Dry Cleaner Environmental Response Program

The Dry Cleaner Environmental Response Program (Program) protects the state's environmental resources by using a risk-based approach for the assessment and cleanup of releases of solvents from dry cleaning facilities. The Program collects registration fees from dry cleaning facilities, dry cleaning drop stations, property owners and preceding property owners, and solvent fees from solvent distributors. These fees are deposited into the Dry Cleaning Facility Release Fund (the Fund). The Fund is used to process registrations and to conduct corrective action at dry cleaning sites.

The Program affects owners of dry cleaning facilities and drop stations, current owners and certain preceding owners of property on which a dry cleaning facility or drop station is or was located and solvent distributors.

The Program is administered through the Texas Commission on Environmental Quality (TCEQ) Office of Waste by the Dry Cleaner Remediation Program (DCRP) of the Remediation Division, and by the Dry Cleaner Registration Team in the Permitting and Registration Support Division. The DCRP accepts applications for ranking, ranks and prioritizes sites, and conducts corrective action at sites. The Dry Cleaner Registration Team processes registrations for solvent distributors, dry cleaning facilities and drop stations, as well as for property owners and preceding property owners.

To be eligible for the DCRP, the applicant must be one of the following: 1) a current or former owner of a dry cleaning facility or drop station; 2) an owner of property on which a dry cleaning facility or drop station is or was located; or 3) a preceding owner of property on which a dry cleaning facility or drop station is or was located, who entered into an agreement with the current property owner establishing that the previous property owner is responsible for costs associated with the cleanup of contamination.

DCRP applicants must submit an application for ranking the site, which documents a release of dry cleaning solvent into the environment from a currently registered or former retail dry cleaning facility. The applicant must pay a nonrefundable deductible of \$5,000 for corrective action costs incurred as a result of a release from the dry cleaning facility or drop station and must sign an affidavit stating that perchloroethylene will not be used at the site once the DCRP has begun corrective action at the site.

The DCRP cannot commence corrective action at a site until the site/application has been ranked and prioritized except for sites that require emergency action. Site ranking is based on potential impacts to human health or the environment from the site. Site prioritization includes site ranking, but also takes into account non-risk factors such as cost of implementing corrective action. The DCRP utilizes contractors to conduct corrective action at sites.

Registration

State law requires all dry cleaning drop stations and facilities in Texas to register with the TCEQ annually. Annual Renewal Registration Forms for dry cleaning drop stations and facilities are due by August 1st of each year. Registration fees are billed on a quarterly basis.

Table 1. Breakdown of FY 2023

Registrations

Registration Type	Total FY 2023 Registrations
Facilities	851
Drop Stations	868
Property Owners and Preceding Property Owners	201
Solvent Distributors	23

A facility/drop station's participating/non-participating status defines their fees and registrations costs. The terms "participating" and "non-participating" refer to a facility/drop station's eligibility to receive benefits from the Fund.

Table 2. Differences in the DCRP Fee Structure

Type	Number of Locations	Solvent Fees Collected	Registration Fee - Gross Receipts >\$150,000	Registration Fee - Gross Receipts <\$150,000
Facility (aka: Participating Facility)	696	Yes (perchloroethylene: \$20 per gal / other solvent: \$3 per gal)	\$2,500	\$250
Participating Non-Perchloroethylene Facility (<i>type will not transfer to new owner</i>)	18	No (should not be receiving perchloroethylene)	\$2,500	\$250
Non-Participating Non-Perchloroethylene Facility (<i>type will transfer to new owner</i>)	137	No (should not be receiving perchloroethylene)	\$250	\$250

Type	Number of Locations	Solvent Fees Collected	Registration Fee - Gross Receipts >\$150,000	Registration Fee - Gross Receipts <\$150,000
Drop Station (aka: Participating Drop Station)	792	Not Applicable (should not be receiving solvent)	\$750	\$250

Dry Cleaning Facility Release Fund (Fund 5093)

The Dry Cleaning Facility Release Fund (Fund) includes revenues from registration fees, solvent fees, deductibles, penalties, and interest.

Table 4. FY 2023 Fee Collection Report

Revenue Type	Amount
Registration Fees	\$2,314,388
Solvent Fees	\$361,366
Deductibles, Penalties, and Interest	\$17,625
TOTAL COLLECTIONS	\$2,693,379

In accordance with Texas Health and Safety Code, Section 374.055, money in the Fund must be used to address contamination resulting from releases from dry cleaning facilities. The amount expended in a fiscal year is dependent upon the amount appropriated by the Texas Legislature. In FY 2023, the TCEQ DCRP budget was \$3,427,185 to address contaminated dry cleaning facilities.

The TCEQ may spend money from the Fund on administrative expenses not to exceed 15% of the amount of money credited to the Fund in the same fiscal year as the expenditures. The total collections in the Fund in FY 2023 were \$2,693,379. In FY 2023, the DCRP expended less than the allowable 15% to administer the program.

The Fund balance as of August 31, 2023, was approximately \$18,586,125.

As of August 31, 2023, the total revenue collected was approximately \$90,661,582.

Compliance and Enforcement Actions

The TCEQ conducted 13 on-site investigations for dry cleaning facilities in FY 2023. Eleven of the investigations were at dry cleaning drop stations and two of the investigations were at dry cleaning facilities that generate hazardous waste. A total of nine dry cleaner violations were found as a result of investigations at dry cleaning facilities.

In FY 2023, the TCEQ did not issue any administrative orders against any dry cleaning facility and there were no penalties assessed.

Corrective Actions

In FY 2023 the TCEQ received 14 applications for ranking. As of August 31, 2023, there were 238 sites in the DCRP.

The TCEQ may postpone or indefinitely suspend corrective action at a site in order to make money available for corrective action at a site with a higher priority. As of August 31, 2023, there were 149 active sites and 89 postponed sites (Attachment 1).

The DCRP completed corrective action at nine sites in FY 2023 for a total of 110 sites closed (Attachment 2).
