Subject: Enforcement Discretion for COVID-19 – DuPont Bayport Site”.
Date: Wednesday, April 1, 2020 5:19:21 PM
Attachments: [image001.png](#)

Good afternoon, Ms. Rosales:

The TCEQ will exercise enforcement discretion for DuPont Bayport to submit the required permit alteration specified in Permit 5155A that was recently renewed and amended on March 6, 2020, and applicable to the minimum liquid flow for absorbers T-449 (EPN-5) and T-451 (EPN-7). This enforcement discretion will be in effect until May 31, 2020. The permit alteration should be submitted as soon as practicable, as conditions allow, before this date. Should an extension beyond this be needed, please re-submit your request.

Regulated entities must maintain records adequate to document activities related to any noncompliance under enforcement discretion, including details of the regulated entity’s best efforts to comply.

Regards,

Jonathan Walling, Area Director
Coastal & East Texas Area
Texas Commission on Environmental Quality

RE: Permit 5155A Alteration Submittal Extension Request
DuPont Specialty Products USA LLC
DuPont Bayport Site - Polymer Film Production Facility
Customer Reference Number: CN605620830
Regulated Entity Number: RN102662970

Mr. Ramiro,

Due to impacts from COVID-19 (coronavirus), DuPont Bayport Site (“DuPont”) is

requesting your approval for an extension to submit the required permit alteration specified in Permit 5155A that was recently renewed and amended on March 6, 2020. The new Permit 5155A includes a stipulation in Special Condition 12 that requires DuPont to submit a permit alteration application within 30 days of the permit issuance to establish the minimum liquid flow for absorbers T-449 (EPN-5) and T-451 (EPN-7) or by April 5, 2020. As a result of the COVID-19 crisis, DuPont had implemented measures to restrict traveling and reduced staffing company wide to protect the health of the employees and their families. Therefore, certain critical designing steps for the project are being delayed. For this reason, DuPont is requesting for an extension to May 31, 2020, to submit the required permit alteration application.

If additional information or clarification is needed, please contact Melissa Rosales at (281) 309-1459 or by email at [REDACTED]
Thank you for your prompt response to this extension request.

Sincerely,

Ed Flanagan
Plant Manager

Thank You, Melissa
