

# TEXAS COMMISSION ON ENVIRONMENTAL QUALITY VOLUNTARY CLEANUP PROGRAM **AMENDMENT INSTRUCTIONS**

The information provided on the Voluntary Cleanup Program (VCP) application will be used to determine a site's eligibility for participation in the VCP. The application assumes that at a minimum, a Phase I Environmental Site Assessment or similar investigation has been completed at the site. **A TCEQ Form 10400 (CORE data form) must be attached to the application. Incomplete, outdated or inaccurate applications will be rejected.**

## **General Information**

This provides site-specific information and should be completed in the greatest detail possible.

## **Applicant(s)**

Applicant A is generally considered the person requesting the Certificate of Completion (COC) and agreeing to pay Texas Commission on Environmental Quality (TCEQ) oversight costs. If billing should be directed to another person or address, be sure to provide this information on the application form under Billing Information along with written proof of consent to be billed.

## **ATTENTION – PLEASE FOLLOW THESE GUIDELINES BELOW FOR APPLICATION AMENDMENTS**

**Submittal of Revised VCP Application:** If a prospective buyer wants to apply as a new or co-applicant and receive a COC, an amended or revised application will be required. Please prepare and submit a new VCP application and agreement, \$1000 VCP application fee and TCEQ CORE data form. These items should be sent to the TCEQ Cashier's Office at the address listed on the VCP application form. Please include a cover letter that states that you are amending an application of an existing VCP site. You should also reference the **"PCA Number"** and original **VCP ID** on the cover letter, application and \$1000 check.

**Withdrawal of Applicant "A" with New Party Assuming Cleanup:** If Applicant "A" is withdrawing from the VCP and another party is assuming the role of Applicant "A" and is also the new billing party, an amended or revised VCP application and agreement, \$1000 VCP application fee and TCEQ CORE data form should be submitted. These items should be sent to the TCEQ Cashier's Office at the address listed on the VCP application form. Please include a cover letter that states that you are amending an application of an existing VCP site. You should also reference the **"PCA Number"** and original **VCP ID** on the cover letter, application and the \$1000 check.

**Please fill out an APPLICATION AMENDMENT Form when you submit any amendments or changes in responsible party and submit to the Cashier's office, along with a cover letter as described above.**

Except for certain exceptions with phased response actions, a person (e.g., a future owner, future lessee, future operator or lender) who is not a responsible party under §361.271 or §361.275(g) at the time they apply or (if not on the application) when the TCEQ issues a COC is qualified to obtain the protection from liability provided by §361.610(b), Subchapter S, Solid Waste Disposal Act (SWDA) (Health and Safety Code, Section 1, Chapter 361). Therefore, a qualified person who intends to purchase a VCP property before the COC is issued, should ensure that they become an applicant before purchase in order to benefit from this liability protection (§361.610(a), SWDA).

## **Current Site Owner**

If the current owner is not included as an applicant, then provide the requested information on the application form for the current property owner.

## **Other Contacts**

If others are involved in the voluntary cleanup, such as an environmental consultant or legal representative, provide the requested information for this person. These persons should be (in the applicant's determination) those with the greatest capability to provide site-specific information or make decisions related to the voluntary cleanup.

## **Billing Information**

If the billing is to be directed to someone other than Applicant A, provide the requested information and have the billing party sign the application under Billing Information, indicating their consent to be obligated for payment of TCEQ oversight costs. If an applicant desires to change the billing party after the VCP agreement has been signed, then a new application will be required. In addition, if the original billing party desires to close out their account with the TCEQ and receive a final billing invoice, then the new application must include an application fee (\$1,000).

## **Current Property Use**

Check the correct category or provide a more appropriate description under "Other." If the site is divided into more than one use category, indicate this by providing the percent of the land area used for each land use category. If the site is non-residential, describe the type of business.

