Subject: Re: Air Quality enforcement discretion request due to Covid-19
Date: Friday, September 11, 2020 4:54:37 PM

Good afternoon Mr. Myers,

This is in response to your September 10, 2020 request seeking enforcement discretion from the 180-day permit limit or 1080 operating hours as a result of the COVID-19 pandemic. The TCEQ is committed to working with you as we respond to this pandemic. Enforcement discretion is granted only for the days documented as "Covid-19 shutdown" in your records. **No enforcement discretion is granted regarding operating hours or notification requirements.**

Per the operating records you provided, Pioneer 418044 Rock Crusher, RN110638871, was on-site February 3, 2020 and was "Covid-19 shutdown" starting April 15th. Your records also indicate "Covid-19 shutdown" ended on July 17th. These days of shutdown will not be counted against your authorized 180 days on-site. Therefore, your on-site authorization will expire on November 4, 2020. All other permit conditions apply.

The TCEQ will reserves the right to withdraw this approval.

Regards,

Randy J. Ammons, Director
North Central and West Texas Area
Texas Commission on Environmental Quality
