Re: Natural Dairy Grower Land, LP
App. No. 12-3636C

Mr. Schauer,

Attached please find the response to the RFI dated October 16, 2020 for the above referenced application. Please call or email me if you have any questions.

Respectfully Submitted,

Richard George

RFI Response:

1. The state and regional water plans generally do not address every possible change in individual water rights. The application is consistent with the 2016 Region G Water Plan and the 2017 State Water Plan because there is nothing in the plans that conflict with the application.
2. The applicant would like to withdraw the proposed off-channel storage as a use of the water in this application.
3. I'm guessing you meant Frank Volleman on this instead of Marcel Volleman. Attached please find the formation paperwork for Natural Dairy Grower Land, LP.
4. Attached please find a check for \$88.20 for the fees due.

**AGREEMENT OF LIMITED PARTNERSHIP OF
NATURAL DAIRY GROWER LAND, LP**

THE LIMITED PARTNERSHIP INTERESTS CREATED BY THIS AGREEMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES ACT OF THE STATE OF TEXAS AND MAY NOT BE SOLD, TRANSFERRED, PLEDGED, HYPOTHECATED OR OTHERWISE DISPOSED OF IN THE ABSENCE OF SUCH REGISTRATION OR AN EXEMPTION THEREFROM. THE SALE, TRANSFER, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF SUCH INTERESTS IS ALSO SUBJECT TO CERTAIN RESTRICTIONS WHICH ARE SET FORTH IN THIS AGREEMENT OF LIMITED PARTNERSHIP. DURING THE PERIOD IN WHICH SUCH LIMITED PARTNERSHIP INTERESTS ARE BEING OFFERED AND SOLD BY THE ISSUER, AND FOR A PERIOD OF NINE MONTHS FROM THE LAST SALE BY THE ISSUER OF ONE OF SUCH LIMITED PARTNERSHIP INTERESTS, ALL REALES OF ANY OF THE LIMITED PARTNERSHIP INTERESTS, BY ANY PERSON, MUST BE MADE ONLY TO THE PERSONS RESIDENT WITHIN THE STATE OF TEXAS WITHIN THE MEANING OF RULE 147 OF THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933. NO SALE, TRANSFER, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF ANY LIMITED PARTNERSHIP INTEREST WILL BE RECOGNIZED BY THE PARTNERSHIP UNLESS SUCH SALE, TRANSFER, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION IS MADE IN COMPLIANCE WITH ALL APPLICABLE PROVISIONS OF THIS AGREEMENT; OF THE SECURITIES ACT OF 1933, AS AMENDED; AND THE SECURITIES ACT OF THE STATE OF TEXAS, AS AMENDED, INCLUDING, WITHOUT LIMITATION, REGISTRATION UNDER SUCH ACTS IF REQUIRED UNDER THE PROVISIONS THEREOF.

THIS AGREEMENT OF LIMITED PARTNERSHIP (hereinafter referred to as the "Agreement"), is made effective as of January 1, 2012, by and between NATURAL DAIRY GROWER MANAGEMENT (GP), LLC, A Texas Limited Liability Company ("General Partner"), and Frank Volleman and Annette Volleman ("Limited Partners").

ARTICLE I
FORMATION, CERTIFICATES, TERM

1.1 Formation of Partnership. The parties hereto hereby form, pursuant to Chapters 151, 153 and 154 and Title 1, to the extent applicable to limited partnerships, of the Texas Business Organizations Code (hereinafter, as from time to time amended, referred to as the "TBOC"), a Limited Partnership, which organization is hereinafter referred to as the "Partnership." The rights, duties, status and liabilities of the Partners shall, except as hereinafter expressly stated to the contrary, be as provided for in the TBOC.

1.2 Certificate of Formation; Other Documents. The parties hereto shall execute, file, record and/or publish the Certificate of Formation and other documents conforming hereto, and take all other appropriate action to comply with all legal requirements for the formation of a Limited Partnership under the TBOC, and for its operation in the State of Texas. The Partnership shall not conduct any business until the filing and acknowledgment of filing of such Certificate of Formation.

1.3 Partnership Name. The business of the Partnership shall be conducted under the name of NATURAL DAIRY GROWER LAND, LP or such other name as the General Partner may select from time to time. The General Partner shall promptly execute, file, record and/or publish with the proper offices an assumed name certificate.

1.4 Registered Agent, Registered Address and Principal Office. The registered agent and registered office address for the Partnership in the State of Texas is: Frank Volleman, 600 CR 252, Gustine, Texas, 76455. The principal place of business of the Partnership shall be at 600 CR 252, Gustine, Texas, 76455, but substitute or additional places of business may be established at such other locations as may, from time to time, be determined by the General Partner. All records of the Partnership required by Section 153.551 of the TBOC will be maintained at the Principal Office.

1.5 Term of Partnership. The Partnership shall become effective upon the execution of this Agreement and the filing of the Certificate of Formation with the Secretary of State of the State of Texas, and shall remain effective until the Partnership is terminated pursuant to the TBOC.

1.6 Amendment to Certificate of Formation. The General Partner shall file amendments to the Certificate of Formation whenever required by the TBOC. If a General Partner is unwilling or unable to sign a required amendment to the Certificate of Formation, the amended Certificate of Formation may be signed by any remaining or successor General Partners. Each General Partner appoints his successor and any remaining General Partners, if any, as his attorney in fact to sign such amended Certificate of Formation.

ARTICLE II **DEFINITIONS**

Whenever used in this Agreement, the terms set forth below shall be defined as follows:

2.1 "Additional Capital Contribution" shall mean that amount of money or other property, if any, that the Partners may contribute to the Partnership for additional capital, if any, to be used for operating capital.

2.2 "Adjusted Capital Account Deficit" means, with respect to any Limited Partner, the deficit balance, if any, in such Limited Partner's capital account as of the end of the relevant fiscal year, after giving effect to the following adjustments:

(a) Credit to such capital account any amounts which such Limited Partner is obligated to restore pursuant to any provision of this Agreement or is deemed to be obligated to restore pursuant to Section 704 of the Code and the Regulations thereunder, and

(b) Debit to such capital account the items described in Sections 1.704-1(b)(2)(ii)(d)(4), (5) and (6) of the Regulations.

The foregoing definition of Adjusted Capital Account Deficit is intended to comply with the provisions of Section 1.704-1(b)(2)(ii)(d) of the Regulations and shall be interpreted consistently therewith.

2.3 "Affiliate" means, with respect to a Partner, any Person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or under common control with such Partners. The term "control," as used in this definition means, with respect to a Person that is a corporation, the right to exercise, directly or indirectly, more than ten percent (10%) of the voting rights attributable to the shares of the controlled corporation, and with respect to a Person that is not a corporation, the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of the controlled Person.

2.4 "Assignee" shall mean a Person who has acquired all or a portion of an interest in the Partnership by assignment or Transfer as of the date the assignment or Transfer of such interest becomes effective. An Assignee has only the rights granted to an assignee as provided by Subchapter F, Chapter 153 of the TBOC. An Assignee does not have the right to become a Partner, except as provided in this Agreement or unless all partners consent as provided by Section 153.253 of the TBOC. An Assignee shall have no right to any information or accounting of the affairs of the Partnership, shall not be entitled to inspect the books or records of the Partnership, and shall not have any of the rights of a General Partner or a Limited Partner under the TBOC or this Agreement. In addition, no Assignee of an interest in the Partnership shall have the right to assign any transferred interest except as otherwise provided in this Agreement.

2.5 "Capital Contribution" means the total contribution to the capital of the Partnership which a Partner is legally bound and obligated to make, which amount is designated as a Capital Contribution for such Partner pursuant to Article IV of this Agreement.

2.6 "Certificate of Formation" shall mean the Certificate of Formation of Limited Partnership to be filed on behalf of the Partnership as required by the appropriate provisions of Chapter 3 of the TBOC, and all amendments thereto and substitutions thereof.

2.7 "Code" means the Internal Revenue Code of 1986, as amended from time to time.

2.8 "Contribution Agreement" means, with respect to each of the Partners, the agreement respecting the original Capital Contribution to be made by, or on behalf of, each such Partner pursuant to Section 4.2 hereof, as described more fully in Section 4.3 hereof.

2.9 "Default Rate of Interest" shall mean the rate per annum equal to the lesser of (a) the Wall Street Journal prime rate as quoted in the money rates section of the Wall Street Journal which is also the base rate on corporate loans at large United States money center commercial banks as its prime commercial or similar reference interest rate, with adjustments to be made on the same date as any change in the rate, and (b) the maximum rate permitted by applicable law.

2.10 "Depreciation" means, for each fiscal year or other period, an amount equal to the depreciation, amortization or other cost recovery deduction allowable with respect to an asset for such year or other period; provided, however, that if the Gross Asset Value of an asset differs from its adjusted basis for federal income tax purposes at the beginning of such year or other period, Depreciation shall be an amount which bears the same ratio to such beginning Gross Asset Value as the federal income tax depreciation, amortization or other cost recovery deduction for such year or other period bears to such beginning adjusted tax basis; provided, further that if the federal income tax depreciation, amortization or other cost recovery deduction for such year is zero, Depreciation shall be determined with reference to such beginning Gross Asset Value using any reasonable method selected by the General Partner.

2.11 "Distributable Cash" shall mean, at the time of determination for any period (on the cash receipts and disbursements method of accounting), all Partnership cash derived from the conduct of the Partnership's business, including distributions from entities owned by the Partnership, cash from operations or investments, and cash from the sale or other disposition of Partnership property, other than (a) Capital Contributions with interest earned pending its utilization; (b) financing or other loan proceeds; (c) reserves for working capital; and (d) other amounts that the General Partner reasonably determines should be retained by the Partnership in accordance with the General Partner's discretion under section 6.1 hereof.

2.12 "General Partner" or "General Partners" shall mean all Persons designated as a General Partner on Exhibit "A" and any successor General Partners pursuant to the terms of this Agreement, but does not include any Person who has ceased to be a General Partner.

2.13 "Gross Asset Value" means, with respect to any asset, the asset's adjusted basis for federal income tax purposes, except as follows:

(a) The initial Gross Asset Value of any asset contributed by a Partner to the Partnership shall be the gross fair market value of such asset, as determined by the contributing Partner and the Partnership, provided that the initial Gross Asset Values of the assets contributed to the Partnership shall be as set forth in Exhibit "A", and provided further that if the contributing Partner is a General Partner, the determination of the fair market value of a contributed asset shall require the agreement of a majority in interest (at least 51% of the then outstanding ownership interest) of the Limited Partners (such agreement need not be in writing, and any such agreement will be presumed to have been made by the required percentage ownership interest unless there is clear and convincing evidence to the contrary), except that the determination of the fair market value of a contributed asset of a General Partner may, if such General Partner chooses, be made by written appraisal from a qualified appraiser, and such written appraisal shall control;

(b) The Gross Asset Values of all Partnership assets shall be adjusted to equal their respective gross fair market values, as determined by the General Partner, as of the following times: (1) the acquisition of an additional interest in the Partnership by any new or existing Partner in exchange for more than a *de minimis* Capital Contribution; (2) the distribution by the Partnership to a Partner of more than a *de minimis* amount of Partnership Property as consideration for an interest in the Partnership; and (3) the liquidation of the Partnership within the meaning of Section 1.704-1(b)(2)(ii)(g) of the Regulations; provided, however, that adjustments pursuant to clauses (1) and (2) above shall be made only if the General Partner reasonably determines that such adjustments are necessary or appropriate to reflect the relative economic interests of the Partners in the Partnership;

(c) The Gross Asset Value of any Partnership asset distributed to any Partner shall be the gross fair market value of such asset on the date of distribution; and

(d) The Gross Asset Values of Partnership assets shall be increased (or decreased) to reflect any adjustments to the adjusted basis of such assets pursuant to Code Section 734(b) or Code Section 743(b), but only to the extent that such adjustments are taken into account in determining the Partners' capital accounts pursuant to Section 1.704-1(b)(2)(iv)(m) of the Regulations and Section 5.2(c) hereof;

provided, however, that Gross Asset Values shall not be adjusted pursuant to this Section to the extent the General Partner determines that an adjustment pursuant to Section 2.13(b) hereof is necessary or appropriate in connection with a transaction that would otherwise result in an adjustment pursuant to this Section 2.13(d).

If the Gross Asset Value of an asset has been determined or adjusted pursuant to Section 2.13(a), 2.13(b), or 2.13(d) hereof, such Gross Asset Value shall thereafter be adjusted by the Depreciation taken into account with respect to such asset for purposes of computing Profits and Losses.

2.14 "Initial Capital Contribution" shall mean that amount of money or property initially contributed by the Partners as set forth in Exhibit "A" hereto.

2.15 "Limited Partner" or "Limited Partners" shall mean the Persons admitted to the Partnership as original, additional or substituted Limited Partners as reflected on Exhibit "A" as amended.

2.16 "Partner" or "Partners" shall mean individually a General Partner, or Limited Partner, or collectively the General Partners and the Limited Partners.

2.17 "Partnership Property" shall mean that property, real or personal, including but not limited to real estate, investment limited partnerships, cash, stocks, bonds and similar investments, which is contributed to or acquired by the Partnership.

2.18 "Person" shall mean any individual, business trust, registered limited liability partnership, association, limited liability company, government, governmental subdivision, governmental agency, governmental instrumentality, partnership, limited partnership, trust, estate, corporation, custodian, trustee, executor, administrator, nominee, or any other legal or commercial entity.

2.19 "Profits" or "Losses" means, for each fiscal year or other period, an amount equal to the Partnership's taxable income or loss for such year or period, determined in accordance with Code Section 703(a) (for this purpose, all items of income, gain, loss, or deduction required to be stated separately pursuant to Code Section 703(a)(1) shall be included in taxable income or loss), with the following adjustments:

(a) Any income of the Partnership that is exempt from federal income tax and not otherwise taken into account in computing Profits or Losses pursuant to this Section shall be added to such taxable income or loss;

(b) Any expenditures of the Partnership described in Code Section 705(a)(2)(B) or treated as Code Section 705(a)(2)(B) expenditures pursuant to Section 1.704-1(b)(2)(iv)(f) of the Regulations and not otherwise taken into account in computing Profits or Losses pursuant to this Section shall be subtracted from such taxable income or loss;

(c) In the event the Gross Asset Value of any Partnership asset is adjusted pursuant to Section 2.13(a) or Section 2.13(c) hereof, the amount of such adjustment shall be taken into account as gain or loss from the disposition of such asset for purposes of computing Profits or Losses;

(d) Gain or loss resulting from any disposition of Partnership Property, with respect to which gain or loss is recognized for federal income tax purposes, shall be computed by reference to the Gross Asset Value of the property disposed of, notwithstanding that the adjusted tax basis of such property differs from its Gross Asset Value;

(e) In lieu of the depreciation, amortization, and other cost recovery deductions taken into account in computing such taxable income or loss, there shall be taken into account Depreciation for such fiscal year or other period, computed in accordance with Section 2.10 hereof; and

(f) Notwithstanding any other provision in this Section, any items which are specially allocated pursuant to Section 5.2 or Section 5.3 hereof shall not be taken into account in computing Profits or Losses.

2.20 "Regulations" means the Income Tax Regulations, including Temporary Regulations, promulgated under the Code, as such regulations may be amended from time to time (including corresponding provisions of succeeding regulations).

2.21 "Securities Act" shall mean the Securities Act of 1933, as amended.

2.22 "Transfer" when used as a noun shall mean any voluntary or involuntary transfer, sale, pledge, hypothecation, assignment or other disposition, and as a verb shall mean voluntarily or involuntarily to transfer, sell, pledge, hypothecate, assign or otherwise dispose.

2.23 "Wholly Owned Affiliate" of any Person shall mean an Affiliate of such Person 100% of the voting stock or beneficial ownership of which is owned by such Person, directly or indirectly, through one or more Wholly Owned Affiliates, or by any Person who, directly or indirectly, owns 100% of the voting stock or beneficial ownership of such Person, and an Affiliate of such Person who, directly or indirectly, owns 100% of the voting stock or beneficial ownership of such Person.

ARTICLE III **PURPOSE**

3.1 Purposes of the Partnership. The purposes of the Partnership shall be (a) to own, hold, sell, develop, lease, dispose of, exchange, convert, manage, exercise voting rights with respect to, and otherwise exercise all of the rights, duties and obligations of an owner of the Partnership Property; (b) to reinvest, in any manner and in any real or personal property which the General Partner deems appropriate, all proceeds derived from the Partnership Property; (c) to invest the Partnership Property in any manner deemed reasonable by the General Partner, in any real or personal property; and (d) to conduct any other business or make any investment which a limited partnership may make without violating the TBOC or any other applicable law. It is intended that consolidation of investments through the limited partnership will provide centralized and cost effective management.

The secondary purpose of the limited partnership is to ensure management continuity for the Partnership Property, to provide management experience, participation, and succession of management to family members, and to share investment capital with family members by providing the means for them to acquire an interest in the family limited partnership.

3.2 Powers. The General Partner may make, enter into, deliver and perform all contracts, agreements or undertakings, pay all costs and expenses and perform all acts deemed appropriate by the General Partner to carry out the Partnership purposes, subject to the limitations of this Agreement and the TBOC.

3.3 Other Transactions of Partners.

(a) It is acknowledged that the Partners may in the future, from time to time, obtain additional opportunities to acquire property for investment, development or otherwise. Each Partner shall be free to acquire such interests in other property as such Partner may in such Partner's sole discretion deem desirable without having to offer interests in such property to the other Partners of this Partnership, and such action on the part of any Partner shall not be deemed a breach of any fiduciary relationship owed by that Partner to the other Partners or the Partnership. Participation in the Partnership shall not in any way act as a restraint on the other present or future business activities or investments of a Partner (or any Affiliate of a Partner), or any employee, officer, director, member, manager, or shareholder of a Partner, whether or not such activities are competitive with the business of the Partnership. As a result of this Agreement, no Partner (or Affiliate of any Partner) shall be obligated or bound to offer or present offered to them or the Partnership or any of the other Partners any business opportunity presented to or offered to them or the Partnership as a prerequisite to the acquisition of or investment in such business opportunity by such Partner (or any Affiliate of a Partner) or any employee, officer, director, member, manager, or shareholder of such Partner for its account or the account of others. In furtherance thereof, the Partners hereby agree that any business activity in which a Partner (or any Affiliate of a Partner), or any employee, officer, director, member, manager, or shareholder of a Partner engages, conducts, or participates outside the Partnership shall be conclusively deemed not to be a business activity in competition with, or an opportunity of the Partnership. Any such business or activity of a Partner (or any Affiliate of a Partner), or any employee, officer, director, member, manager, or shareholder of a Partner may be undertaken with or without prior notice to or participation therein by the Partnership or the other Partners. Each Partner and the Partnership hereby waive any right or claim such Partner or the Partnership may have against a Partner (or any Affiliate of a Partner), or any employee, officer, director, member, manager, or shareholder of a Partner with respect to such business or activity or the income or profits thereof.