## **Involvement with Other Regulatory Programs**

Describe any contact with any state or federal regulatory program. Please provide names and dates, contacts and any actions taken as a result of these contacts. It is especially important to describe any order, notice of violation, permits or inspections related to the site, as this may directly impact the eligibility of the site for participation in the VCP. No site which is under a TCEQ permit or order is eligible to participate in the VCP. The term TCEQ permit does not apply to wastewater or air permits, but is intended only for permits which address site cleanup. If there has been no prior contact with any state or federal environmental regulatory agency, indicate this by checking "No." This section must not be left blank.

## **Applicant's Intended Response Action Objectives**

This section is requesting information about the applicant's intentions related to the site cleanup. The applicant is not required to make this decision this early in the process; however, if the applicant has made this determination, it will make completion of the VCP agreement easier. Please check the appropriate selection.

## Federal Brownfields Tax Deduction

The Taxpayer Relief Act (HR 214) signed on August 5, 1997, includes a tax incentive to encourage the cleanup and redevelopment of Brownfields in distressed urban and rural areas. The eligible time period for this law is from August 5, 1997 until December 31, 2004.

To receive the tax deduction, you must obtain pre-certification from the TCEQ that the property is located within a targeted area and the property has had a release or threat of release, or disposal of any federal hazardous substance. A federal hazardous substance, as defined in section 101(14) of CERCLA 1980 is:

“(A) any substance designated pursuant to section 311(b)(2)(A) of the Federal Water Pollution Control Act, (B) any element, compound, mixture, solution, or substance designated pursuant to section 102 of this Act, (C) any hazardous waste having the characteristics identified under or listed pursuant to section 3001 of the Solid Waste Disposal Act (but not including any waste the regulation of which under the Solid Waste Disposal Act has been suspended by Act of Congress), (D) any toxic pollutant listed under section 307(a) of the Federal Water Pollution Control Act, (E) any hazardous air pollutant listed under section 112 of the Clean Air Act, and (F) any imminently hazardous chemical substance or mixture with respect to which the Administrator has taken action pursuant to section 7 of the Toxic Substances Control Act. **The term does not include petroleum, including crude oil or any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under subparagraphs (A) through (F) of this paragraph, and the term does not include natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel (or mixtures of natural gas and such synthetic gas).**”

In addition to the petroleum exclusion, you should be aware of several other requirements including:

- ◇ The property must be held by the taxpayer incurring or paying the expenses;
- ◇ The property must be held for use in a trade or business or for the production of income, or property included in the taxpayer’s inventory;
- ◇ The property is not a site on U.S. Environmental Protection Agency’s (EPA’s) National Priorities List (Federal Superfund);
- ◇ For costs incurred before December 16, 2000, the property must be located in one of four eligible areas:
  - Brownfields Pilot areas designated prior to February 1997;
  - Census tracts where 20 percent or more of the population is below the poverty level;
  - Census tracts that have a population less than 2,000 and have 75 percent or more of their land zoned for industrial or commercial use, and are adjacent to one or more census tracts with a poverty rate of 20 percent or more; or
  - Any empowerment zone or enterprise community (EZ/EC) (and any supplemental zone designated on December 21, 1994). EZ/EC designated areas may be located by contacting the Texas Department of Economic Development at (512) 936-0260.

To receive pre-certification, please download and complete a Brownfields Federal Tax Deduction Pre-Certification Form located at <http://www.tceq.state.tx.us/assets/public/remediation/vcp/taxform> and return it to the address listed at the bottom of the form. For additional information regarding the federal brownfields tax deduction, contact the USEPA at (202) 260-3525.

## State Property Tax Abatement

Effective September 1, 1997, the Texas Tax Code, Chapter 312 was amended by Senate Bill 1596 to provide ad valorem tax incentives for the development or redevelopment of certain properties cleaned up through the VCP. Only properties located within a reinvestment zone, as defined in the Texas Tax Code, are eligible for the tax abatement. The change in the tax code allows the governing body of a municipality to enter into a tax abatement agreement with a property owner to exempt from taxation a portion of the value of the property for a period not to exceed four years after the date the owner receives a VCP COC. Also, the property owner must have signed a VCP agreement prior to entering into an agreement with the governing body of a municipality. The tax exemption takes effect the next year after the date the owner receives a VCP COC. A property owner who files a copy of the COC for the first tax year is not required to refile the COC in subsequent tax years to receive a tax abatement. Cancellation or modification of the tax abatement may occur should the land use change to a use which may result in an increased risk to human health or the environment. School districts are not eligible to enter into a tax abatement agreement to exempt from taxation an owner who receives a VCP COC. Properties with projects funded by tax increment bonds are also not eligible.

