## ENVIRONMENTAL INFORMATION

### 1. Impingement and Entrainment

This section is required for any new diversion point that is not already authorized. Indicate the measures the applicant will take to avoid impingement and entrainment of aquatic organisms (ex. Screens on any new diversion structure that is not already authorized in a water right). **Instructions, Page 28.**

Principle Industrial will use a screen with 1" mesh spacing to ensure that no marine life is impacted during diverting operations. Principle also has additional personnel on board our working barges and on land to provide observation of all marine life in our working area. These personnel have no other responsibilities.

### 2. New Appropriations of Water (Canadian, Red, Sulphur, and Cypress Creek Basins only) and Changes in Diversion Point(s)

This section is required for new appropriations of water in the Canadian, Red, Sulphur, and Cypress Creek Basins and in all basins for requests to change a diversion point. **Instructions, Page 30.**

Description of the Water Body at each Diversion Point or Dam Location. (Provide an Environmental Information Sheet for each location),

a. Identify the appropriate description of the water body.

Application No. 13888 for a Temporary Water Use Permit  
Texas Water Code § 11.138, Requiring Limited Mailed Notice  
Corpus Christi Inner Harbor, Nueces-Rio Grande Coastal Basin  
Nueces County

Dear Mr. Adami:

This acknowledges receipt, on November 18, 2022, of the referenced application and fees in the amount of \$2,751.25 (Receipt No. M304134, copy attached).

A temporary permit may only be issued if there is surplus water available for use on a short-term (temporary or ephemeral) basis in the source supply. During low flow conditions, which occur during a drought or periods of limited rainfall, all water in the basin will be required for existing senior water rights and there is no presumption of any surplus flows.

Additional information and fees are required before the application can be declared administratively complete.

1. Indicate the measures the applicant will take to avoid impingement and entrainment of aquatic organisms (ex. Screens on any new diversion structure that is not already authorized in a water right). Refer to pages 28-29 from the *Instructions for Completing the Water Right Permitting Application* (Form TCEQ-10214A-inst) for assistance in developing your response.
2. Confirm that water will be diverted from Corpus Christi Inner Harbor, tributary of Corpus Christi Bay, Nueces-Rio Grande Coastal Basin.
3. Remit fees in the amount of **\$3.76** as described below. Please make checks payable to the TCEQ or Texas Commission on Environmental Quality.

Filing Fee (Temporary Permit > 10 acre-feet)	\$ 250.00
Recording Fee	\$ 1.25
Use Fee (2,500 acre-feet x \$1.00)	\$ 2,500.00
<u>Notice Fee (4 WR Holders x \$0.94)</u>	<u>\$ 3.76</u>
Total Fees	\$ 2,755.01
<u>Fees Received</u>	<u>\$ 2,751.25</u>
<b>Fees Due</b>	<b>\$ 3.76</b>

Subject: Access to PCCA Property for Dredging Operations at Avery Point and Bulk Terminal

This correspondence is being provided to you as requested related to the request by Texas Commission on Environmental Quality (TCEQ) for access to the diversion points identified in the attached exhibit. Access to the Port of Corpus Christi Authority's (PCCA) property at the two (2) locations, as shown in Exhibit A-1, is conditioned upon the following:

1. Temporary access of vehicles, equipment and materials on the PCCA Properties is limited to that reasonably necessary to conduct the work. PCCA Properties may not be used for general storage of vehicles, equipment, and materials unless approved by PCCA prior to storage.
2. The Work will not interrupt or significantly alter existing or future drainage, traffic flow, or site operations on the PCCA Properties.
3. Any permits required for the Work are the responsibility of TTL. TTL will provide copies of all such permits to PCCA Director of Environmental Planning & Compliance within five (5) business days after receipt by TTL.
4. Prior to commencement of any Work, TTL will provide PCCA a current copy of the Health and Safety Plan for the Work and will provide PCCA any subsequent updates to such Plan.
5. In connection with the Work under this Agreement, TTL will comply with all applicable federal, state and local statutes, laws, ordinances, regulations, codes, permits, licenses, authorizations and rules, and other provisions having the force and effect of law, in each case as amended, and including any judicial or administrative orders, determinations, writs, injunctions, judgments and decrees relating to human health or safety, Hazardous Substances or the Environment, including PCCA's Tariff 100-A.
6. TTL shall promptly, at TTL's sole cost and expense, restore and repair (as nearly as practical) any damage to the PCCA Properties caused by the Work to the condition immediately preceding the Work, normal wear and tear excepted, and shall keep Authority free and clear of any mechanic's liens and materialmen's liens in connection with access to the PCCA Properties.

7. TTL agrees to carry and maintain, at its sole expense, the policies of insurance described in Exhibit A attached hereto.
8. Upon execution of a formal agreement between PCCA and TTL, the terms of the formal agreement shall control.

**EXHIBIT A  
INSURANCE REQUIREMENTS**

Without limiting the indemnity obligations or liabilities of Grantee or its insurers, provided herein, Grantee agrees to procure and maintain at its sole expense during the term of the Contract the following policies of insurance (sometimes collectively referred to in this exhibit as the "*Policies*") and in at least the minimum amounts specified below:

<u>TYPE OF INSURANCE</u>	<u>MINIMUM LIMITS</u>
A. Workers' Compensation	Statutory
In the event that the work of Grantee's employees fall within the purview of the United States Longshore and Harbor Workers' Compensation Act, the Jones Act or the Federal Employers' Liability Act, Grantee shall extend its insurance coverage to provide insurance against the liabilities imposed under the applicable Act or Acts.	
B. Employer's Liability	\$1,000,000 per Occurrence \$1,000,000 Aggregate
C. Commercial General Liability	\$3,000,000 per Occurrence \$5,000,000 Aggregate
The Commercial General Liability shall cover or be endorsed to cover bodily injury, personal injury, broad form property damage, operations hazard, owner's protective coverage, contractual liability, products and completed operations liability, railroad protective liability, marine liability, and time element pollution coverage.	
D. Business Automobile Liability	\$1,000,000 per Occurrence
Automobile liability insurance coverage will include all owned, non-owned, and hired vehicles.	
E. Umbrella Liability	\$5,000,000 per Occurrence
Umbrella liability coverage will apply to Employer's Liability, Commercial General Liability, and Business Automobile Liability.	
F. Pollution Liability	\$2,000,000 per Occurrence

Sudden and Accidental Pollution liability insurance covering bodily injury, property damage, environmental cleanup, remediation, disposal, and other losses caused by pollution conditions occurring during the term of this Contract. If Grantee's Commercial General Liability and Umbrella policies contain a deletion of the pollution coverage exclusion, then this policy is not required.

G. Protection & Indemnity (P&I) \$3,000,000 per Occurrence

Should any of the work require marine operations, the Grantee shall provide Protection & Indemnity insurance with respect to bodily injury and/or property damage arising from marine operations.

**Grantee's liability shall not be limited to the specified amounts of insurance required herein. Each policy must contain an endorsement to the effect that the issuer waives any claim or right of subrogation to recover against the Authority, its Port Commissioners, officers and employees ("Authority Parties"). Grantee agrees to immediately provide to each of its insurers written notice of the terms of the waiver set forth in this Exhibit A, and to have said insurance policies properly endorsed, if necessary, to prevent the invalidation of said insurance coverage by reason of said waiver. Grantee will provide to Authority a copy of said endorsement or endorsement or evidence that such endorsement is not necessary to prevent the invalidation of the insurance coverage by reason of such waiver. Additionally, the Authority Parties shall be designated as an Additional Insured either by a blanket additional insured or a specific endorsement on all policies, except for Workers' Compensation and Employer's Liability. Each policy, except Workers' Compensation must contain an endorsement that the policy is primary to any other insurance available to the Additional Insureds with respect to claims arising under this Contract.**

Prior to the execution of this Contract and prior to the expiration date of each of the Policies, Grantee or its insurance producer/broker, shall provide Certificates of Insurance (COI) of the minimum insurance required in this Exhibit. The minimum insurance required may be increased periodically upon request by Authority to commercially reasonable limits. The company writing each of the Policies must possess a current rating with A.M. Best Company of at least "A-, VII".

If Grantee elects to self-insure or to maintain insurance required herein subject to deductibles and/or retentions, Authority and Grantee shall maintain all rights and obligations between themselves as if Grantee maintained the insurance with a commercial insurer including any additional insured status, primary liability, waivers of rights of recovery/subrogation, other insurance clauses, and any other extensions of coverage required herein. Prior to the execution of this Contract, and annually thereafter, Grantee shall provide evidence of self-insured status by issuing a self-insured letter on company letterhead and endorsed by an executive officer of the company. Grantee shall pay from its assets the costs, expenses, damages, claims, losses and

liabilities, including reasonable attorney's fees and necessary litigation expenses at least to the extent that an insurance company would have been obligated to pay those amounts if Grantee had maintained the insurance pursuant to this **Exhibit A**.

Without limiting any of the other obligations or liabilities of Grantee, Grantee shall require each of its contractors performing work on Authority's property pursuant to this Contract, at the contractor's own expense, to maintain during the term of the Contract, the same stipulated minimum insurance as shown herein. As an alternative, Grantee may include its contractors as additional insureds on its own coverage as prescribed under this **Exhibit A**. Grantee's certificate of insurance shall note in such event that its contractors are included as additional insureds and that Grantee agrees to provide workers' compensation for its contractors and the contractor's employees. Grantee shall obtain and monitor the certificates of insurance from each contractor in order to assure compliance with the insurance requirements. Grantee must retain the certificates of insurance for the duration of the Contract plus five (5) years and shall have the responsibility of enforcing these insurance requirements among its contractors. Authority shall be entitled, upon request and without expense, to receive copies of these certificates.

**Subject:** Letter of Consent

Sarah/Chris,

On behalf of Principle Industrial Services, TTL forwards this information learned a few moments ago from the PCCA.

The PCCA has informed the interested parties that PCCA does not have the authority to issue a consent to divert water from the Corpus Christi Ship Channel. They acknowledge ownership of the submerged land but identify TCEQ as the owner of the water. As such, it is their position that TCEQ is the entity responsible for determining if water can be diverted from the channel.

Please acknowledge receipt of this email and provide additional guidance or information that will allow Principle/TTL to maintain progress forward with this very important issue.

Thank you,

**Subject:** Deed Information from the PCCA and Letter of Delegation from Principle Industrial Services

Chris,

Per our earlier conversation, find attached two pieces of information forwarded by me on behalf of the PCCA and Principle Industrial Services (Principle).

From the PCCA, attached are the deed information relevant to the two respective areas TTL intends to divert from the channel and bay. From Principle, the Delegation of Authority.

The PCCA is preparing the needed Letter of Consent.

TTL is assisting the efforts for both entities with the intention of streamlining the process if possible.

For your information, those copied in addition to Tomas Hernandez are as follows:

1. Dan Koesema, Director of Channel and DMPA for the PCCA
2. Laura Kinder, Project Manager for the PCCA
3. Luke Pappas, Owner, Principle
4. Allan Adami, Vice President, Principle

I also understand that a Project Manager has been assigned and that you will forward her information.

Finally, if you could acknowledge receipt of this email, I'd appreciate it.

Thanks for your attention to this matter.