(b) The Partnership may contract with any of the Partners or their Affiliates for the purchase of goods and services for the benefit of the Partnership at any time provided that the compensation paid to such Person shall be commensurate with rates prevailing for such services at the time such services are performed, and any charges so incurred shall be deemed expenses of the Partnership. The General Partner shall have the authority to enter into any transaction on behalf of the Partnership despite the fact that another party to the transaction may be (a) a trust of which a Partner is a trustee or beneficiary; (b) an estate of which a Partner is a personal representative or beneficiary; (c) a business controlled by one or more Partners or a business of which any Partner is also a director, officer or employee; (d) any Affiliate, employee, stockholder, associate, manager, partner, or business associate; (e) any Partner, acting individually; or (f) any relative of a Partner; provided the terms of the transaction are no less favorable than those the Partnership could obtain from unrelated third parties.

ARTICLE IV
CAPITAL CONTRIBUTIONS AND
SHARES OF PROFITS AND LOSSES

4.1 Ownership Percentages. The percentage interest of each Partner will be determined by dividing the balance of such Partner's capital account by the total of all of the capital accounts of all Partners. A Partner's percentage interest will be determinative of: (a) a Partner's ownership interest in the Partnership as an entity; (b) a Partner's interest in the distribution of Distributable Cash; (c) a Partner's allocable share of the items of Profits and Losses; and (d) a Partner's distributive share of cash and other property upon winding up of the Partnership.

4.2 Initial Capital Contributions. Receipt is hereby acknowledged for each Partner's Initial Capital Contribution.

4.3 Contribution Agreements. The Capital Contributions made by each of the Partners pursuant to Section 4.2 hereof shall be subject to the terms and provisions of the Contribution Agreement of each Partner referenced in Exhibit "C" attached hereto. The General Partner, on behalf of the Partnership, shall enter into the Contribution Agreements, and any agreement referred to therein, without requirement of any further act, approval, or vote of any other Person, and such agreements shall be deemed to satisfy all requirements of this Agreement.

4.4 Additional Capital Contributions. The Partners shall not be permitted to make Additional Capital Contributions to the Partnership without the consent of all of the Limited Partners.

4.5 Capital Accounts. A Partnership capital account shall be established for each Partner and shall be maintained at all times throughout the existence of the Partnership in a manner so as to correspond to the rules set forth in Article V. The amount in a Partner's capital account shall initially be the amount of such Partner's Initial Capital Contribution which shall be the fair market value of the assets such Partner contributed. A Partner's capital account shall be credited with its Additional Capital Contribution, and any other voluntary Capital Contribution made by such Partner when made, and such Partner's share of Partnership Profits. A Partner's capital account shall be decreased by the amount of money and the fair market value of property distributed to such Partner (net of liabilities securing such distributed property that the Partner is considered to assume or take subject to under Section 752 of the Code) and by the amount of losses allocated to such Partner, by such Partner's distributive share of the items described in Section 705(a)(1)(B) and 705(a)(2)(B) of the Code, and by other items of deduction specially allocated to such Partner. The capital accounts shall not bear interest. Additional Capital Contributions shall be recorded at the fair market value of the assets contributed by the Partner and the distributions to a Partner shall also be recorded at the fair market value of the assets distributed. The provisions in this Agreement regarding the formation and maintenance of capital accounts are intended to comply with Sections 1.704-1(b) and 1.704-1(c) of the Regulations and shall be interpreted and applied in a manner consistent with such Regulations. In the event the General Partner shall determine that it is prudent to modify the manner in which the Capital Accounts, or any debits or credits thereto (including, without limitation, debits or credits relating to liabilities which are secured by contributed or distributed property or which are assumed by the Partnership, the General Partner, or the Limited Partners), are computed in order to comply with such Regulations, the General Partner may make such modification, provided that it is not likely to have a material effect on the amounts distributable to any Person

pursuant to Article XI hereof upon the winding up of the Partnership. The General Partner also shall (a) make any adjustments that are necessary or appropriate to maintain equality between the Capital Accounts of the Partners and the amount of Partnership capital reflected on the Partnership's balance sheet, as computed for book purposes, in accordance with Section 1.704-1(b)(2)(iv)(g) of the Regulations, and (b) make any appropriate modifications in the event unanticipated events might otherwise cause this Agreement not to comply with Section 1.704-1(b) of the Regulations.

4.6 Limitation of Liability. No Limited Partner herein shall be liable for any sum of money in excess of the total sums which have been contributed and agreed to be contributed by such Limited Partner in this Agreement.

4.7 Return of Capital. No Partner shall have the right to withdraw, demand a return or reduce his Capital Contribution to the Partnership. In the event a return of or reduction in the capital account of a Partner is made, any amounts paid to such Partner shall be reduced by all costs, fees and other expenses incurred by the Partnership in facilitating such return of or reduction in capital.

4.8 Additional Operating Capital. No Partner shall have any obligation to make additional contributions of capital to the Partnership or make any loan to the Partnership, and no Partner shall have any liability to the Partnership or any other Partner by virtue of refusing to make any additional contributions of capital or loans to the Partnership.

4.9 Use of Contributions. The cash and property contributed by the Partners, initially being the aggregate amounts reflected on Exhibit "A," will be utilized by the Partnership for the purposes of the Partnership set forth in Article III.

4.10 Nature of Interests. All property owned by the Partnership, whether real or personal, tangible or intangible, shall be deemed to be owned by the Partnership as an entity. No Partner shall have any direct ownership of any Partnership property.

ARTICLE V **ACCOUNTING**

5.1 Profits and Losses. After giving effect to the special allocations set forth in Sections 5.2 and 5.3 hereof and subject to the limitations of Sections 5.1(a) and 5.1(b), Profits or Losses for any fiscal year shall be allocated among the Partners in proportion to their ownership interests in the Partnership.

(a) Notwithstanding the foregoing, the Losses allocated pursuant to this Section 5.1(a) shall not exceed the maximum amount of Losses that can be so allocated without causing any Limited Partners to have an Adjusted Capital Account Deficit at the end of any fiscal year. All Losses in excess of the limitations set forth in this Section 5.1(a) shall be allocated to the General Partner.

(b) In the event Losses have been allocated to the General Partner pursuant to Section 5.1(a) hereof, 100% of the Profits shall be allocated to the General Partner until the cumulative Profits allocated pursuant to this Section 5.1(b) for the current and all prior fiscal years are equal to the cumulative Losses allocated pursuant to Section 5.1(a) hereof for all prior fiscal years.

5.2 Special Allocations. The following special allocations shall be made in the following order:

(a) **Qualified Income Offset.** In the event any Limited Partner unexpectedly receives any adjustments, allocations or distributions described in Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6) of the Regulations, items of Partnership income and gain shall be specially allocated to each such Limited Partner in an amount and manner sufficient to eliminate, to the extent required by the Regulations, the Adjusted Capital Account Deficit of such Limited Partner as quickly as possible, provided that an allocation pursuant to this Section 5.2(a) shall be made only if and to the extent that such Limited Partner has an Adjusted Capital Account Deficit after all other allocations provided for in this Article V have been tentatively made as if this Section 5.2(a) were not in this Agreement.

(b) **Gross Income Allocation.** In the event any Limited Partner has a deficit capital account at the end of any Partnership fiscal year which is in excess of the sum of (1) the amount such Limited Partner is obligated to restore pursuant to any provision of this Agreement, and (2) the amount such Limited Partner is deemed to be obligated to restore, each such Limited Partner shall be specially allocated items of Partnership income and gain in the amount of such excess as quickly as possible, provided that an allocation pursuant to this Section 5.2(b) shall be made only if and to the extent that such Limited Partner has a deficit capital account in excess of such sum after all other allocations provided for in this Article V have been tentatively made as if Section 5.2(a) hereof and this Section 5.2(b) were not in this Agreement.

(c) **Section 754 Adjustments.** To the extent an adjustment to the adjusted tax basis of any Partnership asset pursuant to Code Section 734(b) or Code Section 743(b) is required, pursuant to Section 1.704-1(b)(2)(iv)(m)(2) or Section 1.704-1(b)(2)(iv)(m)(4) of the Regulations, to be taken into account in determining Capital Accounts, the amount of such adjustment to Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases such basis) and such gain or loss shall be specially allocated to the Partners in a manner consistent with the manner in which their Capital Accounts are required to be adjusted pursuant to such Section of the Regulations.

5.3 Curative Allocations. The General Partner shall have reasonable discretion, with respect to each Partnership fiscal year, to (a) apply the provisions of Sections 5.2(a) and 5.2(b) hereof in whatever order is likely to minimize the economic distortions that might otherwise result from such allocations, and (b) divide all allocations pursuant to Sections 5.2(a) and 5.2(b) hereof among the Partners in a manner that is likely to minimize such economic distortions.

5.4 Other Allocation Rules.

(a) For purposes of determining the Profits, Losses, or any other items allocable to any period, Profits, Losses, and any such other items shall be determined on a daily, monthly or other basis, as determined by the General Partner using any permissible method under Code Section 706 and the Regulations thereunder.

(b) All allocations to the Partners pursuant to this Article V shall, except as otherwise provided, be divided among them in proportion to the Partners' ownership interests in the Partnership.

(c) Except as otherwise provided in this Agreement, all items of Partnership income, gain, loss, deduction and any other allocations not otherwise provided for shall be divided among the Partners in the same proportions as they share Profits or Losses, as the case may be, for the year.

5.5 Tax Allocations: Code Section 704(c). In accordance with Code Section 704(c) and the Regulations thereunder, income, gain, loss, and deduction with respect to any property contributed to the capital of the Partnership shall, solely for tax purposes, be allocated among the Partners so as to account for any variation between the adjusted basis of such property to the Partnership for federal income tax purposes and its initial Gross Asset Value (computed in accordance with Section 2.13(a) hereof). In the event the Gross Asset Value of any Partnership asset is adjusted pursuant to Section 2.13(b) hereof, subsequent allocations of income, gain, loss and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Gross Asset Value in the same manner as under Code Section 704(c) and the Regulations thereunder. Any elections or other decisions relating to such allocations shall be made by the General Partner in any manner that reasonably reflects the purpose and intention of this Agreement. Allocations pursuant to this Section are solely for purposes of federal, state and local taxes and shall not affect, or in any way be taken into account in computing, any Person's Capital Account or share of Profits, Losses, other items or distributions pursuant to any provision of this Agreement.

5.6 Fiscal Year and Annual Accounting. The Partnership fiscal year shall be the calendar year. The Partnership books shall be kept on the cash receipts and disbursements method of accounting or in accordance with generally accepted accounting principles, at the discretion of the General Partner. The General Partner shall furnish to the Partners, on an annual basis, accounting reports reflecting Partnership income and expenses. In addition, the General Partner shall provide the Partners with the full annual Partnership tax return for the preceding year in a timely manner to comply with all Code reporting deadlines.

ARTICLE VI **DISTRIBUTIONS**

6.1 Distributions of Partnership Funds. Distributions of Distributable Cash shall be made in such amounts and at such times as may be determined at the sole discretion of the General Partner, as provided in this Section 6.1. Unless agreed in writing by a transferor and transferee, Distributable Cash allocable to a transferred Partnership interest which may have been transferred during any year shall be distributed to the holder of such Partnership interest who was recognized as the owner on the date of such distribution, without regard to the results of Partnership operations during the year. With regard to Distributable Cash and other Partnership Property, the General Partner shall make a determination, in accordance with such General Partner's duty of care and loyalty to the Partnership, as to the need for the Partnership Property in the operation of the Partnership business, considering current needs for operating capital, prudent reserves for future operating capital, current investment opportunities, and prudent reserves for future investment opportunities, all in keeping with the Partnership's purposes. It is the duty of the General Partner, in determining the amount of Distributable Cash available for the payment of distributions, to take into account the needs of the Partnership in its business and sums necessary in the operation of its business until the income from further

operations is available, the amounts of its debts, the necessity or advisability of paying its debts, or at least reducing such debts within the limits of the Partnership's credit, and the preservation of its capital as represented in the Partnership Property as a fund for the protection of its creditors. Any contributed Partnership Property or borrowed funds by the Partnership shall be considered as needed for Partnership investment purposes, and any cash produced from the sale of Partnership Property contributed to the Partnership or from the sale of any Partnership Property purchased with borrowed funds, or any reinvestment of any of the Partnership Property, including the portion of the sale proceeds representing capital appreciation, shall be considered as needed reserves for Partnership investment purposes. Any Distributable Cash derived from income may, to the extent deemed unnecessary for the purposes of the Partnership by the General Partner under the foregoing standard, be distributed in accordance with this Agreement.

6.2 Confidentiality of Information. Each Partner is entitled to all information under the circumstances and subject to the conditions stated in this Agreement and the TBOC. The Partners agree, however, that the General Partner or 80% of the then outstanding ownership interest of the Limited Partners may determine, due to contractual obligations, business concerns, or other considerations, that certain information regarding the business, affairs, Partnership Property, and financial condition of the Partnership shall be kept confidential and not provided to some or all of the Limited Partners or any Assignee, and that it is not just or reasonable for those Partners or Assignees or their representatives to examine or copy that information. In addition, the Partners acknowledge that they may receive information regarding the Partnership in the nature of trade secrets or that otherwise is confidential, the release of which may be damaging to the Partnership or Persons with which it does business. Each Partner shall hold in strict confidence any information it receives regarding the Partnership that is identified as being confidential (and if that information is provided in writing, that is so marked) and may not disclose it to any Person other than another Partner, except for disclosures compelled by law, or disclosures made to advisers or representatives of the Partner (if they have agreed to be bound by the provisions of this section). The Partners agree that the provisions of this section may be enforced by specific performance.

6.3 Loans. Any Person may, with the consent of the General Partner, lend or advance money to the Partnership. If any Partner shall make any loan or loans to the Partnership or advance money on its behalf, the amount of any such loan or advance shall not be treated as a Capital Contribution but shall be a debt due from the Partnership. The amount of any such loan or advance by a lending Partner shall be repayable out of the Partnership's cash and shall bear interest at such rate as the General Partner and the lending Partner shall agree but not in excess of the maximum rate permitted by law. If a General Partner, or an Affiliate of a General Partner, is the lending Partner, the rate of interest shall be determined by the General Partner taking into consideration, without limitation, prevailing interest rates and the interest rates such General Partner or an Affiliate of such General Partner would be required to pay in the event such General Partners or Affiliate of such General Partner had itself borrowed funds to loan or advance to the Partnership, and the terms and conditions of such loan, including the rate of interest, shall be no less favorable to the Partnership than if the lender had been an independent third party.

ARTICLE VII
POWERS, RIGHTS AND DUTIES OF GENERAL PARTNERS

7.1 Management. If there is only one General Partner, such General Partner shall be the Managing Partner. If there is more than one General Partner and no Managing Partner is serving, then 80% of the then outstanding ownership interest of the General Partners shall appoint a Managing Partner. A Managing Partner shall serve until the designation is revoked, until such Managing Partner is removed by vote of 51% of the then outstanding ownership interest of the General Partners, or until the Managing Partner ceases to serve for any other reason. If a Managing Partner is designated, the Managing Partner is authorized and directed to manage and control the assets and the business of the Partnership. The Managing Partner may exercise all of the powers which could be exercised by majority consent of the General Partners. It is understood and agreed that the Managing Partner shall consult and confer with the General Partners before taking any steps resulting in any substantial change in the operation or policies of the Partnership affairs, or the sale of any portion of the Partnership assets other than in the usual course of business, or in any manner which affects the Partnership business in a manner judged unusual by the Partners in the ordinary operation of the Partnership business. If a Managing Partner is serving as such, any reference to "General Partner" in this Agreement shall also include "Managing Partner" if applicable.

7.2 Successor General Partners. If there are multiple General Partners and one or more of them withdraws or ceases to serve for any reason and there is at least one remaining General Partner, the business of the Partnership is permitted to continue by the remaining General Partner without amendment to this Agreement. Prior to the withdrawal of all multiple General Partners or the withdrawal of a sole General Partner, additional General Partners may be appointed to serve as successor General Partners (each such General Partner is referred to herein as a "Designated Successor General Partner") by all of the remaining Partners acting unanimously. If a General Partner, serving alone, withdraws or ceases to serve for any reason and there are no Designated Successor General Partners remaining, then without amendment to this Agreement, the Limited Partners by vote of 66.67% of the outstanding ownership interests of the Limited Partners entitled to vote (excluding from such election any limited partnership interest controlled by the General Partner who brought about such withdrawal or cessation of service), may agree in writing to continue the business of the Partnership and to the appointment, effective as of the date of such event, of one or more General Partners. Any Designated Successor General Partner will not have the duties nor the liabilities of a General Partner until such time as the successor actually accepts and assumes the position of a General Partner. A General Partner who ceases to be a General Partner will not be personally liable for the debts and obligations of the Partnership incurred following the termination of service as a General Partner.

7.3 Resignation by General Partner. No General Partner shall have the right to withdraw from the Partnership before the Partnership is terminated. If such General Partner does attempt to withdraw as a General Partner, such attempt shall be considered a breach of this Agreement, and such General Partner's general Partnership interest shall convert to that of a Limited Partner.