## Environmental Assessment

A copy of the Phase I Environmental Site Assessment and all other previously completed site investigation reports, if any, should be submitted with the completed application. The assessment should be of sufficient detail to fulfill the requirements of SWDA, §361.604(c)(1)-(5). At a minimum, the document should identify all areas of known or suspected contamination that will be addressed by the VCP application and agreement. Specifically, the Phase I Environmental Site Assessment must include, but is not limited to the following items:

1. A legal description of the site, including a site map drawn to scale;
2. A description of the physical characteristics of the site;
3. A discussion of the operational history of the site to the extent the history is known by the applicant;
4. Information of which the applicant is aware concerning the nature and extent of contamination at the site and in areas immediately contiguous to the site; and
5. Relevant information of which the applicant is aware concerning the potential for human exposure to contamination at the site.

A detailed explanation of these items is presented on the next page.

### Legal Description of the Site

A legal description of the property must be prepared for the site. Although the legal description does not have to include a survey performed by a licensed surveyor at the time of application, the description should provide adequate detail such that the areal extent and location of the site is obvious. Include a site map drawn to scale which clearly indicates property boundaries and also surrounding properties. It may be necessary to include two maps of different scale; at least one map should indicate the site location relative to the intersection of two major roads.

A metes and bounds legal property description conducted by a registered professional survey is required for **partial response action areas (PRAAs)**. For sites other than PRAAs, a lot and block legal property description along with the name of the site owner, must meet the Texas Health and Safety Code

§361.609(b) legal description requirement. However, if a lot and block legal property description does not exist, a metes and bounds property description will be necessary to accurately describe the boundaries of the area covered by a COC. A new metes and bounds survey is not necessary if a previously completed survey matches the property description.

All legal property descriptions should also include a map which accurately identifies the entire area covered by the COC. The map must be submitted in order for VCP project managers to verify that the site physical address correlates with the legal property description. This map should display a Texas-registered land surveyor's stamp (for a metes and bounds description) or some other indication that it is permanently contained in the county property records (for a lot and block description).

### Physical Characteristics of the Site

The physical characteristics of the site must be described using a map illustrating site features. The site map must depict the following: property lines, building and road outlines, potential contamination source areas (i.e., chemical storage areas, above and below ground tanks, process equipment, loading/unloading areas, floor drains, waste treatment, storage, or disposal areas), surface water bodies, water supply wells and utility rights-of-way. In addition, a map must be prepared that identifies adjacent property uses (e.g., gas station, dry cleaner, battery recycler or residential).

### Summary of Operational History

A summary of the historical and current business operations must be prepared for the site with an emphasis upon identifying possible contaminant source areas. The summary should include a list of the potential source areas and a discussion of the types of contaminants for each area if known. A map must be included that clearly identifies known or suspected primary source areas (process area, product storage, etc.) and secondary source areas (contaminated environmental media).

### Nature and Extent of Contamination

To the degree that it is known at the time of VCP application, the nature and extent of contamination must be described. At a minimum, a site map must be prepared illustrating known or suspected areas of contamination.

### Potential for Human and Environmental Exposure

Discuss potential exposure and risk to human health and the environment presented by known or suspected contamination at the site or PRAA. Highlight any areas that may require immediate action.

### **How Long Does it Take to Process Applications?**

As per §361.604(d) SWDA, applications will be processed in the order they are received. The TCEQ will provide written notice of the acceptance or rejection of an application within 45 days of receipt. If the application is rejected because it is not complete or accurate, the TCEQ will provide written notice of the rejection, which includes a list of information needed to make the application complete or accurate. The applicant will then have 45 days to resubmit the application with the requested information without incurring an additional application fee. If the application is not resubmitted in the allotted time frame or if the application was rejected because the site was not eligible, the TCEQ will refund half of the application fee (\$500) as per 361.605(c) SWDA.

