## Public Involvement Plan Form for Permit and Registration Applications

The Public Involvement Plan is intended to provide applicants and the agency with information about how public outreach will be accomplished for certain types of applications in certain geographical areas of the state. It is intended to apply to new activities; major changes at existing plants, facilities, and processes; and to activities which are likely to have significant interest from the public. This preliminary screening is designed to identify applications that will benefit from an initial assessment of the need for enhanced public outreach.

All applicable sections of this form should be completed and submitted with the permit or registration application. For instructions on how to complete this form, see TCEQ-20960-inst.

### Section 1. Preliminary Screening

- New Permit or Registration Application  
 New Activity - modification, registration, amendment, facility, etc. (see instructions)

If neither of the above boxes are checked, completion of the form is not required and does not need to be submitted.

### Section 2. Secondary Screening

- Requires public notice,  
 Considered to have significant public interest, and  
 Located within any of the following geographical locations:
- Austin
  - Dallas
  - Fort Worth
  - Houston
  - San Antonio
  - West Texas
  - Texas Panhandle
  - Along the Texas/Mexico Border
  - Other geographical locations should be decided on a case-by-case basis

If all the above boxes are not checked, a Public Involvement Plan is not necessary.  
Stop after Section 2 and submit the form.

- Public Involvement Plan not applicable to this application. Provide brief explanation.

Due to Lack of Public Interest.

### Section 3. Application Information

Type of Application (check all that apply):

Air  Initial  Federal  Amendment  Standard Permit  Title V

Waste  Municipal Solid Waste  Industrial and Hazardous Waste  Scrap Tire  
 Radioactive Material Licensing  Underground Injection Control

Water Quality

- Texas Pollutant Discharge Elimination System (TPDES)
- Texas Land Application Permit (TLAP)
- State Only Concentrated Animal Feeding Operation (CAFO)
- Water Treatment Plant Residuals Disposal Permit
- Class B Biosolids Land Application Permit
- Domestic Septage Land Application Registration

Water Rights New Permit

- New Appropriation of Water
- New or existing reservoir

Amendment to an Existing Water Right

- Add a New Appropriation of Water
- Add a New or Existing Reservoir
- Major Amendment that could affect other water rights or the environment

### Section 4. Plain Language Summary

Provide a brief description of planned activities.

## Section 5. Community and Demographic Information

Community information can be found using EPA's EJ Screen, U.S. Census Bureau information, or generally available demographic tools.

**Information gathered in this section can assist with the determination of whether alternative language notice is necessary. Please provide the following information.**

(City)

(County)

(Census Tract)

Please indicate which of these three is the level used for gathering the following information.

City

County

Census Tract

(a) Percent of people over 25 years of age who at least graduated from high school

(b) Per capita income for population near the specified location

(d) Percent of Linguistically Isolated Households by language within the specified location

(e) Languages commonly spoken in area by percentage

(f) Community and/or Stakeholder Groups

(g) Historic public interest or involvement

### Section 6. Planned Public Outreach Activities

(a) Is this application subject to the public participation requirements of Title 30 Texas Administrative Code (30 TAC) Chapter 39?

Yes  No

(b) If yes, do you intend at this time to provide public outreach other than what is required by rule?

Yes  No

If Yes, please describe.

**If you answered "yes" that this application is subject to 30 TAC Chapter 39, answering the remaining questions in Section 6 is not required.**

(c) Will you provide notice of this application in alternative languages?

Yes  No

**Please refer to Section 5. If more than 5% of the population potentially affected by your application is Limited English Proficient, then you are required to provide notice in the alternative language.**

If yes, how will you provide notice in alternative languages?

- Publish in alternative language newspaper
- Posted on Commissioner's Integrated Database Website
- Mailed by TCEQ's Office of the Chief Clerk
- Other (specify)

(d) Is there an opportunity for some type of public meeting, including after notice?

**COMPLETION DATE:**

Original: November 13, 2018

Current: December 31, 2024

Proposed: December 31, 2026

5. **Reason(s) for delay and why the proposed dates requested are necessary**

Under 30 TAC 295.72(b) the applicant must include\* why the extension should be granted and why the permit should not be forfeited if the commission finds that sufficient due diligence to begin and/or complete construction of the authorized project has not been demonstrated. Reasonable causes for delay include, but are not limited to, the operation of legal proceedings or other causes which were not within the reasonable control of the permittee and which were reasonably unforeseeable at the time of the appropriation or the last extension. Financial hardship shall not, by itself, constitute sufficient cause for the granting of an extension. Notice of the application, if required, will also indicate that the Commission will consider whether the appropriation shall be forfeited by the applicant, if the extension is denied.

*\* Please provide a statement setting forth the reasons why construction work could not be commenced or completed in the space below or attach a statement entitled*

**“Reasons Why Construction Work Could not be Commenced or Completed.”**

As indicated to TCEQ staff at the time of permit issuance, JM LLC did not expect to complete these projects by November 2018 due to the massive volumes of dirt required to construct each of these ponds.

Reclamation of the subject areas continues. The five ponds approved in this permit are at various stages of construction. None of the ponds require construction of embankments. Remaining construction consists of completion of slopes and pond volumetrics, inlets, spillways, and bypass structures. Under the applicable mining permits issued by the Railroad Commission of Texas (RCT), the design of the bypass structures will be required to be submitted, reviewed and approved as permanent structures. This may add as much as 6 months time to the completion of each structure.

Since our last extension request, the RCT has placed additional time constraints on completing final reclamation in different areas of the mine by a particular date. We have had to schedule our equipment to meet these deadlines which has taken time away from completing the footprints of the mine where our permanent water rights ponds are located.

6. **Application Fees**

(Please make checks payable to the Texas Commission on Environmental Quality or TCEQ)

A. All requests for extension of time require payment of the following fees:

Type	Description	Amount (\$)
Filing Fee	Circle fee correlating to the total amount of water requested for any new appropriation and/or impoundment. Enter corresponding fee under Amount (\$).	500.00
	<b>In Acre-Feet</b>	
	a. Less than 100	\$100.00
	b. 100 - 5,000	\$250.00
	c. 5,001 - 10,000	\$500.00
	d. 10,001 - 250,000	\$1,000.00
	e. More than 250,000	\$2,000.00
Recording Fee		\$12.50
<b>TOTAL</b>		<b>\$512.50</b>

B. Extensions of time that require mailed and published notice require additional fees. Mailed and published notice of the application is required if a new beginning date for construction is more than four years past the original issue date of the water right, or a new completion date for construction is more than five years past the original completion date. If the application requires mailed and published notice, pay the following fees in addition to the fees in section (A) above:

Type	Description	Amount (\$)
Extension Fee	Pursuant to 30 TAC §295.138, extension fees are equivalent to one-time use fees established under §295.133 not to exceed \$1,000. Enter corresponding extension fee under Amount (\$). Using the one-time use fees as follows:	\$1,000.00
	<b>Agriculture Use Fee</b> - Only for those with an Irrigation Use. Multiply 50¢ x _____ Number of acres that will be irrigated with State Water.	
	<b>Use Fee</b> - Required for all Use Types, excluding Irrigation Use. Multiply \$1.00 x _____ Maximum annual diversion of State Water in acre-feet.
