

SFR-083/22 • November 2022
TCEQ Remediation Division

Dry Cleaning Activities

Report to the 88th Texas Legislature

Prepared by
Remediation Division

SFR-083/22
November 2022

Background on the Dry Cleaner Environmental Response Program

The Dry Cleaner Environmental Response Program was created in 2003 by House Bill 1366 (78th Legislature, regular session) and codified in the Texas Health and Safety Code (THSC), Chapter 374. This law established new environmental standards for dry cleaners and a remediation fund to assist with the assessment and remediation of contamination caused by dry cleaning solvents. The Dry Cleaner Environmental Response Act of 2003 was amended in 2005 by House Bill 2376 and Senate Bill 444 (79th Legislature, regular session); in 2007 by House Bill 3220 (80th Legislature, regular session); in 2009 by House Bill 3547 (81st Legislature, regular session) and in 2021 by Senate Bill 872 (87th Legislature, regular session).

About This Report

The Texas Commission on Environmental Quality (TCEQ) is required to submit, on or before Dec. 1 of each even-numbered year, a report to the governor, lieutenant governor, speaker of the house of representatives, and members of the appropriate standing committees of the senate and the house of representatives (THSC, Section 374.056). This report shall include a compilation of the following data for the previous two fiscal years:

- 1) The funds collected and deposited to the Dry Cleaning Facility Release Fund (the Fund).
- 2) The disbursements from the Fund and the purposes of the disbursements.
- 3) The extent of corrective action conducted.
- 4) The ranking of sites on the date the report is made.

Funds Collected and Deposited to the Fund (5093) during FY21 and FY22

Dry cleaning facilities, drop stations, property owners, and preceding property owners are required to pay fees when registering with TCEQ. Dry cleaning facilities must also pay fees when purchasing solvent from distributors. In addition to these primary revenue sources, the fund also includes revenue from deductibles, penalties, and interest. See Table 1.

Table 1. Revenue Sources for the Fund

Source	FY21	FY22
Registration Fees	\$2,370,203	\$2,466,987
Solvent Fees	\$339,548	\$404,521
Deductibles, Penalties, and Interest	\$4,152	\$19,908
Total Collections	\$2,713,903	\$2,891,416

As of Aug. 31, 2022, 23 solvent distributors, 209 property owners and preceding property owners, 912 facilities, and 976 drop stations were registered with TCEQ. Table 2 lists the number of registrations for the past five fiscal years.

Table 2. Number of Registrations During Fiscal Years 2018-2022

Registrations by Fiscal Year	Property Owner	Facilities	Drop Stations	Total of Facilities & Drop Stations
Fiscal Year 2018	211	1,241	1,485	2,726
Fiscal Year 2019	207	1,189	1,409	2,598
Fiscal Year 2020	209	1,119	1,340	2,459
Fiscal Year 2021	206	955	1,083	2,038
Fiscal Year 2022	209	912	976	1,888

Table 3 shows the number of facilities and drop stations in each category of self-reported gross receipts.

Table 3. Self-Reported Gross Receipts by Status and Type

Registration Status and Receipts	Facilities	Drop Stations
Participating status, gross receipts >\$150,000	541	316
Non-Participating status, gross receipts >\$150,000	96	20
Participating status, gross receipts <\$150,000	221	584
Non-Participating status, gross receipts <\$150,000	54	56
Total Registrations	912	976

Current perchloroethylene (perc) use was reported at 394 facilities and 518 facilities reported the use of other solvents.

There are five basic types of facilities and drop stations as they relate to the fund. In addition, property owners and preceding property owners are required to register to receive benefits from the fund. The registration categories are as shown in Table 4.