## **Can I Submit an Agreement with the Application?**

VCP applicants may submit a VCP agreement with the application. To enable the VCP project manager to begin work on the project as soon as possible, applicants are encouraged to submit a signed VCP agreement with the application if they are able to complete at least some of the information required for a complete agreement. This generally includes: (1) the name, address and phone number for persons (not to exceed two) the applicant desires to receive copies of documents which the TCEQ issues; (2) applicable rules; (3) anticipated submittals with a schedule for submission; and (4) proposed future land use. The VCP project manager can complete any missing information after discussing the site with the applicant.

**ATTENTION: Please do not submit this application without attaching a CORE Data Form (TCEQ-10400) for Applicant A. If you do not submit this form, the TCEQ will not be able to process the application in a timely manner. You may find this form at:**

**[http://www.tceq.state.tx.us/permitting/central\\_registry/guidance.html](http://www.tceq.state.tx.us/permitting/central_registry/guidance.html)**

**If you have any questions on how to fill out this form or about the VCP, please contact us at 512/239-5894.**

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact the TCEQ at 512-239-3282.

**\*\*\* IMPORTANT NOTICE \*\*\***  
**FOR ALL TCEQ REGULATED ENTITIES**  
**NEW PROTOCOL FOR PROCESSING APPLICATIONS**

Effective September 1, 2006, the Texas Commission on Environmental Quality (TCEQ) will not issue, amend, or renew permits, registrations, certifications, or licenses to an entity or person who owes delinquent penalties or fees.

Any application submitted by a person/entity who is delinquent on a fee and/or penalty will not be declared administratively complete until the fees/penalties are paid and/or current. Similarly, final action will be withheld by the agency on an application if it is discovered after the application is considered administratively complete that the owner/entity who submitted the application is delinquent on fees and/or penalties until such time as the fees/penalties are paid and/or current. In all cases, a review of delinquent fees and/or penalties will occur just prior to a project being presented at agenda.

If delinquent fees and/or penalties are owed, the applicant will be given 30 days or less to make payment in accordance with specific program rules and regulations. If payment is not received in the established timeframe, the application will not be processed and will not be declared administratively complete and/or voided.

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY  
VOLUNTARY CLEANUP PROGRAM *APPLICATION AMENDMENT***

**Program Application**

Please complete this form, a Texas Commission on Environmental Quality (TCEQ) Form 10400 and an agreement form to request assistance and review from TCEQ staff in the Voluntary Cleanup Program (VCP) pursuant to §361.604 of the Texas Solid Waste Disposal Act. You may download this document, TCEQ Form 10400 and any other VCP documents via the Internet at <http://www.tceq.texas.gov/remediation/vcp>

Complete all applicable sections. The TCEQ may reject incomplete or inaccurate applications as per §361.605 of the VCP statute. To accurately complete this form, please refer to the VCP Application Instructions or call the TCEQ's Voluntary Cleanup Section at (512) 239-5891 with any questions concerning the completion of this form.

**Current Property Use** (Use percentage if site is divided into different use categories.)

Residential \_\_\_\_\_ Other (e.g., agricultural, recreational) \_\_\_\_\_  
 Non-residential \_\_\_\_\_ If non-residential, **type of business** \_\_\_\_\_

Is a real estate transaction imminent for this site? Yes \_\_\_ No \_\_\_  
 If yes, what is the planned closing date? \_\_\_\_\_

**Latitude/Longitude**

Latitude (degrees, min., sec. N or decimal degrees) \_\_\_\_\_

Longitude (degrees, min., sec. W or decimal degrees) \_\_\_\_\_

Date of collection \_\_\_\_\_ Organization providing collection data \_\_\_\_\_

Check the method used to determine latitude and longitude:

\_\_\_\_ GPS - Real Time Differentially Corrected \_\_\_\_\_

\_\_\_\_ GPS - Post Processed Differentially Corrected \_\_\_\_\_

\_\_\_\_ Map Interpolation - Manual \_\_\_\_\_

\_\_\_\_ Map Interpolation - Digital \_\_\_\_\_

\_\_\_\_ DOQQ \_\_\_\_\_

If using GPS, please state professional unit brand name, model number and accuracy tolerances.

