TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

NOTICE OF PUBLIC HEARING ON PROPOSED REVISIONS TO 30 TAC CHAPTER 331

The Texas Commission on Environmental Quality (TCEQ or commission) will conduct a public hearing to receive testimony regarding proposed revisions to 30 Texas Administrative Code (TAC) Chapter 331, Underground Injection Control §§331.19, 331.107, and 331.108, under the requirements of Texas Government Code, Chapter 2001, Subchapter B.

The proposed rulemaking would implement Senate Bill (SB) 616 and SB 1061 from the 89th Texas Legislature, Regular Session, 2025. SB 616 would allow injection wells to transect the Edwards Aquifer if used for aquifer storage and recovery projects located east of Interstate Highway 35 in Williamson County or in Medina County. SB 1061 would remove the opportunity for contested case hearings for amendment to Class III production area authorizations, provided certain conditions are met, and would also direct TCEQ to prioritize the conservation of regional groundwater water supplies when reviewing an application to amend a restoration table value.

The commission will hold a hybrid virtual and in-person public hearing on this proposal in Austin on December 8, 2025, at 2:00 p.m. in Building E, Room 201S at the commission's central office located at 12100 Park 35 Circle. The hearing is structured for the receipt of oral or written comments by interested persons. Individuals may present oral statements when called upon in order of registration. Open discussion will not be permitted during the hearing; however, commission staff members will be available to discuss the proposal 30 minutes prior to the hearing at 1:30 p.m.