7.4 Authority of General Partner. Subject to the limitations of this Agreement, and to the fiduciary obligations and limitations imposed upon the General Partner at law, the General Partner shall manage the day-to-day operations of the Partnership. The General Partner shall have the authority to take any action which the General Partner believes in good faith to be in furtherance of the Partnership business and purposes and to exercise all rights and powers

generally conferred by law in connection therewith. No Person dealing with the Partnership shall be required to inquire into, or obtain any consents or other documentation as to the authority of the General Partner to take any such action or to exercise any such rights or powers. Specifically:

(a) The General Partner shall have the right, power and authority on behalf of the Partnership:

(1) To receive and hold all Partnership Property in the name of the Partnership;

(2) To obtain and maintain such insurance as is deemed to be desirable and appropriate by the General Partner;

(3) To open, maintain, and close bank accounts, brokerage accounts and checking accounts in the name of the Partnership, to designate and change signatories on such accounts, and to draw checks and other orders for the payment of monies;

(4) To engage accountants, attorneys and any and all other agents and assistants, both professional and non-professional, which may include the General Partner, and to compensate them reasonably for services rendered;

(5) To collect all sums due to the Partnership;

(6) To prepare and file all tax returns of the Partnership and to make all elections for the Partnership thereunder;

(7) To the extent that funds of the Partnership are available therefor, to pay as they become due all debts and obligations of the Partnership;

(8) To sell, assign, lease, exchange, convert or otherwise transfer or dispose of all or part of the Partnership Property, on such terms and conditions as the General Partner may determine in the General Partner's sole discretion;

(9) To mortgage, pledge, grant a security interest in, or incur, renew, or refinance any indebtedness of the Partnership, on such terms and conditions as the General Partner may determine in the General Partner's sole discretion;

(10) To vote and exercise all other rights available to the holder of any securities included in the Partnership Property;

(11) To take any and all other action, including legal action, that the General Partner deems necessary, appropriate or advisable in furtherance of the Partnership's business and purposes; and

(12) To enter into any transaction on behalf of the Partnership despite the fact that another party to the transaction may be (i) a trust of which a Partner is a trustee or beneficiary; (ii) an estate of which a Partner is a personal representative or beneficiary; (iii) a business controlled by one or more Partners or a business of which any Partner is also a director, officer or employee; (iv) any

Affiliate, employee, stockholder, associate, manager, partner, or business associate; (v) any Partner, acting individually; or (vi) any relative of a Partner; provided the terms of the transaction are no less favorable than those the Partnership could obtain from unrelated third parties.

(b) The General Partner or his nominee shall hold legal title to the Partnership Property and shall have the sole authority to manage, deal with, negotiate and contract with respect to, and convey the Partnership Property on behalf of the Partnership.

(c) The General Partner shall act in good faith in the performance of the General Partner's obligations hereunder, but shall have no liability or obligation to any of the Limited Partners or the Partnership for any decision made or action taken in connection with the discharge of the General Partner's duties hereunder if such decision or action is made or taken in good faith and in the exercise of due care in connection with the Partnership business.

(d) The General Partner shall have the power to designate, from time to time, a depository of Partnership funds, and to draw upon the same for Partnership purposes.

(e) Any person dealing with the Partnership or the General Partner may rely on a certificate signed by the General Partner concerning:

(1) The identity of the General Partner or any other Partner;

(2) The existence or nonexistence of any fact or facts that constitute conditions precedent to acts by the General Partner or in any other manner germane to the business and affairs of the Partnership;

(3) The person or persons who are authorized to execute and deliver any instrument or document of the Partnership; or

(4) Any act or failure to act by the Partnership or concerning any other matter whatsoever involving the Partnership or any Partner.

7.5 Requirement of Unanimous Consent. The General Partner shall not have the authority to enter into any of the following transactions without the unanimous consent of all the Partners:

(a) Terminate, liquidate and wind up the Partnership, except as otherwise provided in this Agreement;

(b) Admit additional or substitute Partners, except as otherwise provided in this Agreement;

(c) Do any act that would make it impossible to carry on the purposes of the Partnership and business of the Partnership (provided, however, that the sale or other disposition of all or any Partnership Property shall not be deemed to be an act making it impossible for the Partnership to carry on its business);

(d) Engage in any business activity other than that which is consistent with the purposes of the Partnership;

(e) Amend this Agreement, except as otherwise provided in this Agreement.

7.6 Restrictions on General Partners. The General Partner will not have the authority to enter into any of the following transactions without the consent of 80% of the outstanding ownership interest of the Limited Partners:

(a) Prior to the actual termination of the Partnership, sell substantially all of the Partnership Property in liquidation or cessation of business;

(b) Compromise any claim or dispute having an amount or value in issue in excess of 50% of the total value of the Partnership Property;

(c) Confess a judgment against the Partnership;

(d) Do any act in violation of this Agreement;

(e) Make, execute or deliver any assignments for the benefit of creditors;

(f) Do any act for which the consent of the Limited Partners is required by the TBOC.

7.7 Dissolution or Bankruptcy of a Partner. On the dissolution, winding up, termination, or bankruptcy of a Partner, such Partner and his successors shall thereafter have the status of an Assignee and shall receive distributions to which such Assignee is entitled. For purposes of this Agreement, the bankruptcy of a Partner shall be deemed to have occurred upon the happening of any event described in subsections (4) and (5) of Section 153.155(a) of the TBOC.

7.8 Indemnification of the General Partners. The General Partners shall be jointly and severally indemnified and held harmless by the Partnership and by each other to the extent of each Partner's individual ownership in the Partnership from and against any and all claims, demands, liabilities, costs, damages and causes of action of any nature whatsoever, arising out of or incidental to the management of the Partnership affairs or to any Persons acting as an employee while in the course of managing the Partnership affairs; provided, however, that no General Partner shall be entitled to indemnification hereunder where the claim at issue is based upon any of the following:

(a) A matter entirely unrelated to such General Partner's management of the Partnership affairs.

(b) The proven gross negligence, misconduct, fraud or bad faith of such General Partner.

(c) The proven breach by such General Partner of any provisions of this Agreement.

The indemnification rights herein contained shall be cumulative of, and in addition to, any and all other rights, remedies, and resources to which the General Partner, shall be entitled, whether pursuant to some other provisions of this Agreement, at law or in equity. A General Partner will not have liability for loss of income from or decrease in the value of the property which was

retained in the form which such General Partner received it. In addition, the General Partner will not owe a fiduciary duty to the Partnership or to any Partner. The General Partner will owe a duty of loyalty and a duty of care to the Partnership. To the extent Texas law will permit, a General Partner who succeeds another will be responsible only for the property and records delivered by or otherwise acquired from the preceding General Partner, and may accept as correct the records of the preceding General Partner without duty to audit the records or to inquire further into the administration of the predecessor and without liability for a predecessor's errors or omissions.

7.9 General Partner with Interest as Limited Partner. If a General Partner has or acquires an interest in the Partnership as a Limited Partner, such General Partner will, with respect to such limited Partnership interest, enjoy all the rights and be subject to all of the obligations and duties of a Limited Partner. With respect to such General Partner's general Partnership interest, such General Partner will continue to enjoy all the rights and remain subject to all of the obligations and duties of a General Partner.

ARTICLE VIII **POWERS, RIGHTS AND DUTIES OF LIMITED PARTNERS**

8.1 Requirements for Admission of Transferee as Limited Partner. A transferee of an interest in the Partnership shall be admitted to the Partnership as a substituted Limited Partner only upon satisfaction of the conditions set forth in this Section:

(a) Execution of this Agreement or a counterpart of this Agreement, as provided in Exhibit "B" to this Agreement, and such other documents and instruments of conveyance as may be necessary or appropriate in the opinion of counsel to the Partnership to effect such Transfer and to confirm the agreement of the transferee to be bound by the provisions of this Agreement;

(b) Contribution of capital, if any, required by such transferee;

(c) Obtaining Consent from all of the Partners; and

(d) Acquisition of such interest by such transferee by means of a Permitted Transfer.

8.2 Power of Attorney. Each Limited Partner does irrevocably constitute and appoint the General Partner, as his or her true and lawful attorney in fact and agent, which power of attorney is hereby declared to be coupled with an interest, in his or her name, place and stead to execute, acknowledge and file (a) the original Certificate of Formation and any later certificate, to be executed in compliance with the requirements of law, to be filed in the Office of the Secretary of the State of Texas; (b) the original assumed name certificate, and any later assumed name certificate, to be executed in compliance with the requirements of law, to be filed in the appropriate County Clerk's office; (c) all instruments required to effectuate the winding up or termination of the Partnership. The power of attorney granted herein shall not terminate upon the death or disability of a Limited Partner. No Person need inquire further than this Agreement of Limited Partnership for other evidence or proof of the General Partner's right and authority to bind the Partnership.

8.3 Rights and Restrictions of Limited Partners.

(a) Except as otherwise limited by the terms and provisions contained in this Agreement, the Limited Partners shall have all of the rights, and be afforded the status, of limited partners as set forth in the TBOC. No Limited Partner shall have any right or power to (1) take part in the management or control of the Partnership or its business or affairs, (2) transact any business for the Partnership, or (3) sign for or bind the Partnership in any way.

(b) No Limited Partner shall have the right to withdraw from the Partnership. A Limited Partner will breach this Agreement if he (1) attempts to withdraw from the Partnership; (2) interferes in the management of the Partnership affairs; (3) engages in conduct which could result in the Partnership losing its tax status as a partnership; (4) engages in conduct that tends to bring the Partnership into disrepute; (5) breaches any confidentiality provisions of this Agreement; (6) fails to meet any commitment to the Partnership; or (7) owns a Partnership interest that becomes subject to a charging order, attachment, garnishment, or similar legal proceedings. A Limited Partner who is in breach of this Agreement shall be liable to the Partnership for damages caused by such breach. The Partnership may offset for the damages against any distributions or return of capital to the Limited Partner who has breached this Agreement.

(c) No Limited Partner shall have the right or power to cause the winding up or termination of the Partnership by court decree or otherwise.

(d) The Limited Partners shall refer all bona fide offers for the purchase or sale of all or any part of the Partnership Property to the General Partner for negotiation.

(e) Nothing contained herein to the contrary, no Limited Partner shall be liable for any of the debts or other obligations of the Partnership or for any of the losses thereof beyond the Initial Capital Contribution and any Additional Capital Contributions of such Limited Partner unless the Limited Partners expressly assume such liability.

(f) All Limited Partners hereby agree to execute any and all instruments that they may be required to execute by any purchaser of said property in order to effect a sale of the Partnership Property.

8.4 Removal of a General Partner. Notwithstanding any provision herein to the contrary, a General Partner may not be removed unless there is at least one remaining General Partner. The Limited Partners may remove a General Partner upon the vote of 80% of the then outstanding ownership interest of the Limited Partners. Written notice of such determination setting forth the effective date of such removal shall be served upon such General Partner, and as of the effective date, shall terminate all of such Person's rights and powers as a General Partner hereunder, except for any accrued rights to receive payments authorized by Article XI hereunder. Such Partner shall thereafter cease to be a General Partner, and the removed General Partner shall automatically become a Limited Partner, and such removed General Partner's partnership interest shall be converted to a limited partnership interest. The remaining General Partners shall continue the business of the Partnership. Notwithstanding the foregoing, if a General Partner is in material breach of such General Partner's obligations and does not cure, or commence and diligently prosecute the curing of, such breach within ninety (90) days after notice thereof by any of the Limited Partners, or if he has committed any act or omission of fraud or malfeasance to the injury of the Partnership, then such General Partner may be

removed upon agreement of 51% of the then outstanding ownership interest of the Limited Partners. For purposes of the preceding sentence, a General Partner shall be considered to be in material breach of such General Partner's obligations (1) if a court of last resort determines that such General Partner has committed an act of willful misconduct, gross negligence, or fraud; or (2) if a General Partner declares bankruptcy, becomes insolvent or terminated, or assigns all of such General Partner's assets for the benefit of such General Partner's creditors.

8.5 Investment Representations and Warranties of the Limited Partners. Each Limited Partner hereby represents and warrants with respect to such Limited Partner's execution of this Agreement (or by such Limited Partner's subscription and acceptance of this Agreement) and the interest in the Partnership to be acquired by him hereunder as follows:

(a) Such Limited Partner will not sell, assign or otherwise transfer such Limited Partner's interest in the Partnership to any Person except in accordance with this Agreement; such Limited Partner will obtain from any transferee of such Limited Partner's interest in the Partnership representations and warranties for the benefit of such Limited Partner and of the Partnership similar to those made in this Section and has made representations and warranties similar to those made in this Section;

(b) During the course of the discussion of this Agreement and prior to the execution thereof, such Limited Partner had adequate opportunity to ask questions of, and to receive answers from, the General Partner concerning the terms and conditions of this Agreement, the background and experience of the General Partner, the plans of the General Partner for the operation of the Partnership and all other matters related to this Agreement concerning which such Limited Partner desired to ask, and that such Limited Partner has asked and has had answered to the satisfaction of such Limited Partner all questions which such Limited Partner desired to ask;

(c) Such Limited Partner is acquiring the interest in the Partnership for investment and not with a view to a distribution thereof within the meaning of the Securities Act of 1933 and the Securities Act of the State of Texas;

(d) Such Limited Partner has such knowledge and experience in matters of finance, securities and investments, generally, that such Limited Partner is capable of evaluating the risks of entering into this Agreement;

(e) Such Limited Partner has experience and skill in investments based on actual participation;

(f) The General Partner has made available to such Limited Partner the opportunity to obtain any additional information necessary to verify the accuracy of the information given to such Limited Partner by the General Partner;

(g) Such Limited Partner has been informed by the General Partner that such Limited Partner may have to continue to bear the economic risk of entering into this Agreement for an indefinite period because of the restrictions on disposition of limited partnership interests in the Partnership;

(h) The limited partnership interest acquired pursuant to this Agreement will not be sold, transferred or encumbered in contravention to this Agreement;

(i) Such Limited Partner recognizes that the Partnership will be newly organized and has no history of operations or earnings and is of a speculative nature;

(j) Such Limited Partner understands that no state or Federal governmental authority has made any finding or determination relating to the fairness for public investment of the ownership interests offered by the Partnership and that no state or Federal government authority has or will recommend or endorse these said ownership interests;

(k) Such Limited Partner recognizes that prior to this offering there has been no public market for the ownership interests offered by the Partnership, and it is likely that after the offering there will be no such market for these interests;

(l) Such Limited Partner is financially able to comply with his obligations hereunder; and such Limited Partner has adequate means of providing for current financial needs and possible personal contingencies, exclusive of the investment of such Limited Partner in the Partnership;

(m) Such Limited Partner understands that the Internal Revenue Service (the "Service") may disallow some or all of the deductions to be claimed by the Partnership and that the Service may attempt to treat the Partnership as an association taxable as a corporation which could have an adverse economic effect on the Partners by (1) taxation at the Partnership level resulting in double taxation and no flow through of loss, and (2) substantial reduction in yield, if any, on the Partners' investment in the Partnership; and

(n) Such Limited Partner is aware that the General Partner may be or may engage in business which is competitive with that of the Partnership, and such Limited Partner agrees to such activities even though there are conflicts of interest inherent therein.

ARTICLE IX MANAGEMENT FEES AND OTHER EXPENSES

9.1 Management Fees. Except as provided in this Article, no Partner shall receive any salary, fee, or draw for services rendered to or on behalf of the Partnership, nor shall any Partner be reimbursed for any expenses incurred by such Partner on behalf of the Partnership. In connection with the conduct, operation and sale of the Partnership Property and the operation of the Partnership, the General Partner may charge the Partnership management fees for managing the Partnership and shall be reimbursed for any direct expenses reasonably incurred in connection with the Partnership's business; provided, however, that no such expense shall be incurred other than at a price which reflects a competitive market rate for such expense; and provided further, that no contract or arrangement entered into by a General Partner on behalf of the Partnership with such General Partner or an Affiliate shall be on terms less advantageous to the Partnership than that generally available from an unaffiliated third party. The General Partner shall not be required to devote full time to the affairs of the Partnership, but shall diligently and faithfully devote whatever time, effort, and skill may be necessary for the conduct of the Partnership's business, and shall perform all of the duties of a General Partner which are provided for in this Agreement and the TBOC.

9.2 Expenses. The General Partner may charge to the Partnership and pay or recover out of Partnership funds, as and when available, the following: All fees that may be required by applicable state or local authorities relating to the formation and operation of the Partnership or in compliance with the terms of this Agreement, including but not limited to, all filing fees for assumed name certificates, the Certificate of Formation and all amendments thereto, all reasonable expenses incurred by the General Partner in connection with the organization and formation of the Partnership, all reasonable expenses incurred by the General Partner to acquire, preserve, protect, or perfect the title to the Partnership Property or to operate and maintain such property, including, but not limited to, travel expenses, attorneys' fees, accountants' fees and court costs incurred in connection with such matters and any sums owed by the Partnership pursuant to any contract entered by the General Partner pursuant to its authority under this Agreement; the cost of public liability insurance carried in connection with the business of the Partnership; taxes on property of the Partnership; principal and interest, and any other amounts whatsoever owing on any indebtedness of the Partnership, or any part hereof, or any instruments securing any of same, together with any expenses incurred in connection with renewing or rearranging such or any other indebtedness incurred for the benefit of the Partnership deemed necessary by the General Partner; and normal closing costs reasonably incurred in the event of the lease, sale or other disposition of the Partnership Property.

ARTICLE X **TRANSFERS OF PARTNERSHIP INTERESTS**

10.1 Generally. Except as set forth herein, no Limited Partner may transfer all or any portion of such Partner's interest in the Partnership, without the prior consent of the General Partner, which consent may be granted or withheld in the sole discretion of the General Partner. Each Limited Partner agrees with the Partnership and all of the other Partners that such Limited Partner will not make or permit a disposition of all or any portion of its Partnership Interest in violation of the provisions of this Article X.

10.2 Permitted Transfers of Limited Partnership Interests. Notwithstanding any provisions in this Agreement, a Limited Partner may Transfer all or any part of the interest of such Limited Partner in the Partnership to: (a) the trustee of a trust created for the benefit of such Limited Partner or such Limited Partner's spouse, children or grandchildren; (b) any Wholly Owned Affiliate of such Limited Partner; (c) the guardian or legal representative of a Limited Partner as to whose estate a guardian or legal representative is appointed and to the executor or administrator of the estate of a deceased Limited Partner; (d) to any existing Limited Partner; (e) to any Person the Limited Partner wishes to transfer their interest, providing that such transfer is made within ninety (90) days of the limited partner acquiring the limited partnership interest to be transferred; or (f) to any other Person approved by all of the Partners (any such Transfer described above is referred to in this Agreement as a "Permitted Transfer"). A Permitted Transfer may be transferred for any amount of consideration that may be negotiated between the respective parties. To be a Permitted Transfer, in addition to meeting the other requirements in this Section, the Transfer must be in writing, the terms of which are not in contravention of any of the provisions of the Agreement, and the Transfer must be received by the General Partner and recorded on the books of the Partnership. Until the effective date of a Permitted Transfer, both the Partnership and the Partners shall be entitled to treat the assignor of the transferred interest as the absolute owner thereof in all respects. Upon the Transfer to a trust described in 10.2 (a) above, legal title shall rest in such trust, but such interest shall be subject to the same events and circumstances as if the transferring Limited Partner continued to own such interest, and said transferring Limited Partner shall continue to exercise all rights and

be liable for all duties imposed by this Agreement. If a transfer is made pursuant to Section 10.2 (e) or (f) and the Limited Partner making such transfer will be receiving consideration in return for making such transfer, then prior to approving such transfer, the Partnership shall have the option for thirty (30) days to acquire such interest upon the same price and terms as the Person to whom such interest is being transferred. Any Assignee of a Limited Partner under the terms of this Section shall be entitled to receive the share of the Partnership Profits, Losses and distributions to which the Limited Partner from or under whom such interest was acquired would have been entitled; however, any such Assignee shall not automatically become a substituted Limited Partner unless the conditions of Section 8.1 are satisfied.