If using Map Interpolation, please state which USGS quad map was used for interpolation.

If using DOQQ Interpolation, please state which DOQQ was used for interpolation.

Does the latitude and longitude listed above refer to the

\_\_\_\_ Center of the property?

\_\_\_\_ Main entrance to the property?

\_\_\_\_ Other, please describe \_\_\_\_\_

### **VCP Eligibility and Involvement with Other Regulatory Programs**

Is the site subject to a TCEQ permit or administrative order? Yes \_\_\_\_ No \_\_\_\_

Have response actions been initiated at the site on or after April 19, 1996 that were not covered by a VCP agreement? Yes \_\_\_\_ No \_\_\_\_

Note: Response actions initiated by the VCP applicant on or after April 19, 1996, that were not covered by a VCP agreement may cause the applicant to become ineligible for the VCP.

Has a state or federal Notice of Violation or any other notice of enforcement action been issued relating to contamination at the site? Yes \_\_\_\_ No \_\_\_\_

Has there been any prior contact with any state or federal environmental regulatory programs or agencies relating to environmental issues at this site? Yes \_\_\_\_ No \_\_\_\_

If yes, please describe all prior contact with any state or federal environmental regulatory programs or agencies which relate to each of these questions. Attach additional sheets as necessary. \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

Is a request for reimbursement pre-approval currently under review by the Petroleum Storage Tank (PST) Program? Yes \_\_\_\_ No \_\_\_\_

If yes, then please describe the site's status in the PST Program: \_\_\_\_\_

Please provide any and all state and federal identification numbers related to the property in question, including any solid waste registration, leaking petroleum storage tank, CERCLIS, RCRIS, UIC, etc. registration numbers which have been assigned. \_\_\_\_\_

**Contaminated Media and Contaminants Present**

Have contaminants been detected in on-site media? Yes \_\_\_\_ No \_\_\_\_

Please check the chemicals of concern within each contaminant category and the media which have been affected:

Contaminant Category	Soil	Groundwater	Surface Water	Sediment
*VOCs				
*SVOCs				
*Heavy Metals				
*Chlorinated Solvents				
Pesticides				
TPH				
PCBs				
Other _____				

\*Please describe: \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

**Applicant's Intended Response Action Objectives (Cleanup Levels)**

\_\_\_\_\_ Not known at this time. Applicant wishes to receive guidance from the VCP prior to the signing of a VCP agreement.

**Texas Risk Reduction Program Rules (30 TAC Chapter 350) - Check Appropriate Standard and Tier Level:**

\_\_\_\_\_ Self-Implemented Cleanup to Remedy Standard A, Tier 1 \_\_\_\_ Tier 2 \_\_\_\_ Tier 3 \_\_\_\_

\_\_\_\_\_ Non Self-Implemented Cleanup to Remedy Standard A, Tier 1 \_\_\_\_ Tier 2 \_\_\_\_ Tier 3 \_\_\_\_

\_\_\_\_\_ Cleanup to Remedy Standard B, Tier 1 \_\_\_ Tier 2 \_\_\_ Tier 3 \_\_\_

**PST Rules (30 TAC Chapter 334) - Check Appropriate Standard:**

- \_\_\_\_\_ Cleanup to generic risk-based levels (following PST Plan A requirements).
- \_\_\_\_\_ Cleanup to site specific risk-based levels not relying on engineering or institutional controls (following PST Plan B requirements).
- \_\_\_\_\_ Cleanup to site specific risk-based levels which rely on engineering or institutional controls (following PST Plan B requirements).
- \_\_\_\_\_ Other (explain) \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**Federal Brownfields Tax Deduction**

