Re: Certificate of Completion
Smiths Office Park, 9876 Main Street, Anytown, Williams County; Voluntary Cleanup Program
(VCP) No. 123; Customer No. CN123456789; Regulated Entity No. RN987654321

Dear Ms. Smith:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the January 1, 2009 report entitled Response Action Completion Report (RACR) as well as other requested information. Based on this review, the TCEQ has determined that the Partial Response Action Area (PRAA) has attained Texas Risk Reduction Program Remedy Standard A commercial/industrial land use standards for all exposure pathways in accordance with 30 Texas Administrative Code §350.32. Therefore, the TCEQ issues the enclosed final COC. The TCEQ records for this site will be maintained at the Central Records office of the TCEQ in Austin, Texas.

Response actions performed in the VCP which do not attain residential health-protective levels or which rely upon physical controls, remediation systems, post-response action care, or permanent or non-permanent institutional controls (for this purpose inclusive of PST exposure assumptions) require filing of the certificate in the real property records of the county in which the site is located in accordance with 30 TAC §333.9. Please submit proof of filing the certificate in the real property records no later than 90 days from the date of the certificate to my attention at the TCEQ, VCP-CA Section, mail code MC-221, at the letterhead address. Failure to submit proof of filing demonstrating that the certificate was filed within 90 days of issuance may result in termination of the VCP agreement and an enforcement action.

Please be aware that there may be outstanding charges reflecting TCEQ oversight activities that occurred prior to the date of this letter that may still be forthcoming. You may contact Jim Jones with any questions or comments you have at (512) 239-2200.

Sincerely,

Division Director's Signature

Affidavit of Completion of Response Actions
VCP No. 123

BEFORE ME, the undersigned authority, on this day personally appeared Jane Smith, as an authorized representative of Smiths Enterprise, Inc., known to me to be the person whose name is subscribed below who being by me first duly sworn, upon their oath, stated as follows:

I am over the age of 18 and legally competent to make this affidavit. I have personal knowledge of the facts stated herein.

Smiths Enterprise, Inc. (Applicant) has completed response actions pursuant to Chapter 361, Subchapter S, Texas Health and Safety Code, at the tract of land described in Exhibit "A" to this certificate that pertains to Smiths Office Park (Site), VCP No. 123 located at 9876 Main Street, Anytown, Williams County, Texas. The Site was owned by Smiths Enterprise, Inc. at the time the application to participate in the Voluntary Cleanup Program was filed. The Applicant has submitted and received approval from the Texas Commission on Environmental Quality (TCEQ) Remediation Division on all plans and reports required by the Voluntary Cleanup Agreement. The plans and reports were prepared using a prudent degree of inquiry of the Partial Response Action Area (PRAA) consistent with accepted industry standards to identify all hazardous substances, waste and contaminated media of regulatory concern. The response actions for the PRAA have achieved standards acceptable for commercial/industrial land use as determined by the TCEQ.

The response actions substantially eliminated present or future risk to public health and safety and to the environment from releases and threatened releases of hazardous substances and/or contaminants at or from the PRAA. The Applicant has not acquired this certificate of completion by fraud, misrepresentation or knowing failure to disclose material information. Further information concerning the response action at this PRAA may be found in the final report at the central office of the TCEQ under VCP No. 123.

The preceding is true and correct to the best of my knowledge and belief.