10.3 Additional Restrictions on Transfers. Notwithstanding Section 10.2, no disposition by a Partner, whether voluntary or involuntary, shall be effective unless (a) the General Partner shall have received a favorable opinion of the Partnership's legal counsel, or of legal counsel acceptable to the General Partner (which opinion shall be rendered at the expense of the transferor), to the effect that such disposition will not (1) violate the Securities Act or the registration requirements of any applicable state securities laws; (2) cause the Partnership or the General Partner to be subjected to any additional regulatory requirement; (3) cause the Partnership to be deemed terminated pursuant to Section 708 of the Code; (4) violate the laws of any state or the rules or regulations of any government agency applicable to such disposition; or (5) result in the Partnership being treated as an association taxable as a corporation for federal income tax purposes.

10.4 Transfers of General Partnership Interests. Except as otherwise provided in this Agreement, additional General Partners shall not be admitted to the Partnership without the consent of all the Partners. Notwithstanding the foregoing, each General Partner may Transfer all but not less than all of its General Partner interest in the Partnership at any time to (a) any Person who is such General Partner's Wholly Owned Affiliate, or (b) to any Person who is approved by all of the Partners. A transferee of a General Partner's interest hereunder shall be admitted as a General Partner with respect to such General Partner's interest if, and only if, all of the other Partners consent to such admission. In the event that the transferee of a General Partner's interest is admitted hereunder, such transferee shall be deemed admitted to the Partnership as a General Partner immediately prior to the Transfer, and such transferee shall continue the business of the Partnership without winding up. A transferee who acquires a General Partner's interest hereunder by means of a Transfer that is permitted under this section, but who is not admitted as a General Partner, shall have no authority to act for or bind the Partnership, to inspect the Partnership's books, or otherwise to be treated as a General Partner.

10.5 Prohibited Transfers. Any purported Transfer by any Partner of an interest in the Partnership that is not a Permitted Transfer or a transfer permitted under Section 10.4 of this Agreement shall be null and void and of no effect whatever; provided that if the Partnership is required to recognize a Transfer that is not permitted (or if the Partnership, in its sole discretion, elects to recognize a Transfer that is not permitted), the interest transferred shall be strictly limited to the transferor's rights to allocations and distributions as provided by this Agreement with respect to the transferred interests, which allocations and distributions may be applied (without limiting any other legal or equitable rights of the Partnership) to satisfy any debts, obligations or liabilities for damages that the transferor or transferee of such interests may have to the Partnership. In the case of a Transfer or attempted Transfer of an interest that is not a Permitted Transfer or a transfer permitted under Section 10.4 of this Agreement, the parties engaging or attempting to engage in such Transfer shall be liable to indemnify and hold harmless the Partnership and the other Partners from all cost, liability, and damage that any of such indemnified Persons may incur (including, without limitation, incremental tax liability and

lawyers' fees and expenses) as a result of such Transfer or attempted Transfer and efforts to enforce the indemnity granted hereby.

10.6 Acquisition of an Interest Conveyed to Another Without Authority. If any Person acquires a Partnership Interest, or becomes an Assignee, as the result of an order of a court which the Partnership is required by law to recognize, if a Partner's interest in the Partnership is subjected to a lawful "charging order", or if a Partner makes an unauthorized Transfer of an interest in the Partnership, the Partnership will have the unilateral option to acquire the interest of the Assignee, or any fraction or part thereof, upon the following terms and conditions:

(a) The Partnership will have the option to acquire the interest by giving written notice to the Assignee of its intent to purchase within ninety (90) days from the date it is finally determined that the Partnership is required to recognize the Transfer. If the Partnership fails to exercise its option within such 90-day period, the remaining Partners shall have the option to acquire pro rata shares of such interest by giving written notice to the Assignee of their intent to purchase within ninety (90) days following the expiration of the expired 90-day option period held by the Partnership.

(b) The valuation date for the determination of the purchase price of the interest will be the first day of the month following the month in which the notice is delivered.

(c) Unless the Partnership and the Assignee agree otherwise, the purchase price for the interest, or any fraction to be acquired by the Partnership, shall be fifty percent (50%) of its fair market value as determined by a written valuation report prepared by a Person qualified to perform business valuations of partnerships and ownership interests in partnerships describing the value of the ownership interest in the Partnership. Such written valuation report shall take into account all appropriate discounts which are applicable to such interest. Payment for the cost of such valuation report shall be made by such Assignee. Closing of the sale will occur at the principal office of the Partnership at 10:00 a.m. on the first Tuesday of the month following the month in which the Appraisal is rendered. The purchase price paid by the Partnership shall be reduced by any costs or fees incurred by the Partnership in acquiring the interest of such Assignee.

(d) In order to reduce the burden upon the resources of the Partnership, the Partnership will have the option, to be exercised in writing delivered at closing, to pay its purchase money obligation in fifteen equal annual installments (or for a period of time equal to the remaining term of the Partnership if such period is less than fifteen years) with interest at the Default Rate of Interest. The first installment of principal, with interest, will be due and payable on the first day of the calendar year following closing, and subsequent annual installments, with accrued interest, will be due and payable on the first day of each succeeding calendar year until the entire amount of the obligation is paid. The Partnership will have the right to prepay all or any part of the purchase money obligation at any time without penalty.

(e) Neither the Assignee of an unauthorized Transfer nor the Partner causing the unauthorized Transfer shall have the right to vote on Partnership matters during the prescribed option period or, if the option to purchase is timely exercised, until the sale is closed.

10.7 Survival of Liabilities. It is expressly understood and agreed that no Transfer of a Partnership Interest, even if it subsequently results in the substitution of the Assignee as a Limited Partner herein, shall release the transferor or assignor from those liabilities as to the Partnership which survive such Transfer as a matter of law.

10.8 Partnership Interest Pledge or Encumbrance. No Partner may grant a security interest or otherwise pledge, hypothecate or encumber his interest in this Partnership or such Partner's distributions without the consent of all the Partners. It is understood that the Partners are under no obligation to give consent nor are they subject to liability for withholding consent.

10.9 Nonrecognition of an Unauthorized Transfer. The Partnership will not be required to recognize the interest of any transferee who has obtained a purported transferred interest as the result of a Transfer that is not authorized by this Agreement and the Transfer shall be null and void for all purposes. If there is doubt as to ownership of an interest in the Partnership or who is entitled to distributions or liquidating proceeds or other property, the General Partner may accumulate such property until the issue is resolved to the satisfaction of the General Partner.

ARTICLE XI **WINDING UP AND TERMINATION OF THE PARTNERSHIP**

11.1 Winding Up and Termination of the Partnership. The Partnership shall be immediately wound up upon the occurrence of any of the following (a "Liquidating Event"):

(a) The expiration of the term set forth in Section 1.5;

(b) The withdrawal or removal of a General Partner, the assignment by a General Partner of its entire interest in the Partnership, or any other event that causes a General Partner to cease to be a general partner under the TBOC, provided that any such event shall not constitute a Liquidating Event if the Partnership is continued pursuant to this Article.

(c) The express written agreement executed by all of the Partners; or

(d) Within a reasonable period of time, as determined by the General Partner, after the sale, condemnation, foreclosure or other similar disposition of all of the Partnership Property or upon the happening of any other event which makes it unlawful, impossible, or impractical to carry on the business of the Partnership.

11.2 Withdrawals; Reconstitution. Winding up may occur pursuant to Section 11.1(b) of this Agreement, but if there is a remaining General Partner or if the Limited Partners by vote of 66.67% of the outstanding ownership interests of the Limited Partners entitled to vote (excluding from such election any limited partnership interest controlled by the General Partner who brought about such event), agree in writing to continue the business of the Partnership and to the appointment, effective as of the date of such event, of one or more General Partners, the Partnership will be reconstituted and continued. A General Partner may have the power but not the right to withdraw at any time from the Partnership and cease to be a General Partner under the provisions of Section 153.155(b) of the TBOC by giving written notice to the other Partners. Any General Partner who withdraws or ceases to be a General Partner pursuant to Section

153.155(a) of the TBOC, before the expiration of the stated term of this Partnership violates this Agreement, and the Partnership may recover damages from the withdrawing General Partner, including the reasonable cost of obtaining replacement of the services the withdrawn Partner was obligated to perform, for breach of the Agreement. The Partnership may, in addition to pursuing any remedies otherwise available under applicable law, effect that recovery by offsetting those damages against the amount otherwise distributable to the withdrawing General Partner, reducing the Limited Partner's interest into which the withdrawing General Partner's interest may be converted under Section 153.158(a)(1) of the TBOC. Subject to the liability created under Section 153.155(b) of the TBOC, a General Partner who ceases to be a General Partner under Section 153.155(a) of the TBOC shall, at the option of the remaining General Partners or, if there are no remaining General Partners, at the option of a majority in interest (at least 51% of the then outstanding ownership interest) of the Limited Partners in a vote that excludes any Limited Partner interest held by the withdrawing General Partner, convert the interest in that General Partner's capital account, including such General Partner's share of Profits, Losses and distributions, to that of a Limited Partner; or pay to the withdrawn General Partner in cash or other Partnership property of equivalent value, or secure by bond approved by a court of competent jurisdiction, the fair market value of such General Partner's interest in the Partnership, less the damages caused by such General Partner's breach of this Agreement.

11.3 Final Accounting. Upon winding up of the Partnership, an accounting shall be made of the accounts of the Partnership, the account of each Partner thereof, and of the Partnership's assets, liabilities and operations, from the date of the last previous accounting to the date of such winding up.

11.4 Liquidation and Priorities on Distribution. If the Partnership is terminated under Section 11.1, then in such event the Managing Partner shall act as the Liquidating Trustee and shall liquidate the Partnership as herein provided.

(a) If there is no Managing Partner or if the Managing Partner declines or ceases to serve as Liquidating Trustee, the Liquidating Trustee shall be elected by agreement of those Partners whose percentage interests aggregate 80% percent of the ownership interests of the Partners. The General Partner shall execute such documents that are reasonably required to enable the Partner(s) to perform and function as Liquidating Trustee.

(b) The Liquidating Trustee shall proceed to liquidate the assets of the Partnership and the proceeds of such liquidation shall be applied to the Partners in the amount equal to the credit balances in their capital accounts so that the capital account of each Partner shall be brought to zero. For the purpose of determining distributions and liquidation, an Adjusted Capital Account Deficit will be considered to be a loan from the Partnership to a Partner. Said loan will be paid in cash within thirty (30) days after written demand therefor has been made by any of the other Partners. The balance, if any, will be paid to the Partners (both General and Limited), in an amount equal to each Partner's percentage interest in the Partnership, as determined immediately prior to the distribution of the credit balances of the Partner's capital accounts. Any property which is distributed in kind in liquidation shall be treated as if such property had been sold for its fair market value, the gain or losses from such property had been distributed to the Partners in accordance with the provisions herein, and the cash proceeds from the sale of such property had been distributed.

(c) After the foregoing distributions, this Agreement shall terminate and none of the parties shall have any further rights or obligations hereunder.

(d) If a disposition of the Partnership Property has been made on terms that produce a note or contract receivable to the Partnership, the dollar value attributable to each interest in such note or contract receivable distributed pursuant to this Section shall be, as to any distributee thereof, such distributee's pro rata portion of the face amount thereof, and the Liquidating Trustee shall be obliged to make a liquidating distribution in a fashion such that the Partners each are distributed a rateable share of cash items and a rateable share of receivables according to their respective total rights to liquidating distributions.

(e) Notwithstanding anything to the contrary set forth hereinabove, if, after the payment of current Partnership liabilities and obligations to the extent of the funds and/or properties available for that purpose, either any portion of a Partnership borrowing remains unpaid or the Liquidating Trustee determines that additional funds will be required to meet Partnership costs and expenses thereto incurred or for which the Partnership may become responsible, then the Liquidating Trustee shall be obligated to retain such required amounts, if available (or as when they become available), before any Partnership cash or property is distributed to any Partner.

11.6 Powers and Duties of Liquidating Trustee. Notwithstanding anything to the contrary contained in this Agreement, the Liquidating Trustee shall be entitled to exercise such of the powers and authorities granted to the General Partner under Article VII hereof as are necessary and appropriate for the winding up and termination of the Partnership, and also shall be subject to the duties and obligations imposed upon the General Partner under Article VII.

11.7 Indemnification of the Liquidating Trustee. The Liquidating Trustee shall be indemnified and held harmless by the Partnership from and against any and all claims, demands, liabilities, costs, damages and causes of action of any nature whatsoever, arising out of or incidental to the Liquidating Trustee taking any action authorized under, or within the scope of, this Article; provided, however, that the Liquidating Trustee shall be entitled to no indemnification hereunder where the claim at issue arose out of:

(a) A matter entirely unrelated to the Liquidating Trustee's acting under the provisions of this Article;

(b) The proven gross negligence, willful misconduct, fraud or bad faith of the Liquidating Trustee; or

(c) The proven breach of the Liquidating Trustee of its obligations under this Article.

The indemnification rights herein contained shall be cumulative of, and in addition to, any and all other rights, remedies, and resources to which the Liquidating Trustee shall be entitled, at law or in equity.

ARTICLE XII
MISCELLANEOUS

12.1 Notices. Any notices required hereunder shall be sent to the Partners (i) by electronic transmission, including e-mail, (ii) by personal service, or (iii) by certified or registered mail, return receipt requested at the address set forth for such parties, respectively, on Exhibit "A" of this Agreement. By giving to each General Partner written notice thereof, the parties hereto and their respective successors and assigns shall have the right from time to time and at any time during the term of this Agreement to change their respective addresses and each shall have the right to specify as its address any other address within the United States of America. No transferee of any interest of any Partner shall be entitled to receive a notice independent of the notice sent to the Partner making such transfer.

12.2 Additional Instruments. Each Partner hereby agrees to execute all such agreements, certificates, tax statements, tax returns and other documents as may be required by law to effectuate the provisions contained herein.

12.3 Applicable to Successors. This Agreement and each provision herein shall be binding upon and applicable to, and shall inure to the benefit of, the parties hereto and their respective heirs, legatees, devisees, successors, assigns and legal representatives, except as otherwise expressly provided herein.

12.4 Waiver. No consent or waiver, express or implied, by any parties hereto of the breach or default by any other party or parties hereto in the performance by any such party or parties of its or their obligation hereunder shall be deemed or construed to be a consent to or waiver of any other breach of default in the performance of such other or others of the same or any other obligations of such other or others hereunder. Failure on the part of any party hereto to complain of any act of any of the other parties or to declare any of the other parties hereto in default, irrespective of how long such failure continues, shall not constitute a waiver by such party of its rights hereunder.

12.5 Severability. If any provision of this Agreement or the application thereof to any Person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Agreement and the application of such provisions to other Persons or circumstances shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

12.6 Amendment. This Agreement may be amended or modified at any time only if all Partners agree to such amendment or modification in writing.

12.7 Waiver of Rights to Partition. Inasmuch as all real and personal property owned by the Partnership is owned by the Partnership as an entity, and no party hereto, individually, has any ownership in such property, none of the parties hereto shall have any right to partition any of the Partnership Property, and all parties hereto hereby irrevocably waive any and all rights that any party hereto might have to maintain any action for partition of any of the Partnership Property with respect to their undivided interest, if any, therein, either as a partition in kind or a partition by sale.

12.8 Meetings of the Partners. Meetings of the Partners may be called by the General Partner and shall be called upon the written request of 51% of the then outstanding ownership interests of the Limited Partners. Notice of any such meeting shall be given to all Partners not less than seven (7) business days nor more than thirty (30) business days prior to

the date of such meeting and shall state the nature of any business to be transacted thereof. Partners may vote in person or by proxy at such meeting. Whenever the vote or consent of Partners is permitted or required under this Agreement, such vote or consent may be given at a meeting of Partners. Except as otherwise expressly provided in this Agreement, the vote of a majority in interest (at least 51% of the then outstanding ownership interest) of the Partners shall control. For the purpose of determining the Partners entitled to vote on, or to vote at, any meeting of the Partners or any adjournment thereof, the General Partner or the Limited Partners requesting such meeting may fix, in advance, a date as the record date for any such determination. Such date shall not be more than thirty (30) business days nor less than ten (10) business days before any such meeting. Each Limited Partner may authorize any Person or Persons to act for it by proxy on all matters in which a Limited Partner is entitled to participate, including waiving notice of any meeting, or voting or participating at a meeting. Every proxy must be signed by the Limited Partner or its attorney-in-fact. No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy. Every proxy shall be revocable by the Limited Partner executing it. Each meeting of the Partners shall be conducted by the General Partner or such other Person as the General Partner may appoint pursuant to such rules for the conduct of the meeting as the General Partner or such other Person deem appropriate.

12.9 Action Without Meeting. Any action required or permitted to be taken at a meeting of the Partners (including meeting of the General Partners) may be taken without a meeting if written consent setting forth the action to be taken is signed by all Partners (or General Partners, if applicable) entitled to vote. This consent will have the same force as a unanimous vote of the Partners (or General Partners, if applicable). The original signed consents shall be kept with the Partnership records.

12.10 Counterparts. This Agreement may be signed in a number of counterparts, each of which shall be an original for all purposes, but all of which taken together shall constitute only one agreement. The production of any executed counterpart of this Agreement shall be sufficient for all purposes without producing or accounting for the other counterparts hereof.

12.11 Gender. Wherever in this Agreement, words, including pronouns, are used in the masculine, they shall be read and construed in the feminine or neuter whenever they would so apply, and wherever in this Agreement, words, including pronouns, are used in the singular or plural, they shall be read and construed in the plural or singular, respectively, wherever they would so apply.

12.12 Attorney Fees. In the event a dispute arises between any Partner(s) and the Partnership or between the Partners, the prevailing party shall be entitled to recover reasonable attorney's fees and court costs incurred.

12.13 Tax Audit. In the event the Partnership is audited by the Service, the costs and expenses incurred to defend and comply with the audit shall be an expense of the Partnership. Any audit of any individual Partner shall not be deemed to be an audit of this Partnership.

