Re:

Pass-Through Plan Review:

City of Cleburne

Certificate of Adjudication: 12-4106 (Lake Pat Cleburne)

Dear Mr. Esquivel:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the revised pass-through plan that you submitted on September 12, 2013. Staff has reviewed your plan and finds it adequately accounts for the amount of water that should be passed downstream for the priority call. If you have not done so already, you should implement your pass through plan in accordance with the requirements of the Executive Director's July 2, 2013 Order, as affirmed and modified by the Commission. The City must continue to either pass inflows or request Brazos River Authority release of water under the City's contract.

The TCEQ appreciates your assistance in this matter and your compliance efforts to ensure protection of the State's environment. If you or members of your staff have any questions, please feel free to contact Mr. Jaime Nolasco at (512) 239-1503.

Sincerely,

Frank Burleson, Manager Program Support Section

Office of Compliance and Enforcement