Table 4. Registration Types and Fees

Type	Solvent Fees Collected	Registration Fees - Gross Receipts >\$150,000	Registration Fee - Gross Receipts ≤ \$150,000
Facility (aka: Participating Facility)	Yes (perchloroethylene: \$20 per gallon / other solvent: \$3 per gallon)	\$2,500	\$250
Participating Non-Perchloroethylene Facility (type will not transfer to new owner)	No (should not be receiving perchloroethylene)	\$2,500	\$250
Non-Participating Non-Perchloroethylene Facility (type will transfer to new owner)	No (should not be receiving perchloroethylene)	\$250	\$250
Drop Station (aka: Participating Drop Station)	N.A. (should not be receiving solvent)	\$750	\$250
Non-Participating Non-Perchloroethylene Drop Station (type will transfer to new owner)	N.A. (should not be receiving solvent)	\$125	\$125
Dry Cleaner Property Owner and Preceding Dry Cleaner Property Owner (Property owner registration can transfer to new property owner)	N.A. (Solvent fees do not apply)	\$1,500 Annual fee beginning FY 08 is not based on gross receipts.	
		Dry Cleaner Property Owner or Preceding Dry Cleaner Property Owner registration is required by Dec. 31, 2007. Late fees will be assessed at the rate of \$100 per month beginning Jan. 1, 2008, until registration occurs.	

Note: The term "Non-perchloroethylene" means the owner has:

- 1) demonstrated that the owner has never used or allowed the use of the dry cleaning solvent perchloroethylene at any dry cleaning facility or drop station in Texas;
- 2) demonstrated that perchloroethylene has never been used at that location;
- 3) agreed that perchloroethylene will not be used as a dry cleaning solvent at the facility or drop station; and
- 4) obtained the written consent of the person who owns the real property on which the dry cleaning facility or drop station is located.

Disbursements from the Fund and the Purposes of the Disbursements

Disbursements from the fund during FY21 and FY22 total \$7,354,531, as follows:

Table 5. FY21 and FY22 Disbursements

Corrective Action costs*	\$6,436,599
Administrative costs	\$917,932
TOTAL DISBURSEMENTS, FYs 21-22	\$7,354,531

**For FY21, Corrective Action costs are representative of invoices paid. For FY22, Corrective Action costs are representative of total obligated costs from work issued to TCEQ Contractors, not invoices paid.*

Extent of Corrective Action and Ranking of Sites

Application for Ranking: Eligible facility/drop station owners or property owners may submit an Application for Ranking to the TCEQ Dry Cleaner Remediation Program (DCRP) if there has been a release of dry cleaning solvent from a dry cleaning facility. Complete applications are reviewed and ranked by TCEQ within 90 days of receipt. In FY21 and FY22, TCEQ received a total of 21 Applications for Ranking.

Site Ranking and Prioritization: The dry cleaning site ranking system is a methodology designed to determine a numerical score for a facility based on factors that may impact human health or the environment. Site ranking is a measure of a site's potential impact to human health and the environment. TCEQ ranks sites using site environmental data supplied by the applicant. Site prioritization is based in part on site ranking but also takes into account non-risk factors. TCEQ prioritizes all ranked sites at a frequency of every 6 months or less. As of Sept. 1, 2022, TCEQ has ranked and prioritized 341 Applications for Ranking.

Corrective action at a site may be postponed or suspended in order to make money available for corrective action at a site with a higher priority. In FY21, funding was available to conduct corrective actions at 135 of 233 sites. In FY22, funding was available to conduct corrective actions at 135 of 237 sites. As of Sept. 1, 2022, funding is available to conduct corrective actions at 135 of 240 sites.

Corrective Action: Corrective action includes the assessment and remediation (i.e. cleanup) of soils, groundwater or surface water affected by a release of dry cleaning solvent. Except in the event of emergency action, corrective action does not begin at a site until the DCRP has conducted both site ranking and site prioritization.

The corrective action process involves several different phases:

- Assessment - characterization of extent of contamination and environmental impact;
- Remediation - assessment is complete and cleanup has begun;
- Monitoring - additional data collection to confirm effectiveness of the remediation; and
- No Further Action / Closure - site has met regulatory closure standards.

The majority of the sites are in the assessment phase, and an increasing number have entered the remediation phase. As of Aug. 31, 2022, corrective action has been completed at 101 sites. These sites have met TCEQ regulatory closure standards.

The following table summarizes the corrective action phase, priority status, and site priority rank for each of the sites in the DCRP.

Table 6. Corrective Action and Site Rankings

DCRP Site Number	Site Name	City	Corrective Action Phase	Priority Status	Site Priority Rank
1	Former Hallmark Cleaners	Houston	Withdrawn	NA	NA
2	Cooks Cleaners	Rosenberg	Closed FY08	NA	NA