12.14 Foreign Qualification. Prior to the qualification of the Partnership to conduct business in any jurisdiction other than Texas, the General Partner shall cause the Partnership to comply, to the extent procedures are available and those matters are reasonably within the control of the General Partner, with all requirements necessary to qualify the Partnership as a foreign limited partnership in that jurisdiction. At the request of the General Partner, each

Partner shall execute, acknowledge, swear to, and deliver all certificates and other instruments conforming with the terms of this Agreement that are necessary or appropriate to qualify, continue and terminate the Partnership as a foreign limited partnership in all jurisdictions in which the Partnership may conduct business.

12.15 Governing Law. This Agreement shall be subject to, and governed by, the laws of the State of Texas.

12.16 Reliance by Third Parties. Notwithstanding any other provision of this Agreement, any action taken by the General Partner on behalf of the Partnership shall be binding as to any Person who acts in reliance on the authority of the General Partner taking such action, and such Person shall have no duty to ascertain whether such General Partner has such authority even if such action appears to be prohibited by this Agreement. Any Person dealing with the Partnership or the General Partner may rely upon a certificate signed by the General Partner as to: (a) the identity of the Partners; (b) any conditions precedent to acts by the Partnership; (c) the Persons who are authorized to execute any documents and bind the Partnership; and (d) any other matter involving the Partnership or any Partner.

12.17 Entire Agreement. The Agreements and representations in this Partnership Agreement contain all of the Agreements and representations of the parties hereto, and it is expressly provided that the General Partner shall not be liable for any claim that may hereafter be made alleging any verbal agreement by and between the Parties hereto and the General Partner, or any General Partner's agents, employees or associates.

12.18 Headings. The heading of each of the articles and sections of this Agreement are inserted for convenience only and shall not be considered in construing the terms of this Agreement.

EXECUTED in multiple counterparts, by the General Partner and by the Limited Partner on the date indicated opposite their respective signatures below, all effective on the date aforementioned.

a. Applicant requests an amendment to an existing water right to increase the amount of the appropriation of State Water (diversion and/or impoundment)? **Y / N**

If yes, application is a new appropriation for the increased amount, complete Section 1 of this Report (PAGE. 1) regarding New or Additional Appropriations of State Water.

b. Applicant requests to amend existing Term authorization to extend the term or make the water right permanent (remove conditions restricting water right to a term of years)? **Y / N**

If yes, application is a new appropriation for the entire amount, complete Section 1 of this Report (PAGE. 1) regarding New or Additional Appropriations of State Water.

c. Applicant requests an amendment to change the purpose or place of use or to add an additional purpose or place of use to an existing Permit or Certificate? **Y / N**
If yes, submit:

- **Worksheet 1.0 - Quantity, Purpose, and Place of Use Information Worksheet**
- **Worksheet 1.2 - Notice: "Marshall Criteria"** [Attachment A](#)

d. Applicant requests to change: diversion point(s); or reach(es); or diversion rate? **Y / N**

If yes, submit: Worksheet 3.0 - Diversion Point Information Worksheet (submit one worksheet for each diversion point or one worksheet for the upstream limit and one worksheet for the downstream limit of each diversion reach)

e. Applicant requests amendment to add or modify an impoundment, reservoir, or dam? **Y / N**

If yes, submit: Worksheet 2.0 - Impoundment/Dam Information Worksheet (submit one worksheet for each impoundment or reservoir)

f. Other - Applicant requests to change any provision of an authorization not mentioned above? **Y / N** ***If yes, call the Water Availability Division at (512) 239-4691 to discuss.***

Additionally, all amendments require:

- **Worksheet 8.0 - Calculation of Fees; and Fees calculated - see instructions Page.34**
- **Maps - See instructions Page. 15.**
- **Additional Documents and Worksheets may be required (see within).**

3. **Bed and Banks. TWC § 11.042 (Instructions, Page 13)**

- a. Pursuant to contract, Applicant requests authorization to convey, stored or conserved water to the place of use or diversion point of purchaser(s) using the bed and banks of a watercourse? TWC § 11.042(a). Y/N

If yes, submit a signed copy of the Water Supply Contract pursuant to 30 TAC §§ 295.101 and 297.101. Further, if the underlying Permit or Authorization upon which the Contract is based does not authorize Purchaser's requested Quantity, Purpose or Place of Use, or Purchaser's diversion point(s), then either:

- 1. Purchaser must submit the worksheets required under Section 1 above with the Contract Water identified as an alternate source; or*
- 2. Seller must amend its underlying water right under Section 2.*

- b. Applicant requests to convey water imported into the state from a source located wholly outside the state using the bed and banks of a watercourse? TWC § 11.042(a-1). Y / N

If yes, submit: worksheets 1.0, 2.0, 3.0, 4.0, 5.0, 7.0, 8.0, Maps and fees from the list below.

- c. Applicant requests to convey Applicant's own return flows derived from privately owned groundwater using the bed and banks of a watercourse? TWC § 11.042(b). Y / N

If yes, submit: worksheets 1.0, 2.0, 3.0, 4.0, 5.0, 7.0, 8.0, Maps, and fees from the list below.

- d. Applicant requests to convey Applicant's own return flows derived from surface water using the bed and banks of a watercourse? TWC § 11.042(c). Y / N

If yes, submit: worksheets 1.0, 2.0, 3.0, 4.0, 5.0, 6.0, 7.0, 8.0, Maps, and fees from the list below.

****Please note, if Applicant requests the reuse of return flows belonging to others, the Applicant will need to submit the worksheets and documents under Section 1 above, as the application will be treated as a new appropriation subject to termination upon direct or indirect reuse by the return flow discharger/owner.***

- e. Applicant requests to convey water from any other source, other than (a)-(d) above, using the bed and banks of a watercourse? TWC § 11.042(c). Y / N

If yes, submit: worksheets 1.0, 2.0, 3.0, 4.0, 5.0, 7.0, 8.0, Maps, and fees from the list below.

Worksheets and information:

- **Worksheet 1.0 - Quantity, Purpose, and Place of Use Information Worksheet**
- **Worksheet 2.0 - Impoundment/Dam Information Worksheet** (submit one worksheet for each impoundment or reservoir owned by the applicant through which water will be conveyed or diverted)
- **Worksheet 3.0 - Diversion Point Information Worksheet** (submit one worksheet for the downstream limit of each diversion reach for the proposed conveyances)
- **Worksheet 4.0 - Discharge Information Worksheet** (for each discharge point)
- **Worksheet 5.0 - Environmental Information Worksheet**
- **Worksheet 6.0 - Water Conservation Information Worksheet**
- **Worksheet 7.0 - Accounting Plan Information Worksheet**
- **Worksheet 8.0 - Calculation of Fees; and Fees calculated - see instructions Page. 34**
- **Maps - See instructions Page. 15.**
- **Additional Documents and Worksheets may be required (see within).**

4. General Information, Response Required for all Water Right Applications (Instructions, Page 15)

- a. Provide information describing how this application addresses a water supply need in a manner that is consistent with the state water plan or the applicable approved regional water plan for any area in which the proposed appropriation is located or, in the alternative, describe conditions that warrant a waiver of this requirement (*not required for applications to use groundwater-based return flows*). Include citations or page numbers for the State and Regional Water Plans, if applicable. Provide the information in the space below or submit a supplemental sheet entitled "Addendum Regarding the State and Regional Water Plans":

Conservation practices are implemented on-site which are consistent with the

Brazos (Region G) Water Planning Group for irrigation. These include irrigation timing

brush/weed control practices and land leveling to utilize water usage and prevent

waste/runoff. *Conservation/management strategies (BMPs) can be located in the

2016 Brazos G Regional Water Plan Volume II-Water Conservation Section--pg. 2-29.

- b. Did the Applicant perform its own Water Availability Analysis? **Y / N** **N**

If the Applicant performed its own Water Availability Analysis, provide electronic copies of any modeling files and reports.

- C. Does the application include required Maps? (Instructions **Page. 15**) **Y / N** **Y**

WORKSHEET 1.0

Quantity, Purpose and Place of Use

1. New Authorizations (Instructions, Page. 16)

Submit the following information regarding quantity, purpose and place of use for requests for new or additional appropriations of State Water or Bed and Banks authorizations:

Quantity (acre- feet) <i>(Include losses for Bed and Banks)</i>	State Water Source (River Basin) or Alternate Source <i>*each alternate source (and new appropriation based on return flows of others) also requires completion of Worksheet 4.0</i>	Purpose(s) of Use	Place(s) of Use <i>*requests to move state water out of basin also require completion of Worksheet 1.1 Interbasin Transfer</i>

_____ Total amount of water (in acre-feet) to be used annually (*include losses for Bed and Banks applications*)

If the Purpose of Use is Agricultural/Irrigation for any amount of water, provide:

1. Location Information Regarding the Lands to be Irrigated

i) Applicant proposes to irrigate a total of _____ acres in any one year. This acreage is all of or part of a larger tract(s) which is described in a supplement attached to this application and contains a total of _____ acres in _____ County, TX.

ii) Location of land to be irrigated: In the _____ Original Survey No. _____, Abstract No. _____.

A copy of the deed(s) or other acceptable instrument describing the overall tract(s) with the recording information from the county records must be submitted. Applicant's name must match deeds.

If the Applicant is not currently the sole owner of the lands to be irrigated, Applicant must submit documentation evidencing consent or other documentation supporting Applicant's right to use the land described.

Water Rights for Irrigation may be appurtenant to the land irrigated and convey with the land unless reserved in the conveyance. 30 TAC § 297.81.

2. Amendments - Purpose or Place of Use (Instructions, Page. 12)

- a. Complete this section for each requested amendment changing, adding, or removing Purpose(s) or Place(s) of Use, complete the following:

Quantity (acre-feet)	Existing Purpose(s) of Use	Proposed Purpose(s) of Use*	Existing Place(s) of Use	Proposed Place(s) of Use**
170	Agricultural Irrigation	Agricultural Irrigation, Livestock & Off-Channel Storage	1,737.53 acres in Comanche County	2,859.958 acres in Comanche County as outlined in the attached Deeds/Maps.

**If the request is to add additional purpose(s) of use, include the existing and new purposes of use under "Proposed Purpose(s) of Use."*

***If the request is to add additional place(s) of use, include the existing and new places of use under "Proposed Place(s) of Use."*

Changes to the purpose of use in the Rio Grande Basin may require conversion. 30 TAC § 303.43.

- b. For any request which adds Agricultural purpose of use or changes the place of use for Agricultural rights, provide the following location information regarding the lands to be irrigated:
- i) Applicant proposes to irrigate a total of 2,859.958 acres in any one year. This acreage is all of or part of a larger tract(s) which is described in a supplement attached to this application and contains a total of 2,859.958 acres in Comanche County, TX.
 - ii) Location of land to be irrigated: In the Attachment C Original Survey No. _____, Abstract No. _____.
- A copy of the deed(s) describing the overall tract(s) with the recording information from the county records must be submitted. Applicant's name must match deeds. If the Applicant is not currently the sole owner of the lands to be irrigated, Applicant must submit documentation evidencing consent or other legal right for Applicant to use the land described.***
- Natural Dairy Grower Land, LP Deeds - Attachment D;
Lease/Letters of Consent/Non Natural Dairy Grower Land, LP Deeds - Attachment E.
- Water Rights for Irrigation may be appurtenant to the land irrigated and convey with the land unless reserved in the conveyance. 30 TAC § 297.81.***
- c. Submit Worksheet 1.1, Interbasin Transfers, for any request to change the place of use which moves State Water to another river basin.
 - d. See Worksheet 1.2, Marshall Criteria, and submit if required. Attachment A
 - e. See Worksheet 6.0, Water Conservation/Drought Contingency, and submit if required.

WCP - Attachment F

WORKSHEET 1.2 NOTICE. “THE MARSHALL CRITERIA”

This worksheet assists the Commission in determining notice required for certain **amendments** that do not already have a specific notice requirement in a rule for that type of amendment, and *that do not change the amount of water to be taken or the diversion rate*. The worksheet provides information that Applicant **is required** to submit for such amendments which include changes in use, changes in place of use, or other non-substantive changes in a water right (such as certain amendments to special conditions or changes to off-channel storage). These criteria address whether the proposed amendment will impact other water right holders or the on-stream environment beyond and irrespective of the fact that the water right can be used to its full authorized amount.

*This worksheet is **not required** for Applications in the Rio Grande Basin requesting changes in the purpose of use, rate of diversion, point of diversion, and place of use for water rights held in and transferred within and between the mainstems of the Lower Rio Grande, Middle Rio Grande, and Amistad Reservoir. See 30 TAC § 303.42.*

*This worksheet is **not required** for amendments which are only changing or adding diversion points, or request only a bed and banks authorization or an IBT authorization. However, Applicants may wish to submit the Marshall Criteria to ensure that the administrative record includes information supporting each of these criteria*

1. The “Marshall Criteria” (Instructions, Page. 21)

Submit responses on a supplemental attachment titled “Marshall Criteria” in a manner that conforms to the paragraphs (a) – (g) below:

Attachment A

- a. Administrative Requirements and Fees. Confirm whether application meets the administrative requirements for an amendment to a water use permit pursuant to TWC Chapter 11 and Title 30 Texas Administrative Code (TAC) Chapters 281, 295, and 297. An amendment application should include, but is not limited to, a sworn application, maps, completed conservation plan, fees, etc.
- b. Beneficial Use. Discuss how proposed amendment is a beneficial use of the water as defined in TWC § 11.002 and listed in TWC § 11.023. Identify the specific proposed use of the water (e.g., road construction, hydrostatic testing, etc.) for which the amendment is requested.
- c. Public Welfare. Explain how proposed amendment is not detrimental to the public welfare. Consider any public welfare matters that might be relevant to a decision on the application. Examples could include concerns related to the well-being of humans and the environment.
- d. Groundwater Effects. Discuss effects of proposed amendment on groundwater or groundwater recharge.

- e. State Water Plan. Describe how proposed amendment addresses a water supply need in a manner that is consistent with the state water plan or the applicable approved regional water plan for any area in which the proposed appropriation is located or, in the alternative, describe conditions that warrant a waiver of this requirement. The state and regional water plans are available for download at:
<http://www.twdb.texas.gov/waterplanning/swp/index.asp>.
- f. Waste Avoidance. Provide evidence that reasonable diligence will be used to avoid waste and achieve water conservation as defined in TWC § 11.002. Examples of evidence could include, but are not limited to, a water conservation plan or, if required, a drought contingency plan, meeting the requirements of 30 TAC Chapter 288.
- g. Impacts on Water Rights or On-stream Environment. Explain how proposed amendment will not impact other water right holders or the on-stream environment beyond and irrespective of the fact that the water right can be used to its full authorized amount.

Worksheet 3.0 (Diversion Reach Cross-Reference)

(Included to correlate current diversion reach authorization vs. amendment application)

<u>Currently authorized reach names in COA 12-3636B</u>		<u>Reference/Label in Amendment Application Maps/Documents</u>
	Diversion Reach "A"	Diversion Reach A-A' North
	Diversion Reach "B"	Diversion Reach A-A' South
	Diversion Reach "C"	Diversion Reach B-B'
	Diversion Reach "D"	Diversion Reach C-C'
		Diversion Reaches D-D', E-E' & F-F' are newly proposed reaches.
➔	New proposed upstream/downstream limit location.	

WORKSHEET 3.0 DIVERSION POINT (OR DIVERSION REACH) INFORMATION

This worksheet is **required** for each diversion point or diversion reach. Submit one Worksheet 3.0 for **each** diversion point and two Worksheets for **each** diversion reach (one for the upstream limit and one for the downstream limit of each diversion reach).

The numbering of any points or reach limits should be consistent throughout the application and on supplemental documents (e.g. maps).

1. Diversion Information (Instructions, Page. 24)

a. This Worksheet is to add new (select 1 of 3 below):

1. _____ Diversion Point No.
2. ^A _____ Upstream Limit of Diversion Reach No. A-A' North (Diversion reach "A" in current
3. _____ Downstream Limit of Diversion Reach No. authorization.)

b. Maximum Rate of Diversion for **this new point**^{0.89} _____ cfs (cubic feet per second) or ⁴⁰⁰ _____ gpm (gallons per minute)

c. Does this point share a diversion rate with other points? Y / N Y
If yes, submit Maximum **Combined** Rate of Diversion for all points/reaches^{0.89} _____ cfs or ⁴⁰⁰ _____ gpm

d. For amendments, is Applicant seeking to increase combined diversion rate? Y / N N

*** An increase in diversion rate is considered a new appropriation and would require completion of Section 1, New or Additional Appropriation of State Water.*

e. Check (✓) the appropriate box to indicate diversion location and indicate whether the diversion location is existing or proposed:

Check one		Write: Existing or Proposed
X	Directly from stream	Existing reach (amended location)
	From an on-channel reservoir	
	From a stream to an on-channel reservoir	
	Other method (explain fully, use additional sheets if necessary)	

f. Based on the Application information provided, Staff will calculate the drainage area above the diversion point (or reach limit). If Applicant wishes to also calculate the drainage area, you may do so at their option.

Applicant has calculated the drainage area. Y / N N

If yes, the drainage area is _____ sq. miles.

(If assistance is needed, call the Surface Water Availability Team at (512) 239-4691, prior to submitting application)

2. Diversion Location (Instructions, Page 25)

- a. On watercourse (USGS name): Leon River, Brazos River Basin
- b. Zip Code: 76455
- c. Location of point: In the Alexander Hodge Original Survey No. _____, Abstract No. 426, Comanche County, Texas.

A copy of the deed(s) with the recording information from the county records must be submitted describing tract(s) that include the diversion structure. For diversion reaches, the Commission cannot grant an Applicant access to property that the Applicant does not own or have consent or a legal right to access, the Applicant will be required to provide deeds, or consent, or other documents supporting a legal right to use the specific points when specific diversion points within the reach are utilized. Other documents may include, but are not limited to: a recorded easement, a land lease, a contract, or a citation to the Applicant's right to exercise eminent domain to acquire access.

- d. Point is at:
Latitude 31.901931 °N, Longitude -98.427146 °W.
Provide Latitude and Longitude coordinates in decimal degrees to at least six decimal places
- e. Indicate the method used to calculate the location (examples: Handheld GPS Device, GIS, Mapping Program): Texas TOPO! Software
- f. Map submitted must clearly identify each diversion point and/or reach. See instructions Page. 38. Attachment B - Site Map 2
- g. If the Plan of Diversion is complicated and not readily discernable from looking at the map, attach additional sheets that fully explain the plan of diversion.

WORKSHEET 3.0 DIVERSION POINT (OR DIVERSION REACH) INFORMATION

This worksheet is **required** for each diversion point or diversion reach. Submit one Worksheet 3.0 for **each** diversion point and two Worksheets for **each** diversion reach (one for the upstream limit and one for the downstream limit of each diversion reach).

