TEXAS COMMISSION ON ENVIRONMENTAL QUALITY • PO BOX 13087 • AUSTIN, TX 78711-3087

TCEQ is an equal opportunity employer. The agency does not allow discrimination on the basis of race, color, religion, national origin, sex, disability, age, sexual orientation, or veteran status. In compliance with the Americans with Disabilities Act, this document may be requested in alternate formats by contacting TCEQ at 512-239-0010, or 800-RELAY-TX (TDD), or by writing PO Box 13087, Austin TX 78711-3087. We authorize you to use or reproduce any original material contained in this publication—that is, any material we did not obtain from other sources. Please acknowledge TCEQ as your source. This publication lists facilities that have permits or authorizations from Texas Commission on Environmental Quality (TCEQ). These facilities receive and manage hazardous industrial waste, nonhazardous industrial waste, or both, on a commercial basis.

As you use this directory, please note the following provisions:

- As the waste generator, you are responsible for determining which facility best suits your purpose.
- Each facility's permit contains conditions that restrict the type of waste the facility may accept. These restrictions might prohibit a facility from accepting your waste.
- TCEQ does not recommend or refer customers to specific businesses.
- This list offers no information about whether a specific facility is complying with the conditions of its permit. You can find general information about a facility's compliance history on our "[Compliance History](#)" webpage.<sup>1</sup>
- Addresses given may be mailing addresses, the physical location of the facility, or both.
- The telephone numbers and web addresses in this list may be for the facility itself or for a company office elsewhere. The person at a listed number may not be able to answer your questions about disposing of waste at this facility, but they should be able to direct you to the person who can.
- Current information about commercial injection-well facilities that are authorized to accept hazardous or nonhazardous industrial waste is available by calling 512-239-6466.
- Many municipal solid waste landfills can accept Nonhazardous Class 1 and Class 2 Industrial Solid Waste. Contact your local landfills to find out what they are permitted to accept.

This list is organized by the 16 TCEQ regions. Each TCEQ region is composed of a group of counties, served by a regional office. Region 1, for example, is the northern Panhandle (Amarillo), and includes 26 counties. The region numbers ascend as you go south, ending in South Texas (15 = Harlingen, 16 = Laredo). On our website, find contact information for and a map of [TCEQ regional offices](#).<sup>2</sup>

Within each region, the facilities are further grouped by county. And the facilities in each county are listed in alphabetical order, by the name of the operator.

To find a waste-management facility convenient to you:

- Scan the list for the regional headquarters nearest you. You'll notice, however, that a few regions do not list any facilities: 2 (Lubbock), 6 (El Paso), 8 (San Angelo), 11 (Austin), and 16 (Laredo). These regions do not contain any commercial facilities that accept hazardous or nonhazardous industrial solid waste.
- Look for counties that are convenient to you. Also consider other nearby TCEQ regions—the facility closest to you might be in a different region.

If you wish, you can also get information about the general compliance history of a facility. Go to our [“Search the Compliance History Database” webpage](#)<sup>3</sup> and click on the “Search for Compliance Histories” bar.
