para detalles sobre el estado de la solicitud, favor de visitar la Base de Datos Integrada de los Comisionados en [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Para buscar en la base de datos, utilizar el número de permiso para esta solicitud que aparece en la parte superior de este aviso.

**CONTACTOS E INFORMACIÓN A LA AGENCIA.** Todos los comentarios públicos y solicitudes deben ser presentadas electrónicamente vía

<http://www14.tceq.texas.gov/epic/eComment/> o por escrito dirigidos a la Comisión de Texas de Calidad Ambiental, Oficial de la Secretaría (Office of Chief Clerk), MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Tenga en cuenta que cualquier información personal que usted proporcione, incluyendo su nombre, número de teléfono, dirección de correo electrónico y dirección física pasarán a formar parte del registro público de la Agencia. Para obtener más información acerca de esta solicitud de permiso o el proceso de permisos, llame al programa de educación pública de la TCEQ, gratis, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

También se puede obtener información adicional del *Norit Americas, Inc.* a la dirección indicada arriba o llamando a *Ms. Lorrie Walker* al *903-690-5334*.

Fecha de emisión: *[Date notice issued]*