The numbering of any points or reach limits should be consistent throughout the application and on supplemental documents (e.g. maps).

WORKSHEET 3.0 DIVERSION POINT (OR DIVERSION REACH) INFORMATION

This worksheet is **required** for each diversion point or diversion reach. Submit one Worksheet 3.0 for **each** diversion point and two Worksheets for **each** diversion reach (one for the upstream limit and one for the downstream limit of each diversion reach).

The numbering of any points or reach limits should be consistent throughout the application and on supplemental documents (e.g. maps).

1. Diversion Information (Instructions, Page. 24)

a. This Worksheet is to add new (select 1 of 3 below):

1. _____ Diversion Point No.
2. _____ Upstream Limit of Diversion Reach No.
3. ^{B'} _____ Downstream Limit of Diversion Reach No. B-B' (Diversion reach "C" in current authorization.)

b. Maximum Rate of Diversion for **this new point**^{0.89} _____ cfs (cubic feet per second) or ⁴⁰⁰ _____ gpm (gallons per minute)

c. Does this point share a diversion rate with other points? Y / N Y

*If yes, submit Maximum **Combined** Rate of Diversion for all points/reaches*^{0.89} _____ cfs or ⁴⁰⁰ _____ gpm

d. For amendments, is Applicant seeking to increase combined diversion rate? Y / N N

*** An increase in diversion rate is considered a new appropriation and would require completion of Section 1, New or Additional Appropriation of State Water.*

e. Check (✓) the appropriate box to indicate diversion location and indicate whether the diversion location is existing or proposed):

Check one		Write: Existing or Proposed
X	Directly from stream	Existing
	From an on-channel reservoir	
	From a stream to an on-channel reservoir	
	Other method (explain fully, use additional sheets if necessary)	

f. Based on the Application information provided, Staff will calculate the drainage area above the diversion point (or reach limit). If Applicant wishes to also calculate the drainage area, you may do so at their option.

Applicant has calculated the drainage area. Y / N N

If yes, the drainage area is _____ sq. miles.

(If assistance is needed, call the Surface Water Availability Team at (512) 239-4691, prior to submitting application)

2. Diversion Location (Instructions, Page 25)

- a. On watercourse (USGS name): Unnamed Tributary of South Leon River, Brazos River Basin
- b. Zip Code: 76455
- c. Location of point: In the J. Browne Original Survey No. _____, Abstract No. 59, Comanche County, Texas.

A copy of the deed(s) with the recording information from the county records must be submitted describing tract(s) that include the diversion structure. For diversion reaches, the Commission cannot grant an Applicant access to property that the Applicant does not own or have consent or a legal right to access, the Applicant will be required to provide deeds, or consent, or other documents supporting a legal right to use the specific points when specific diversion points within the reach are utilized. Other documents may include, but are not limited to: a recorded easement, a land lease, a contract, or a citation to the Applicant's right to exercise eminent domain to acquire access.

A copy of the deed(s) with the recording information from the county records must be submitted describing tract(s) that include the diversion structure. For diversion reaches, the Commission cannot grant an Applicant access to property that the Applicant does not own or have consent or a legal right to access, the Applicant will be required to provide deeds, or consent, or other documents supporting a legal right to use the specific points when specific diversion points within the reach are utilized. Other documents may include, but are not limited to: a recorded easement, a land lease, a contract, or a citation to the Applicant's right to exercise eminent domain to acquire access.

- d. Point is at:
Latitude 31.900242 °N, Longitude -98.422109 °W.
Provide Latitude and Longitude coordinates in decimal degrees to at least six decimal places
- e. Indicate the method used to calculate the location (examples: Handheld GPS Device, GIS, Mapping Program): Texas TOPO! Software
- f. Map submitted must clearly identify each diversion point and/or reach. See instructions Page. 38. Attachment B - Site Map 2
- g. If the Plan of Diversion is complicated and not readily discernable from looking at the map, attach additional sheets that fully explain the plan of diversion.

WORKSHEET 5.0 ENVIRONMENTAL INFORMATION

This worksheet is required for new appropriations of water in the Canadian, Red, Sulphur, and Cypress Creek Basins. The worksheet is also required in all basins for: requests to change a diversion point, applications using an alternate source of water, and bed and banks applications. **Instructions, Page 28.**

1. **New Appropriations of Water (Canadian, Red, Sulphur, and Cypress Creek Basins only) and Changes in Diversion Point(s)**

Description of the Water Body at each Diversion Point or Dam Location. (Provide an Environmental Information Sheet for each location), Diversion Reach A-A' North

a. Identify the appropriate description of the water body.

Stream

Reservoir

Average depth of the entire water body, in feet: _____

Other, specify: _____

b. Flow characteristics

If a stream, was checked above, provide the following. For new diversion locations, check one of the following that best characterize the area downstream of the diversion (check one).

Intermittent - dry for at least one week during most years

Intermittent with Perennial Pools - enduring pools

Perennial - normally flowing

Check the method used to characterize the area downstream of the new diversion location.

USGS flow records

Historical observation by adjacent landowners

Personal observation

Other, specify: _____

c. Waterbody aesthetics

Check one of the following that best describes the aesthetics of the stream segments affected by the application and the area surrounding those stream segments.

- Wilderness: outstanding natural beauty; usually wooded or ungrazed area; water clarity exceptional
- Natural Area: trees and/or native vegetation common; some development evident (from fields, pastures, dwellings); water clarity discolored
- Common Setting: not offensive; developed but uncluttered; water may be colored or turbid
- Offensive: stream does not enhance aesthetics; cluttered; highly developed; dumping areas; water discolored

d. Waterbody Recreational Uses

Are there any known recreational uses of the stream segments affected by the application?

- Primary contact recreation (swimming or direct contact with water)
- Secondary contact recreation (fishing, canoeing, or limited contact with water)
- Non-contact recreation

Submit the following information in a Supplemental Attachment, labeled Addendum to Worksheet 5.0:

1. Photographs of the stream at the diversion point or dam location. Photographs should be in color and show the proposed point or reservoir and upstream and downstream views of the stream, including riparian vegetation along the banks. Include a description of each photograph and reference the photograph to the map submitted with the application indicating the location of the photograph and the direction of the shot. Attachment G
2. Measures the applicant will take to avoid impingement and entrainment of aquatic organisms (ex. Screens on the new diversion structure).
1/4" mesh screens are used on all diversion pipes.
3. If the application includes a proposed reservoir, also include:
 - N/A
 - i. A brief description of the area that will be inundated by the reservoir.
 - ii. If a United States Army Corps of Engineers (USACE) 404 permit is required, provide the project number and USACE project manager.
 - iii. A description of how any impacts to wetland habitat, if any, will be mitigated if the reservoir is greater than 5,000 acre-feet.

2. Alternate Sources of Water and/or Bed and Banks Applications

For all bed and banks applications: N/A

- a. Indicate the measures the applicant will take to avoid impingement and entrainment of aquatic organisms (ex. Screens on the new diversion structure).

- b. An assessment of the adequacy of the quantity and quality of flows remaining after the proposed diversion to meet instream uses and bay and estuary freshwater inflow requirements.

If the alternate source is treated return flows, provide the TPDES permit number _____

If groundwater is the alternate source, or groundwater or other surface water will be discharged into a watercourse provide:

- a. Reasonably current water chemistry information including but not limited to the following parameters in the table below. Additional parameters may be requested if there is a specific water quality concern associated with the aquifer from which water is withdrawn. If data for onsite wells are unavailable; historical data collected from similar sized wells drawing water from the same aquifer may be provided. However, onsite data may still be required when it becomes available. Provide the well number or well identifier. Complete the information below for each well and provide the Well Number or identifier.

Parameter	Average Conc.	Max Conc.	No. of Samples	Sample Type	Sample Date/Time
Sulfate, mg/L					
Chloride, mg/L					
Total Dissolved Solids, mg/L					
pH, standard units					
Temperature*, degrees Celsius					

* Temperature must be measured onsite at the time the groundwater sample is collected.

- b. If groundwater will be used, provide the depth of the well _____ and the name of the aquifer from which water is withdrawn _____.

The TCEQ has developed guidance and model plans to help applicants prepare plans. Applicants may use the model plan with pertinent information filled in. For assistance submitting a plan call the Resource Protection Team (Water Conservation staff) at 512-239-4691, or e-mail wras@tceq.texas.gov. The model plans can also be downloaded from the TCEQ webpage. Please use the most up-to-date plan documents available on the webpage.

1. Water Conservation Plans Attachment F

a. The following applications must include a completed Water Conservation Plan (30 TAC § 295.9) for each use specified in 30 TAC, Chapter 288 (municipal, industrial or mining, agriculture - including irrigation, wholesale):

1. Request for a new appropriation or use of State Water.
2. Request to amend water right to increase appropriation of State Water.
3. Request to amend water right to extend a term.
4. Request to amend water right to change a place of use.
**does not apply to a request to expand irrigation acreage to adjacent tracts.*
5. Request to amend water right to change the purpose of use.
**applicant need only address new uses.*
6. Request for bed and banks under TWC § 11.042(c), when the source water is State Water
**including return flows, contract water, or other State Water.*

b. If Applicant is requesting any authorization in section (1)(a) above, indicate each use for which Applicant is submitting a Water Conservation Plan as an attachment:

1. Municipal Use. See 30 TAC § 288.2. **
2. Industrial or Mining Use. See 30 TAC § 288.3.
3. Agricultural Use, including irrigation. See 30 TAC § 288.4.
4. Wholesale Water Suppliers. See 30 TAC § 288.5. **

****If Applicant is a water supplier, Applicant must also submit documentation of adoption of the plan. Documentation may include an ordinance, resolution, or tariff, etc. See 30 TAC §§ 288.2(a)(1)(J)(i) and 288.5(1)(H). Applicant has submitted such documentation with each water conservation plan? Y / N**

c. Water conservation plans submitted with an application must also include data and information which: supports applicant's proposed use with consideration of the plan's water conservation goals; evaluates conservation as an alternative to the proposed

appropriation; and evaluates any other feasible alternative to new water development.
See 30 TAC § 288.7.

Applicant has included this information in each applicable plan? Y / N Y

2. Drought Contingency Plans

- a. A drought contingency plan is also required for the following entities if Applicant is requesting any of the authorizations in section (1) (a) above - indicate each that applies:
 1. ____ Municipal Uses by public water suppliers. See 30 TAC § 288.20.
 2. ____ Irrigation Use/ Irrigation water suppliers. See 30 TAC § 288.21.
 3. ____ Wholesale Water Suppliers. See 30 TAC § 288.22.
- b. If Applicant must submit a plan under section 2(a) above, Applicant has also submitted documentation of adoption of drought contingency plan (*ordinance, resolution, or tariff, etc.* See 30 TAC § 288.30) Y / N

Attachment A

Marshall Criteria

a. This application meets the administrative code requirements for an amendment to a water use permit pursuant to TWC Chapter 11 and Title 30 TAC Ch. 281, 295, and 297.

b. The specific proposed use of water in this amendment application is for agricultural crop irrigation. Beneficial use is defined in TWC §11.002 #4 as, "...use of the amount of water which is economically necessary for a purpose authorized by this chapter, when reasonable intelligence and reasonable diligence are used in applying the water to that purpose and shall include conserved water (TWC§11.002 #4)."

For agricultural crop irrigation, the submitted application meets the following criteria outlined in TWC Section 11 as beneficial use: TWC §11.023 #2 clearly identifies agricultural use as a purpose for which water may be, "appropriated, stored or diverted," if the water has not been set aside, or needed to meet freshwater and downstream instream flow needs (TWC §11.023 #2). Agricultural use is defined in TWC §11.002 #12 (A) as, "cultivating the soil to produce crops for human food, animal feed..." which is the applicant's proposed purposes (TWC §11.002 #12 A). Off-Channel storage in the proposed application would be for subsequent agricultural use as well.

c. No detrimental effects are anticipated to public welfare, including the well-being of humans and the environment, as a result of the proposed amendment.

d. No effects are anticipated as a result of the proposed amendment on groundwater or groundwater recharge.

e. Natural Dairy Grower Land, LP is located within the Region G Planning Group (Brazos). The proposed amendment addresses a water supply need that is consistent with state and regional water plan management strategies pertaining to irrigation.

Conservation practices are implemented to reduce evaporation and eliminate runoff during times when the irrigation systems are run. The irrigation systems used are typically operated in the early morning or late evening hours when the temperature is lower to reduce evaporation. Irrigation is closely monitored on site and the systems are shut down when or before the soil reaches its water holding capacity. This conservation practice prevents over-watering of the field and eliminates wasteful runoff.

Brush/weed control is also practiced to aid in water conservation. Weeds and invasive species are killed or removed to reduce unwanted water consumption, thus leaving more irrigation water in the soil to be utilized by the production crop as intended.

Land leveling is also utilized on cultivated land to increase water infiltration into the soil and eliminate water runoff when irrigating.

*Conservation/management strategies (BMPs) can be located in the 2016 Brazos G Regional Water Plan Volume II-Water Conservation Section (Irrigation Water Conservation)-pg. 2-29

f. A Water Conservation is attached (Attachment F). A Drought Contingency Plan is not required with this application.

g. The proposed amendment adds new diversion reaches, increases the irrigable acreage for the total water allotted in the permit and adds off channel storage as a purpose of use. No additional allocations of state water or diversion rate are being requested. As a result of the proposed amendment, no impact on water right holders or the environment is anticipated.

CONSIDERATION: Ten Dollars (\$10.00) and other valuable consideration to the undersigned paid by the Grantee, the receipt of which is hereby acknowledged, and the further consideration of loan proceeds from a promissory note by the Grantee to Central Texas Land Bank, FLCA, in the principal amount of One Million Seventy Thousand Eight Hundred and NO/100 Dollars (\$1,070,800.00) (hereinafter called "Noteholder") the receipt of which is hereby acknowledged; said sum having been advanced by said Noteholder at the special instance and request of Grantee herein and used as a part of the purchase price of the hereinafter described Property and to evidence which said Grantee has this day executed that certain promissory note ("Note") of even date herewith payable to the order of said Noteholder, and said Note bearing interest at the rate and payable as provided in said Note, and said Note being secured by a vendor's lien on the hereinafter described property and said Note being additionally secured by a Deed of Trust of even date herewith from Grantee to Boyd J. Chambers, Trustee.

Property (including any improvements):

A. All of Grantors' rights, title, and interest in the property described in Exhibit "A," attached hereto and incorporated herein by reference for all purposes, together with all improvements thereon and all rights, privileges and appurtenances pertaining thereto, including but not limited to claims and permits, easements, water rights, and all rights and obligations of applicable government programs for 2020 and thereafter (Grantors reserve all government payments attributable to 2019). Included with the conveyance are the following items, if any: irrigation equipment, irrigation pumps, electric panels, center pivots, electric motors, underground irrigation pipe, underground electric lines, gas lines, and all other property owned by Grantors that is attached to the above described real Property except the livestock panels and corrals.

B. All of the groundwater rights in and under the Property, subject to the rules of the groundwater district, if any.

Reservations from and Exceptions to Conveyance and Warranty:

A. Easements, rights-of-way, and prescriptive rights, whether of record or not; all presently recorded instruments, other than liens and conveyances, that affect the Property; rights of any adjoining owners in any walls, fences, and turn rows situated on a common boundary; any discrepancies, conflicts, or shortages in area or boundary lines; any encroachments or overlapping of improvements; and taxes for 2019, which Grantee assumes and agrees to pay, and subsequent assessments for that and prior years due to change in land usage, ownership, or both, the payment of which Grantee assumes.

B. Rights of adjoining owners in fences or turn rows situated on a common boundary.

C. All oil, gas, and other minerals reserved by prior owners.

D. The terms of any valid oil and gas or other mineral lease or wind energy lease as shown of record in the Office of the County Clerk of Comanche County, Texas.

E. Grantors reserve wind rights equal to an undivided fifty percent (50%) of the proceeds of or value of any and all royalties, lease payments, bonus payments, rental payments in lieu of royalties, or other benefits directly or indirectly paid or accrued for, or in anticipation of, or in connection with, the generation and transmission of electrical power converted from wind energy on the Property. Grantee shall have all executive rights to negotiate and execute any future wind lease. Grantee shall be entitled to receive all payments for surface damages related to any wind lease.

F. Grantors reserve all oil, gas and other minerals owned by Grantors.

G. Grantors and Grantee acknowledge that a Pipeline Right of Way and Easement Grant, more particularly described as that Pipeline Right of Way and Easement Grant between Eltje Frans Brand (also known as E. **PRIMARY PORTION OF THE
GRACE OLENA ADAMS FAMILY TRUST AGREEMENT**

This AGREEMENT OF TRUST is executed by GRACE OLENA ADAMS in order to create this Family Trust on the terms, conditions and provisions as set forth below in this Trust Agreement.

ARTICLE I.

ESTABLISHMENT OF TRUST

1.1. **General Name of Trust.** The general name of the Trust shall be THE GRACE OLENA ADAMS FAMILY TRUST. For convenience, it will be referred to at times in this Agreement as the "Trust" unless a more specific trust is indicated.

1.2. **Initial Assets of Trust.** The initial assets of the Trust shall consist of those assets described on the attached Exhibit "B" which is hereby incorporated by reference for all purposes of this Trust Agreement.

1.3. **Amendability and Revocability of Trust.** This Trust shall either be revocable or irrevocable pursuant to the following applicable provisions:

(a) **Amendable and Revocable Period of Trust:** Settlor [including Settlor's agents or appointed representatives] expressly reserves the power to amend or revoke this Agreement at any time during Settlor's lifetime by delivering to the Trustee any writing which sets forth the terms of the amendment or revocation.

(b) **Irrevocable Period of Trust:** This Trust shall become irrevocable and shall not thereafter be subject to amendment or revocation upon the death of Settlor.

1.4. **Special Definitions for Agreement.** The following terms shall have the indicated meanings for purposes of this Agreement:

(a) **"Settlor":** References to "Settlor" shall mean GRACE OLENA ADAMS.

(b) **"Beneficiary" or "Beneficiaries"**: References to a "Beneficiary" or "Beneficiaries" shall mean the initial as well as successor beneficiary or beneficiaries of the Trust.

(c) **"GST" and "GSTT"**: References to "GST" shall mean "generation-skipping transfer", and to "GSTT" shall mean "generation-skipping transfer tax(es)", both in the context of Chapter 13 of the Code or any successor statute.

(d) **"GSTT Exemption"**: References to "GSTT Exemption" shall mean the exemption from GSTT treatment then in effect as provided by Section 2631 of the Code or any successor statute.

