Subject: RE: Enforcement Discretion
Date: Friday, March 20, 2020 1:29:37 PM

Good afternoon Ms. Hanes,

Your request is approved in accordance with the representations outlined in your request. Specifically you will place the public notice binder at the public library upon re-opening; therefore, extending the public comment period 30 days after that date.

At this time, it was publicly announced by Matt Sebesta that the tentative reopening date for the Public Library is March 30th, 2020.

We are committed to work with you on matters that arise during the response to the COVID-19 pandemic. Should anything arise or if you need additional assistance, please feel free to contact us.

Sincerely,

Ramiro Garcia, Jr.
Deputy
Office of Compliance & Enforcement
TCEQ

Subject: Enforcement Discretion

Dear Agency Representative,

Today, March 19th, Chevron Phillips Chemical Company is publishing a public notice regarding:
Permit, Nonattainment, Prevention of Significant Deterioration (PSD), Greenhouse Gas (GHG)
Prevention of Significant Deterioration (PSD) Permit Amendment and Issuance Application
Permit Numbers: 103832, N166M2, PSDTX1566 and GHGPSDTX196
Chevron Phillips Chemical Company LP
Chevron Phillips Chemical Sweeny Old Ocean Facilities
Sweeny, Brazoria County
Regulated Entity Number: RN100825249
Customer Reference Number: CN600303614

However, given the normal closure of the Sweeny Library on Mondays (March 16th) and the unforeseen library closure due to COVID-19 (Tuesday, March 17th); we were unable to place the public notice binder at the library.

“Application in a Public Place

- You must provide a copy of the complete application, the executive director’s preliminary decision (including the draft permit), the executive director’s preliminary determination summary and the executive director’s air quality analysis, (including any subsequent revisions), at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.

We ask for discretionary lenience to allow us the opportunity to place the public notice binder at the public library upon re-opening; therefore, extending the public comment period 30 days after that date.

It was publicly announced by Matt Sebesta that the tentative reopening date is March 30th, 2020.

Please respond with your feedback.
Thank you in advance for your time,

April Hanes
