Date: Wednesday, May 20, 2020 12:12:41 PM

Mr. Walling,

I was able to coordinate our weekly 90-day inspections, thus there's no 90-day inspection violation waiver required.

I'm sorry to have troubled TCEQ, but I wanted to send an email for the purpose of situational awareness.

Please do not hesitate to contact me if you have any questions or require any additional information.

Thank you,

John Phillips

Subject: [Non-DoD Source] Non-Compliance due to impacts from Coronavirus NAS Corpus Christi

Good afternoon, Mr. Phillips.

The TCEQ is in receipt of your enforcement discretion request and is committed to working reasonably with the regulated community during the COVID-19 pandemic. In order for TCEQ to evaluate your request, please provide us with the specific activity and all state and/federal citations and permit conditions requiring these inspections for which discretion is being requested. In addition, please provide a specific timeframe for which enforcement discretion is being requested and when the required activities are expected to be completed. We will evaluate the request in a timely manner.

Regards,

Jonathan Walling, Area Director
Coastal & East Texas Area
Texas Commission on Environmental Quality

To who it may concern,

[REDACTED]

[REDACTED] That said, environmental is unable to fulfill our weekly hazardous waste 90-day inspections next week and/or any unforeseen compliance related issue that might arise.

Please do not hesitate to contact me if you have any questions or require any additional information. Thank you for your time.

v/r,

John Phillips