(e) **"Inclusion Ratio"**: References to the "Inclusion Ratio" shall mean, for GSTT purposes, the net result from applying the formula specified by Section 2642 of the Code.

(f) **"Personal Effects"**: References to "Personal Effects" shall mean any personal property [broadly construed] owned by the Trust, and shall include, as examples only, the Trust's interest in the following items which it owns at the time of Settlor's death: household furnishings [again, broadly construed]; paintings, sculptures, and other items of art work; personal automobiles and boats [including any equipment associated with either]; recreational property and equipment [such as mobile homes, vans, and the like]; all club memberships; frequent flyer miles and bonuses; and all items of jewelry, clothing and books. The definition of personal effects specifically includes all insurance policies associated with such items.

Settlor does not intend, however, to include under this Section any tangible personal property of a business or investment nature, such as office files, business equipment or business automobiles, and other such business or investment items.

1.5. **Distributions During Settlor's Lifetime.** In the event any property (other than a minimum initial asset to fund the Trust or the mere inchoate right of the Trust to receive the proceeds of any insurance policy or employee benefit plan) is transferred to the Trust during Settlor's lifetime, the Trustee shall distribute to or for the benefit of Settlor [during Settlor's lifetime] so much of the net income and/or principal of the Trust as shall be appropriate or necessary to provide for Settlor's health, maintenance and support [broadly construed]. In addition, the Trustee shall distribute to or for the benefit of Settlor so much or all of the income and/or principal of the

Trust as Settlor shall direct in writing. These distributions may be made directly to or for the benefit of Settlor without the intervention of any legal guardian.

ARTICLE II.

TRUSTEE PROVISIONS

2.1. Settlor's Appointment of Co-Trustees. The initial Co-Trustees of this Trust shall be GRACE OLENA ADAMS and LARRY WAYNE ADAMS.

(a) Designation of Successor Trustees: In the event both GRACE OLENA ADAMS and LARRY WAYNE ADAMS fail, refuse or cease to serve as Trustee of the Trust, Settlor appoints GAYLON STEPHENS to serve as Trustee of the Trust.

(b) Appointment or Removal of Trustees: Settlor reserves the power during her lifetime to appoint additional Trustees or remove any Trustee of this Trust. Settlor may exercise these powers by delivering a written instrument or letter to all other then serving Trustees [if any] which evidences not only the appointment or removal, but in the case of an appointment, the additional Trustee's acceptance of the terms, provisions and conditions of this Trust Agreement. Settlor's appointment of any additional Trustees pursuant to this provision shall supersede all other Trustee appointments provided by the Trust Agreement unless otherwise specified by Settlor.

(c) Incapacity of Trustee: Should any question arise with regard to the capacity of any Trustee to serve subsequent to such Trustee being appointed pursuant to any provision of the Trust, such Trustee must provide proof of his or her capacity to continue serving as Trustee upon written request by the following individuals, in the order given: [1] Any Co-Trustee, if applicable; [2] Settlor, while living and competent, or, if not; [3] a majority of the then living, competent adult children of Settlor, if any, or, if none; [4] a majority of the then living, competent adult Beneficiaries of the Trust who, at such time, are then entitled to distributions of income from the Trust, if any, or, if none; [5] a majority of the parents or natural custodians or natural or appointed guardians of the then living minor and/or incompetent Beneficiaries of the Trust who are then entitled to current distributions of income. Such proof shall be in the form of a written report from a qualified medical doctor licensed to practice medicine in the state of Texas. If any Trustee fails or refuses to provide adequate proof of his or her capacity to continue serving as Trustee within thirty (30) days of receiving such written request, such

Trustee will be removed as Trustee and a successor Trustee will be appointed pursuant to paragraph (a) of Section 2.2 of this Trust.

2.2. Provisions Pertaining to the Appointment of Successor Trustees. The successor Trustees of the Trust may or shall be appointed according to the following provisions:

(a) **Successor Trustee:** Should all named and/or designated Trustees for any reason cease or fail to serve, a successor Trustee shall immediately be appointed by the following individuals, in the order given: [1] Settlor, while she is living and competent, or, if not; [2] a majority of the then living, competent adult Beneficiaries of the Trust who, at such time, are then entitled to distributions of income from the Trust, if any, or, if none; [3] a majority of the parents or natural custodians or natural or appointed guardians of the then living minor and/or incompetent Beneficiaries of the Trust who are then entitled to current distributions of income.

(b) **Suspension of Powers of Previous or Resigning Trustee:** The previous or resigning Trustee shall be relieved of all further liabilities, responsibilities, and duties under this Trust Agreement upon [1] the appointment, qualification, and acceptance of the position by a successor Trustee if any is required, and [2] the delivery of all assets of that respective Trustee then in its possession either to its respective successor Trustee or to any other then serving Trustee.

(c) **Acceptance of Assets by Successor Trustee:** Settlor has provided that upon the appointment of a successor Trustee the previous or resigning Trustee, or its representatives, shall deliver all assets of the Trust then in its possession to its respective successor or to any other then serving Trustee. The respective successor Trustee or any other then serving Trustee is authorized, but not directed, to accept such assets [if any] based upon the accounting and/or other written instrumentation as given by that previous or resigning Trustee or its representatives.

(d) **Liability for Predecessor Fiduciaries:** In no event shall any Trustee, whether original or successor, be liable for the actions, inactions, or default of any existing or prior Trustee, Co-Trustee, legal representative, executor, or administrator from whom distributions may be received [any of such fiduciaries being referred to as "Prior Fiduciaries"] or for failure to contest the accounting as rendered by such Prior Fiduciaries.

(e) **Successor Trustee's Powers and Liabilities:** The successor Trustee shall succeed to all of the powers, duties, and responsibilities of the previous or resigning Trustee upon the effective resignation, termination, or removal of such prior Trustee and the written acceptance of the position, as a Trustee, by the respective successor Trustee.

(f) **No Duty of Investigation by Successor Trustees:** In no event shall the terms and provisions of this Trust Agreement be interpreted or construed to require any successor Trustee to investigate the prior acts or omissions of any Prior Fiduciaries, except to the extent that the successor Trustee has actual notice or knowledge of any act or omission of the Prior Fiduciaries contrary to the terms of this Trust Agreement. Settlor is incorporating this provision into the Trust Agreement in hopes of reducing the expenses and delays of any change in Trustees. Accordingly, the successor Trustee is not required to go beyond the facts and representations as known to it in succeeding to the position of Trustee, subject, of course, to the provisions regarding known irregularities or violations.

(g) **Designation and References to Trustees:** Any specific reference in this Trust Agreement to a "Related Trustee" shall mean Settlor or any Beneficiary in their capacity as a Trustee of the Trust. Any specific reference to an "Independent Trustee" shall be in reference to a Trustee who is not a Settlor or Beneficiary. Otherwise, any general reference to "Trustee" or "Trustees" shall include all Trustees which may be serving at that time.

2.3. **Special Trustee Co-Administration Provisions.** The following special provisions shall apply in the event Co-Trustees are serving for the Trust:

(a) **Custody of Trust Assets:** Any Trustee shall have the right to maintain sole custody and possession of any and all Trust assets capable of being reduced to custody and possession and, to the extent this right of custody is exercised by a Trustee, the remaining Trustees shall be under no obligation to maintain custody and possession with respect to these assets. Settlor hereby specifically directs that to the extent any corporate Trustee maintains custody and possession of any Trust asset, the remaining Trustee shall abide by such decision and shall not be liable or responsible for maintaining custody or possession of such assets.

(b) **Actions of Single Trustee Authorized:** For convenience, it is unnecessary for all Trustees to participate in any given transaction. Accordingly, all third parties dealing with the Trust or a single Trustee may rely exclusively upon such acting Trustee and are fully protected in conducting such business or transaction with that Trustee only. This provision shall be construed as fully exonerating such third parties from any duty, liability, or responsibility for dealing with less than all the then serving Trustees.

(c) **Agreement Among Co-Trustees:** No action may be taken unless a majority of the then serving Co-Trustees are in agreement. If a disagreement should arise among the Co-Trustees concerning the administration of this Trust, and provided such matters are not exclusively delegated to one of the remaining Trustees by this Trust Agreement, the decision and judgment of Settlor

shall be binding upon any other person or entity that may then be serving as a Co-Trustee. The remaining Co-Trustees shall be fully protected and shall not be held responsible or liable for any consequence that may evolve from the contrary decision or judgment of either a majority of the Trustees or of the Related Trustee.

However, this paragraph (c) shall not be construed as in any way limiting the third party reliance provisions outlined immediately above in paragraph (b) of this Section.

(d) **Delegation of Duties by a Trustee:** Any Trustee may, with the written consent of the remaining Trustees, be relieved of any or all powers, authority, duties, and discretion vested in or imposed upon that Trustee by this Trust Agreement by delivering to the remaining then serving Trustees a written statement delegating these powers, authority, duties, and discretion to them. Any act performed according to such written statement shall be binding upon all persons interested in this Trust.

(e) **Disclaimer of Powers, Duties and Responsibilities:** Any Trustee may disclaim, in whole or in part, any specific or general power, duty, or responsibility imposed by law or by the terms of this Trust Agreement. Thereafter, the remaining Co-Trustees shall exercise sole power, duty, or responsibility over such disclaimed powers, duties, or responsibilities. Such disclaimer shall not, however, affect the remaining non-disclaimed powers, duties, and responsibilities of such Trustee.

ARTICLE III.

DIVISION AND DISTRIBUTION OF TRUST ESTATE FOLLOWING SETTLOR'S DEATH

The Trustee shall divide, administer and distribute the Trust Estate following Settlor's death in accordance with the following provisions:

3.1. **Division and Distribution of Personal Effects.** The Trustee shall divide and distribute all of the Personal Effects held by the Trust following Settlor's death in accordance with the following provisions:

(a) **Distribution to Children or Descendants:** The Trustee shall distribute the Personal Effects held by the Trust within a reasonable period of time following Settlor's death to the then living children of Settlor. If all of Settlor's children have predeceased Settlor, then the Trustee shall distribute such property to Settlor's then living descendants.

To the extent any minor descendant of Settlor becomes entitled to such assets, the Trustee shall retain such descendant's share of such assets as custodian for such minor descendant under the Texas Uniform Transfers to Minors Act.

(b) **Division and Distribution of Property Between Children or Descendants:** The Trustee shall divide, partition and distribute the Personal Effects between Settlor's children or descendants [should they become entitled to any of these assets] as they may agree among themselves. Should they fail to agree as to how this property [in whole or in part] shall be distributed between them, then the Trustee, in its sole discretion, shall have the following alternative powers over such unagreed upon Personal Effects and property items: [1] to divide, partition and distribute such items among Settlor's children or descendants in such manner as it deems fair and equitable; [2] to sell any of such items and include the proceeds in the remaining Trust Estate, although the Trustee shall give all of such Beneficiaries the initial opportunity to purchase such items; or [3] to regard any of such unagreed upon items as part of the remaining Trust Estate, thereby disposing of such items pursuant to the remaining provisions of this Trust Agreement.

Settlor may leave a letter or written memorandum to the Trustee that sets forth her desire as to how certain items of Personal Effects should be divided between the Beneficiaries. Settlor does not intend that such a letter or any written memorandum [if any] be construed as an amendment or addition to this Trust Agreement. However, Settlor requests that her children and descendants respect her wishes as expressed in such letter or written memorandum in deciding how to divide the Personal Effects held by the Trust. Settlor directs that the good faith decisions and actions of the Trustee shall be final and conclusive.

Any costs or expenses of transporting any of such property to Settlor's children or descendants shall be borne by that respective individual.

(c) **Ultimate Disposition of Personal Effects:** This property shall be distributed pursuant to the remaining provisions of this Trust Agreement if Settlor's children and descendants predecease her.

3.2. **Division Date.** The "Division Date" for purposes of dividing the remaining Trust Estate shall be that date selected by the Trustee to implement the required divisions, allocations and distributions as specified below.

3.3. **Settlor's Directions to Create Exempt and Nonexempt GSTT Shares.** Settlor has designed this Trust to take into account the complexities created by the GSTT provisions

of the Code. As such, Settlor is providing for the division of the remaining Trust Estates following her death into two broad categories, one consisting of a GSTT exempt Trust Estate portion and the remaining consisting of a GSTT nonexempt Trust Estate portion. Settlor hereby directs the Trustee to establish and administer any and all separate Trusts for the surviving Beneficiaries in strict accordance with such GSTT shares and, when necessary, to establish two sets of separate Trusts, the first consisting of the exempt GSTT Trust Estate and the second consisting of the nonexempt GSTT Trust Estate. A separate Trust established and funded with exempt GSTT properties will be referred to at times as an "Exempt Trust", and a separate Trust established and funded with nonexempt GSTT properties will be referred to as a "Nonexempt Trust".

Settlor recognizes that this direction may create the necessity of establishing and administering at least TWO (2) identical Trusts for the same Beneficiary, one consisting of exempt GSTT properties and the other consisting of nonexempt GSTT properties. However, the complexities and tax problems posed by the GSTT laws necessitate this procedure and Settlor expects the Trustee to comply with these directions in order to mitigate potential transfer taxes.

3.4. Distribution of GSTT Exempt Trust Estate and Division of GSTT Nonexempt Trust Estate into Separate Shares. The Trustee shall distribute and/or divide the remaining Trust Estate into separate shares in accordance with the following provisions within a reasonable period of time following the Division Date:

(a) **Division and Distribution of GSTT Exempt Trust Estate:** The Trustee shall distribute the GSTT Exempt Trust Estate to the Trustee and its successors of THE GRACE OLENA ADAMS DYNASTY TRUST created by Trust Agreement dated December 1, 2005 to be held and administered pursuant to the terms and provisions of such Trust Agreement.

(b) **Division and Administration of GSTT Nonexempt Trust Estate**
The Trustee shall divide the GSTT Nonexempt Trust Estate between and among the children and descendants of Settlor in shares of approximately equal value, ONE (1) share for each then living child of Settlor, and ONE (1) share for the collective benefit of the then

living descendants on a per stirpes basis of any deceased child of Settlor. The Trustee shall administer and distribute the GSTT Nonexempt Trust Estate shares in accordance with the provisions of Article IV.

ARTICLE IV.

TRUST PROVISIONS FOR SETTLOR'S CHILDREN AND DESCENDANTS

The provisions of this Article IV shall become applicable following the Division Date as to the Nonexempt Trusts to be established for the benefit of Settlor's children and descendants.

4.1. **Creation of Separate Nonexempt Trusts and Continued Trust Administration for Children or Descendants.** The Trustee shall establish a separate Nonexempt Trust(s) for the benefit of Settlor's children or descendants in accordance with the following provisions:

(a) **Establishment of Separate Trust(s):** The Trustee shall establish a separate Trust for each then living child and a separate Trust for each then living descendant of a deceased child of Settlor and shall allocate such child's or descendant's share of the GSTT Nonexempt Trust Estate to such separate Trust in accordance with paragraph (b) of Section 3.4, above.

(b) **Beneficiary of Trust(s):** The Beneficiary of each such separate Trust(s) shall be the then living child and/or the then living descendant of a deceased child of Settlor.

(c) **Designation of Trust(s):** Each separate Trust established for the benefit of a child or the descendant of a deceased child shall be named after the child or descendant for whose benefit it has been established. For administrative convenience, the Trustee is authorized to conduct the affairs of the separate Trusts under the general name of this Trust.

(d) **Special Trustee Provisions for Larry:** LARRY WAYNE ADAMS shall become the sole Trustee of the separate Nonexempt Trust established for his benefit and shall become the sole Trustee of the separate Nonexempt Trust established for the benefit of SHELBA ARLENE DENNING.

(e) **Larry's Power to Appoint Additional and Successor Trustees:** LARRY WAYNE ADAMS shall have the power to appoint additional

Trustees of his and/or SHELBA ARLENE DENNING's separate Nonexempt Trust and/or designate any one or more successor Trustees of his and/or SHELBA ARLENE DENNING's separate Nonexempt Trust. LARRY WAYNE ADAMS may exercise these powers by delivering a written instrument or letter to all other then serving Trustees [if any] which evidences not only the appointment but the additional or successor Trustee's acceptance of the appointment subject to the terms, provisions and conditions of this Trust Agreement.

4.2. **Discretionary Distributions of Income and Principal.** The Trustee may distribute so much or all of the net income and/or principal of a separate Trust to or for the benefit of the respective Beneficiary as, when added to other sources of funds reasonably available to him or her at that time, is necessary or appropriate to provide for his or her health, education, maintenance and support in accordance with his or her respective standard of living maintained at that time. The Independent Trustee (only) may also distribute so much or all of the net income and/or principal of a separate Trust to or for the benefit of the respective Beneficiary at any time and from time to time when the Independent Trustee, in its sole and absolute discretion, determines that such a distribution or distributions is advisable or appropriate for any purpose and for any reason.

Settlor directs that the distributions to or for the benefit of a Beneficiary shall be made (if at all) solely out of the separate Trust established for the benefit of that respective Beneficiary. Taking into account the different needs of the Beneficiaries that may arise from time to time, the Trustee is specifically authorized to make distributions to or for the benefit of the Beneficiaries out of their respective separate Trusts in unequal amounts and at different times. In all events, however, the Trustee's decision and actions will be final and binding upon all Beneficiaries, their heirs, descendants and successors in interest (if any).

4.3. **Termination of Children's Nonexempt Trusts and Distributions of Remaining Trust Estates.** Each Nonexempt Trust shall terminate and the Trustee shall distribute the remaining Trust Estate pursuant to the following:

(a) **Termination Date:** A separate Nonexempt Trust shall terminate as of the date of death of the respective child of Settlor for whose benefit such Nonexempt Trust was established.

(b) **General Power of Appointment Over Nonexempt Trust:** Each Beneficiary shall have the general power to appoint any remaining Trust Estate of a Nonexempt Trust established for his or her benefit if such Beneficiary dies before receiving distribution of the entire Trust Estate.

Any remaining Trust Estate of a Nonexempt Trust shall be distributed in accordance with the remaining provisions of this Section of the Trust Agreement to the extent the Beneficiary fails to exercise such general power.

(c) **Distribution of Remaining Nonexempt Trust Estates:** The Trustee shall distribute the remaining Nonexempt Trust Estate established for a Beneficiary following his or her death according to the following applicable provisions, in the order specified subject, however, to the applicable provisions of this Trust Agreement regarding continued trust administration because of the age or incompetency of a Beneficiary and subject to the applicable provisions regarding the reserves and withholding of taxes: [1] to the then living descendants of such deceased Beneficiary on a per stirpes basis, if any, or, if none, then [2] to his or her then living sibling(s) and the then living descendants of any then deceased sibling(s), on a per stirpes basis.