Are you requesting TCEQ certification that the site is eligible for a federal tax deduction under the Taxpayer Relief Act of 1997 (HR 2014)? Yes\_\_\_\_\_ No \_\_\_\_\_

If yes, please submit a Brownfields Tax Deduction Pre-Certification Form. This form may be downloaded from <http://www.tceq.state.tx.us/assets/public/remediation/vcp/taxform>

**State Property Tax Abatements for Brownfields**

Are you interested in signing an agreement with the local taxing authority to receive a property tax abatement after issuance of the VCP Certificate of Completion, as allowed under Section 312.211 of the Texas Tax Code? Yes\_\_\_\_\_ No \_\_\_\_\_

If yes, please read the application instructions for more information about this tax abatement.

**Environmental Assessment**

An environmental assessment that includes the following information must be attached to this application:

1. a legal description of the site, including a site map drawn to scale;
2. the physical characteristics of the site;
3. the operational history of the site, to the extent the history is known by the applicant;
4. information that the applicant is aware of concerning the nature and extent of any contamination and/or release at the site and in areas contiguous to the site; and
5. relevant information the applicant is aware of concerning the potential for human and environmental exposure to contamination at or emanating from the site.

**Intent to Participate**

The undersigned requests oversight by the TCEQ of investigation and cleanup activities of possible contamination at the property described above and intends to negotiate in good faith, a written agreement

with the TCEQ to provide technical and regulatory oversight. This Intent to Participate does not constitute such an agreement and neither TCEQ nor the undersigned will be bound to proceed with VCP oversight unless such an agreement is executed. Applicants should be aware that in order for the TCEQ to issue a VCP Certificate of Completion for an entire site, the applicant must provide adequate information to document that the entire site meets the applicable standards. As an alternative, the applicant may pursue a VCP Certificate of Completion for only a portion of the site, as a partial response action area. The agreement will describe the project activities of each party and will require Applicant A (unless indicated otherwise on page 2 of this form) to reimburse the TCEQ for all of its oversight costs. By completing and signing this Intent to Participate and that excepting areal limitations with partial response actions, all environmental media which exceed the critical Protective Concentration Levels shall be addressed through appropriate response actions. The undersigned affirms the applicant's financial capability to perform the voluntary cleanup. The Executive Director may also request additional information to support this affirmation.

With this Intent to Participate, the undersigned does not admit or assume liability for investigation or cleanup of the site. In addition, the undersigned may terminate the Intent to Participate at any time. If the TCEQ rejects the application, it will notify the applicant and explain the reasons for rejection and will refund half of the application deposit, unless the applicant indicates a desire to resubmit a corrected application. An applicant can resubmit an application once without submitting an additional application fee, if the applicant resubmits within 45 days after the rejection notice date.

### **Deposit of Oversight Costs**

The applicant must submit with this application, a deposit in the amount of one thousand dollars (\$1,000), and made payable to the Texas Commission on Environmental Quality. Deposits may be made in the form of company or personal checks. If a deposit check is returned due to insufficient funds, the application will be considered incomplete and will be rejected. Cash deposits will not be accepted.

**Please execute this Intent to Participate in the space below and return it and all associated documents (e.g., environmental assessment reports) to:**

**Attention: Cashier  
Texas Commission on Environmental Quality  
MC- 214  
P.O. Box 13088  
Austin, Texas 78711-3088**

**For overnight or express mail please use the following street address:**

**Attention: Cashier  
Texas Commission on Environmental Quality  
MC-214  
12100 Park 35 Circle  
Austin, Texas 78753**

**\*\*\*\*\*Please do not send the application and associated documents directly to the VCP. This will only result in a delay in processing your application.\*\*\*\*\***

**If you have any questions on how to fill out this form or about the VCP, please contact us at 512/239-5894.**

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact the TCEQ at 512-239-3282.

**Correctness of Information**

The undersigned affirm that the information contained in this application is true and accurate to the best of their knowledge.
