Good afternoon, Ms. Johnlouis :

Your request to delay the initial TOx and flare testing at Galveston LFG, LLC is approved and valid through May 7, 2020. The test should be completed as soon as practicable, as conditions allow, before this date. Should an extension beyond this be needed, please re-submit your request.

Regulated entities must maintain records adequate to document activities related to any noncompliance under enforcement discretion, including details of the regulated entity's best efforts to comply.

Regards,

Jonathan Walling, Area Director
Coastal & East Texas Area
Texas Commission on Environmental Quality

To Whom It May Concern,

In response to the COVID-19 pandemic and to ensure the safety of our staff, Galveston LFG, LLC (Pollution Control Project Air Quality Standard Air Permit No. 152841), will be forced to delay the initial TOx and Flare testing. This test was originally scheduled to be performed on April 7, 2020. Galveston LFG, LLC will continue to monitor the pandemic and will perform the tests in May if the situation improves.