Settlor hereby directs, however, that any part of such Trust Estate that would otherwise be distributed to a Beneficiary for whose benefit a separate Nonexempt Trust has been established under this Trust Agreement shall instead be added to such Beneficiary's own separate Nonexempt Trust. Further, Settlor hereby directs that the share for any descendants of a deceased Beneficiary or descendants of a deceased sibling of such deceased Beneficiary shall be retained by the Trustee in a separate Nonexempt Trust to be established and administered pursuant to the provisions of this Section of the Trust Agreement.

(d) **Obligation to Pay Share of Estate Taxes:** Prior to making any distribution above, the Trustee shall establish a reserve out of the Nonexempt Trust Estate of a Beneficiary's Trust in an amount which, in the sole opinion of the Trustee, shall be sufficient to pay a pro rata portion of the estate and inheritance taxes of the Beneficiary's Estate attributable to the includability of the Nonexempt Trust Estate in such Beneficiary's Estate for federal and state estate and inheritance tax purposes by virtue of the exercise or nonexercise of the general power of appointment by such Beneficiary. The share of these taxes shall be determined by multiplying the net estate taxes payable for the Beneficiary's Estate by a fraction, the numerator of which is the net value of the Nonexempt Trust Estate over which such Beneficiary had a general power of appointment, and the denominator of which is the amount which for federal estate tax purposes is utilized to determine the tentative estate tax under Section 2001(c) of the Code in effect at the date of death of the

Beneficiary. Values as utilized and finally determined for federal estate tax purposes shall be utilized by the Trustee for purposes of this formula.

The Trustee shall distribute the amount of such taxes to the executor or administrator of the Beneficiary's Estate on or before TEN (10) days of the date or dates on which the Executor is required to make payment or payments [if payable in installments] to the Internal Revenue Service. To the extent that the Beneficiary's Estate incurs interest obligations on its estate and/or inheritance taxes, then the Trustee shall increase its payment or payments for its share of such interest, calculated by the same formula specified above.

Settlor hereby directs that any and all federal, state or local laws which are inconsistent with or contrary to the provisions of this paragraph shall be inapplicable and void as to this Trust, including but not limited to Section 322A of the Texas Probate Code.

Once the Trustee is satisfied that it no longer has any liabilities with respect to such taxes and interest, the Trustee shall distribute any remaining Nonexempt Trust Estate according to the applicable provisions pertaining to the Trust. No Trust Beneficiary shall be entitled to reimbursement from the Beneficiary's Estate for these payments made by the Trustee from such Beneficiary's separate Trust.

4.4. Administration and Termination of Nonexempt Trusts for

Grandchildren. Settlor has previously provided that the descendants of a deceased child will receive a portion of the Nonexempt Trust Estate to the extent that the child has not received complete distribution of his Trust Estate and does not fully exercise any applicable powers of appointment, or predeceases Settlor. Settlor hereby directs that the Trustee shall retain a grandchild's share of any Nonexempt Trust Estate if the grandchild is below the age of THIRTY-FIVE (35) years at the time such share or portion of a share would otherwise be distributable to such grandchild.

(a) **Establishment of Separate Nonexempt Trusts:** The Trustee shall establish a separate Nonexempt Trust for such grandchild, consistent with Settlor's prior directions. Income and principal distributions may be made from the Trust to or for the benefit of the grandchild in accordance with the provisions of Section 4.2, above.

(b) **Special Income and Principal Distributions to Grandchildren:** The Trustee shall distribute all of the then accumulated income and the applicable principal distributions described in this Section to or for the benefit of each then living and competent grandchild of Settlor from his or her separate Trust within a reasonable period of time following the attainment of the age or ages specified below.

[1] **Age Twenty-Five (25) Years:** The Trustee shall distribute all of the then accumulated income and ONE-THIRD (1/3) of the remaining Trust Estate when the grandchild attains the age of TWENTY-FIVE (25) years.

[2] **Age Thirty (30) Years:** The Trustee shall distribute all of the then accumulated income and ONE-HALF (1/2) of the balance of the remaining Trust Estate when the grandchild attains the age of THIRTY (30) years.

[3] **Age Thirty-Five (35) Years:** The Trustee shall distribute all of the then accumulated income and all of the remaining Trust Estate when the grandchild attains the age of THIRTY-FIVE (35) years.

(c) **Alternative Terminating Distributions:** If a grandchild dies prior to attaining the age of THIRTY-FIVE (35) years, his or her separate Nonexempt Trust shall terminate and the Trust Estate shall be distributed as follows: [1] such grandchild shall have a general power of appointment; and [2] the remaining Trust Estate passing in default of such grandchild exercising such general power of appointment shall be distributed in accordance with the provisions of Section 4.3(c), above.

4.5. Continuation of Nonexempt Trust for More Remote Descendants. In the unlikely but possible event that any more remote descendants of Settlor (other than her children and grandchildren) shall become entitled to a portion of the Trust, the Trustee shall administer and distribute such share in accordance with the provisions of Section 4.4, above. However, the Trustee shall distribute all of the Nonexempt Trust Estate of each Trust to the more remote descendant upon his or her attaining the age of TWENTY-ONE (21) years, provided he or she is then living and competent, whereupon such Trust will terminate.

ARTICLE V.

**MISCELLANEOUS TRUST PROVISIONS
AND INCORPORATION OF STANDARD TRUST PROVISIONS**

5.1. **Alternative Distributions of Property.** The provisions of this Section shall become applicable if and to the extent the other provisions of this Trust Agreement do not fully dispose of the Trust Estate. In such event, the Trustee shall distribute such undisposed of property according to the following applicable provisions. Settlor hereby further directs that any distribution which would otherwise be made to an individual that is below the age of TWENTY-ONE (21) years shall be subject instead to continued trust administration pursuant to Section 4.5 above.

(a) **Distribution to Descendants:** The Trustee shall distribute such undisposed of Trust Estate to the then living descendants of Settlor on a per stirpes basis. If Settlor has no then living descendants, the provisions of paragraph (b) below shall be applicable.

(b) **Ultimate Distribution to Heirs:** In the event that all or a portion of the Trust Estate still remains undistributed, then the Trustee shall distribute such property to the heirs at law of Settlor. For these purposes, heirs at law shall be determined as of the time of such distribution under the laws of descent and distribution of the State of Texas applicable to an intestate's separate personal property.

5.2. **Standard Trust Provisions.** The terms, provisions and conditions of Exhibit "A" (STANDARD TRUST PROVISIONS) shall be construed as a part of this Trust Agreement for all purposes as though included in the primary portion hereof. The provisions of this primary portion of the Trust Agreement shall, however, in all events control the administration of the Trust unless specifically provided otherwise in such Exhibit.

5.3. **Powers Cumulative.** The Trustee shall have all of the rights, powers and privileges as set forth in the Texas Trust Code (or its successor statute) governing the powers and responsibilities of Trustees. In the event, however, that any provisions of such Code in any way

conflict or otherwise do not conform to the terms of this Trust Agreement (including the STANDARD TRUST PROVISIONS), then the provisions of this Trust Agreement shall in all events control the administration of the Trust to the maximum extent permitted by law.

This TRUST AGREEMENT shall extend to and be binding upon all heirs, executors, administrators, legal representatives, and successors, respectively, of the parties to this Agreement, and shall be effective as of the date of Settlor's signature.

H. Murray Survey, 30.53 acres out of the J. H. Brown Survey and 295.56 acres out of the T. Y. Gilbert Survey.

TRACT TWO:

All that certain lot, tract or parcel of land situated in Comanche County, Texas, out of the Thomas Y. Gilbert Survey, Abstract No. 383, containing 131.4 acres of land, described as follows;

BEGINNING at the NW corner of a division of said Gilbert Survey made for J. Proctor and D. D. Proctor and at the NE corner of a division of said W. J. Rollins;

THENCE South 19° West with Rollins East line 1035 vrs. for the SW corner of this tract;

THENCE South 73.5 East 728 vrs. stone set in ground on the East line Proctor Division;

THENCE North 19° East 1006 vrs. for the NE corner of this tract;

THENCE North 71° West 726 vrs. to the place of beginning.

LESS AND EXCEPT, HOWEVER, All that certain 86.29 acres of land, situated in Comanche

County, Texas, out of the Thomas Y. Gilbert Survey, A-383, and being part of a 131.4 acre tract of land that is described in a deed from Albert G. Leddy, Sr., et ux to Frank Volleman, et ux, recorded in Volume 776 at Page 280, Deed Records of Comanche County, Texas, and further described as follows:

BEGINNING, a 3 inch pipe post found in a fence corner at the Southeast corner of said 131.4 acre tract, and being the Northeast corner of a 292.238 acre tract of land that is described in Volume 784 at Page 183, said Deed Records, and being in the West line of a 435.03 acre tract of land that is described in Volume 373 at Page 384, said Deed Records, for the Southeast corner of this tract;

THENCE, N 74° 41' 44" W 1685.26 feet, with a fence along the South line of said 131.4 acre tract and the North line of said 392.238 acre tract, to a ½ inch iron rod found, and being in the East line of a proposed New County Road, for the Southwest corner of this tract;

THENCE, with the East line of said proposed New County Road, as follows, N 34° 16' 03" E 1063.11 feet, to a ½ inch iron rod found, N 26° 55' 33" E 1809.61 feet, to a ½ inch iron rod found, and N 67° 20' 08" E 61.70 feet, to a ½ inch iron rod found in the South line of Comanche County Road Number 252, for the Northwest corner of this tract;

THENCE, S 71° 17' 41" E 1048.62 feet, with the South line of said County Road 252, to a 3 inch pipe post found in the East line of said 131.4 acre tract and being in the West line of said 435.03 acre tract, for the Northeast corner of this tract;

THENCE, S 17° 48' 20" W 2774.60 feet, with the East line of said 131.4 acre tract and the West line of said 435.03 acre tract, and being along the general course of a fence, to the point of beginning and containing 86.29 acres of land.

TRACT THREE:

Being 4.20 acres of land, situated in Comanche County, Texas, out of the Thomas Y. Gilbert Survey, Abstract No. 383, and being part of a 392.238 acre tract of land that is described in deed from Harold R. Dillard, et al to Frank Brand, recorded in Volume 784 at Page 183, Deed Records of Comanche County, Texas, and further described as follows;

BEGINNING at the northwest corner of said 392.238 acre tract, and being in the center of Comanche County Road Number 252, and being the Southwest corner of a 131.4 acre tract of land that is described in a deed from Albert G. Leddy, Sr., et ux to Frank Volleman, et ux, recorded in Volume 776 at Page 280, said Deed Records, for the Northwest corner of this tract;

THENCE S 74° 41' 45" E at 21.00 feet pass a reference 3 inch pipe post and continue on for a total distance of 321.12 feet, to a ½ inch iron rod set in a fence on the North line of said 392.238 acre tract, and being in the South line of said 131.4 acre tract, for the Northeast corner of this tract;

THENCE S 32° 58' 33" W 1196.70 feet, to a point in the center of said County Road, and being in the West line of said 392.238 acre tract, from which a reference ½ inch iron rod set in a fence line bears N 32° 58' 33" E 70.98 feet, for the Southwest corner of this tract;

THENCE N 17° 25' 16" E 1141.00 feet, with the West line of said 392.238 acre tract and the center of said County Road, to the point of beginning and containing 4.20 acres of land, of which 0.53 of an acre is within the limits of the County Road.

System Inventory and Water Conservation Plan for Individually-Operated Irrigation Systems

This form is provided to assist entities in developing a water conservation plan for individually-operated irrigation systems. If you need assistance in completing this form or in developing your plan, please contact the Conservation staff of the Resource Protection Team in the Water Availability Division at (512) 239-4691.

Additional resources such as best management practices (BMPs) are available on the Texas Water Development Board's website <http://www.twdb.texas.gov/conservation/BMPs/index.asp>. The practices are broken out into sectors such as Agriculture, Commercial and Institutional, Industrial, Municipal and Wholesale. BMPs are voluntary measures that water users use to develop the required components of Title 30, Texas Administrative Code, Chapter 288. BMPs can also be implemented in addition to the rule requirements to achieve water conservation goals.

A water conservation plan for agriculture use (individual irrigation user) must include the following requirements (as detailed in 30 TAC Section 288.4). If the plan does not provide information for each requirement, you must include in the plan an explanation of why the requirement is not applicable.

I. BACKGROUND DATA

A. Water Use

- Annual diversion appropriated or requested (in acre-feet): 170
- In the table below, list the amount of water (in acre-feet) that is or will be diverted monthly for irrigation during the year.

Actual totals may vary monthly depending on weather conditions (i.e. heat, precipitation, wind, etc... not to exceed 170 acre-feet annually.

January	February	March	April
<u>12</u>	<u>12</u>	<u>12</u>	<u>12</u>
May	June	July	August
<u>17</u>	<u>19</u>	<u>19</u>	<u>19</u>
September	October	November	December
<u>12</u>	<u>12</u>	<u>12</u>	<u>12</u>
Total All Months			<u>170</u>

- In the table below, list the type of crop(s), growing season, and acres irrigated per year.

<u>Type of crop</u>	<u>Growing Season (Months)</u>	<u>Acres irrigated/year</u>
<u>Tifton Coastal</u>	<u>April-September</u>	<u>2,283.558</u>
<u>Sorghum/Corn</u>	<u>March-August</u>	<u>2,283.558</u>
<u>Small Grain (Rye/Wheat)</u>	<u>September-March</u>	<u>Up to 2,859.958</u>
Total acres irrigated		<u>2,859.958</u>

- Are crops rotated seasonally or annually? Yes No

If yes, please describe: Cultivated crops are rotated seasonally. All crops may be rotated seasonally/annually depending on economic feasibility and nutritional demand.

- Describe soil type (including permeability characteristics, if applicable).

Dominant soils are clays, loams, sandy clay & sandy clay loams.

B. Irrigation system information

- Describe the existing irrigation method or system and associated equipment including pumps, flow rates, plans, and/or sketches of system the layout. Include the rate (in gallons per minute or cubic feet per second) that water is diverted from the source of supply. If this WCP is submitted as part of a water right application, verify that the diversion volumes and rates are consistent with those in the application.

Existing irrigation systems are center pivots fitted with MESA drop nozzles for increased efficiency in application and reduced evaporation losses. The pivots are fed by portable pumps and water is conveyed from the pumps to the pivots via sealed pipeline. If more than one diversion pump is utilized simultaneously, the diversion rate will not exceed 400 gpm. As more technological advances are made, the applicant will upgrade the systems accordingly when it is economically feasible. Future additions may be made with the possibility of additional center pivots being installed. A reel gun is planned for future irrigation on land not under center pivots.

2. Describe the device(s) and/or method(s) used to measure and account for the amount of water diverted from the supply source, and verify the accuracy is within plus or minus 5%.

Flowmeters are installed on all diversion pipes with +/- accuracy ratings of 3-5%.

3. Provide specific, quantified 5-year and 10-year targets for water savings including, where appropriate, quantitative goals for irrigation water use efficiency and a pollution abatement and prevention plan below in 3(a) and 3(b). Water savings may be represented in acre-feet or in water use efficiency. If you are not planning to change your irrigation system in the next five or ten years, then you may use your existing efficiencies or savings as your 5-year and /or 10-year goals. Please provide an explanation in the space provided below if you plan to use your existing efficiencies or savings.

The current pivot efficiency ratings are estimated at 85%. Although not currently planned, any future modifications made to the equipment will maintain or increase the current efficiency of the existing systems and any new systems installed will target an 85% or higher efficiency rating as well.

Quantified 5-year and 10-year targets for water savings:

a. 5-year goal:
Savings in acre-feet or system efficiency as a percentage 85 %

b. 10-year goal:
Savings in acre-feet or system efficiency as a percentage 85 %

(Examples of Typical Efficiencies for Various Types of Irrigation Systems - Surface: 50-80%; Sprinkler: 70-85%; LEPA: 80-90%; Micro-irrigation: 85-95%)

4. If there is an existing irrigation system, have any system evaluations been performed on the efficiency of the system?

Yes No

If yes, please provide the date of the evaluation, evaluator's name and the results of the evaluation:

C. Conservation practices

1. Describe any water conserving irrigation equipment, application system or method in the irrigation system (e.g., surge irrigation, low pressure sprinkler, drip irrigation, nonleaking pipe).

Existing center pivots are fitted with high efficiency MESA drop nozzles and the systems are fed by a sealed pipeline to avoid leaks/waste.

2. Describe any methods that will be used for water loss control and leak detection and repair.

All irrigation equipment is routinely maintained and repaired to maintain maximum operating efficiency. The systems are closely monitored during operation and any leaks found during inspections are promptly repaired to avoid water losses and increase conservation.

3. Describe any water-saving scheduling or practices to be used in the application of water (e.g., irrigation only in early morning, late evening or night hours and/or during lower temperatures and winds) and methods to measure the amount of water applied (e.g. soil-moisture monitoring).

The center pivot irrigation systems are run during optimal weather conditions such as low wind, early morning, or late evening to avoid high losses due to wind and evaporation.

4. Describe any water-saving land improvements or plans to be incorporated into the irrigation practices for retaining or reducing runoff and increasing infiltration of rain and irrigation water (e.g., land leveling, conservation tillage, furrow diking, weed control, terracing, etc.).

Weed control practices are implemented throughout the year to rid out weeds and unwanted/invasive plants. Land leveling & terracing are also practiced where applicable to eliminate runoff from steep slopes and increase the infiltration rate of the water into the soil.

5. Describe any methods for recovery and reuse of tail water runoff.

Center pivots are monitored during operation and fields are not watered over their water holding capacity. Irrigation systems are shut off before any tail water runoff occurs.

6. Describe any other water conservation practices, methods, or techniques for preventing waste and achieving conservation.

All irrigation equipment is maintained to operate at the highest level of efficiency and is monitored during operation to prevent any water waste and achieve maximum water conservation.

II. WATER CONSERVATION PLANS SUBMITTED WITH A WATER RIGHT APPLICATION FOR NEW OR ADDITIONAL STATE WATER

Water Conservation Plans submitted with a water right application for New or Additional State Water must include data and information which:

1. support the applicant's proposed use of water with consideration of the water conservation goals of the water conservation plan;
2. evaluates conservation as an alternative to the proposed appropriation; and
3. evaluates any other feasible alternative to new water development including, but not limited to, waste prevention, recycling and reuse, water transfer and marketing, regionalization, and optimum water management practices and procedures.

Additionally, it shall be the burden of proof of the applicant to demonstrate that no feasible alternative to the proposed appropriation exists and that the requested amount of appropriation is necessary and reasonable for the proposed use.
