

## **TCEQ Activity Update**

### **Lake Jackson, Texas, Incident**

**Monday, Oct. 5, 2020**

The Boil Water Notice for the City of Lake Jackson remains in effect.

Personnel with TCEQ's Office of Water remain on-site to complete tasks related to the free chlorine disinfection process.

City of Lake Jackson staff checked free chlorine residuals throughout the water distribution system Monday morning, which TCEQ confirmed were conducted according to appropriate sampling methods.

TCEQ's Region 12 Houston staff collected additional samples for chlorine residual levels and conducted pressure checks throughout the day on Monday. Agency staff also took bacteriological samples, which were delivered to a lab for analysis Monday evening.
