Re: Stakeholder Meetings: Watermaster Evaluation for the Canadian and Red River Basins

Dear Stakeholder:

The Texas Commission on Environmental Quality (TCEQ) is currently evaluating the above listed basins to determine whether there is a need to establish a watermaster. More information on the evaluation process and watermaster programs can be found on the TCEQ's website at: www.tceq.texas.gov/goto/watermaster. Stakeholder input is an important part of this process.

TCEQ will hold three stakeholder meetings to provide information about the evaluation process, answer questions, and take public comment. Two of these stakeholder meetings will be held in-person and one will be held virtually in Microsoft Teams.
