

Carters and Burton – Implementation Activities **Year 2 Check In**

Management Measures:

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
TCEQ NPS Program: <ul style="list-style-type: none"> Funding 	<ul style="list-style-type: none"> Coordinate and expand existing water quality monitoring in the watershed 	<ul style="list-style-type: none"> Funding provided Schedule: Year 1: <ul style="list-style-type: none"> Establish contracts 	<ul style="list-style-type: none"> Funded and in process TWRI is monitoring <hr/> Monitoring continues and is scheduled through February 2015
TWRI: <ul style="list-style-type: none"> project management, reporting, data collection 	<ul style="list-style-type: none"> Coordinate and expand existing water quality monitoring in the watershed 	<ul style="list-style-type: none"> Funding is being sought. Contracts established. QAPP developed. Monitoring initiated. Schedule: Year 1: <ul style="list-style-type: none"> Establish contracts, procure supplies, develop QAPP, and initiate monitoring. Continue CRP Deliver E&O on project findings Organize and train volunteers for WQM 	<ul style="list-style-type: none"> Monitoring was initiated in May 2013 and is continuing monthly Volunteers are being trained (there are currently about 65 students) There is a need for storm sampling, but that is dependent on the weather <hr/> Monitoring continues as planned Planned number of storm samples to be collected reached Project report will be drafted next spring
NRCS & AgriLife Extension: <ul style="list-style-type: none"> technical assistance 	<ul style="list-style-type: none"> Determine the water quality impacts of (1) modifications to tax valuation requirements for agricultural lands and (2) of transitioning from agriculture to wildlife valuations 	<ul style="list-style-type: none"> Tax requirement discussions complete. Educational material dissemination discussed. Schedule: Year 1: <ul style="list-style-type: none"> Discuss tax modifications and use of Appraisal District mailing for educational material dissemination. 	<ul style="list-style-type: none"> This doesn't seem to be feasible, and might not be as necessary as previously believed, given the ongoing changes in the watershed <hr/> No further action, as tax office has decline the idea
TWRI: <ul style="list-style-type: none"> Seek funding support 	<ul style="list-style-type: none"> Determine the water quality impacts of (1) modifications to tax valuation requirements for agricultural lands and (2) of transitioning from agriculture to wildlife valuations 	<ul style="list-style-type: none"> Funding source identified/secured. Schedule: Year 1: <ul style="list-style-type: none"> Seek funds for land use change assessment. 	<ul style="list-style-type: none"> The institute has been working with an ag/econ professor on this, and they can't find anything yet, but there may be other opportunities An OSSF education grant application for 319 funding was submitted for FY14 <hr/> No funding sources identified for ag to wildlife valuation study OSSF educatoin grant submitted in FY 14 not funded, resubmitted in FY 15

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
<p>Brazos County Health Dept.:</p> <ul style="list-style-type: none"> technical assistance, lead entity on all items. 	<ul style="list-style-type: none"> Work to improve OSSF identification, inspection, pre-installation planning, education, operation, maintenance, and tracking to ensure proper system functioning 	<ul style="list-style-type: none"> GIS layers coordinated with BCHD, cities of Bryan and College Station. E&O delivery mechanisms identified and put into use. OSSF inspections continue as required. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> Begin identifying OSSFs in watershed. Coordinate GIS information. Evaluate E&O delivery mechanisms. Ensure OSSF inspections occur as required. 	<ul style="list-style-type: none"> Plans to work with TWRI on the GIS mapping database The department has been going to cluster OSSF systems and checking them in person Some properties might be joining with the city lines, but more information is needed on the city being able to cover these costs <hr/> <p>Working with the City of Bryan on GIS mapping database, and TWRI has already started</p> <p>Visits to OSSFs outside city limits, as they're aware of the ones inside city limits</p> <p>Putting things together for outreach and education, but need an opportunity to distribute</p>
<p>TWRI:</p> <ul style="list-style-type: none"> Seek funding; develop & administer focused project 	<ul style="list-style-type: none"> Work to improve OSSF identification, inspection, pre-installation planning, education, operation, maintenance, and tracking to ensure proper system functioning 	<ul style="list-style-type: none"> GIS layers coordinated with BCHD, cities of Bryan and College Station. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> Coordinate GIS information. 	<ul style="list-style-type: none"> In progress, and present coordination with BCHD <hr/> <p>OSSF identification and estimation effort continues</p> <p>Outcome will be included in report developed next spring</p>

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
<p>City Of Bryan:</p> <ul style="list-style-type: none"> implement and fund its SSO initiative. <p>City Of College Station:</p> <ul style="list-style-type: none"> establish, implement and fund its SSO initiative. 	<ul style="list-style-type: none"> Implement sanitary sewer overflow (SSO) initiatives as appropriate across the watershed. 	<ul style="list-style-type: none"> GIS layers illustrating SSO events, repairs, and replacements made. # of E&O disseminations/views/events <p>Schedule:</p> <p>Year 1:</p> <ul style="list-style-type: none"> COB continues implementing SSO initiative as planned. COCS establish SSO initiative and begin implementation. Track SSO events, repairs, and replacements annually in GIS. Conduct E&O to minimize future SSOs. 	<p>Bryan:</p> <ul style="list-style-type: none"> The initiative is active and being maintained – there have been PSAs, over 1000 sewer stops, repairs to private lines, and many miles of pipelines have been cleaned <p>College Station:</p> <ul style="list-style-type: none"> The initiative is active and being maintained – there have been PSAs, See email if more details are needed. <p>Both Cities:</p> <p>GIS mapping with TWRI was started, but has been stalled. This might be able to get started back up</p> <p>City of Bryan:</p> <ul style="list-style-type: none"> # of sewer stops 977 SSO response time 41:16 minutes 27.8 miles of sewer pipe smoke tested; 151 cleanouts replaced, 74 private side defects repaired, 31 public defects identified, 20 manhole defects identified. Repair to public assets are made based on CIP planning and/or severity of damage 124 manholes repaired 195 grease traps inspected All SSO sources identified, work orders documented in GIS and work order management system <p>City of College Station:</p> <ul style="list-style-type: none"> Active line-cleaning work orders on spills, smoke testing and rehab program.
<p>Agencies (TPWD, TSSWCB, NRCS, Brazos Co. SWCD #450)</p> <ul style="list-style-type: none"> provide technical & financial assistance as available. 	<ul style="list-style-type: none"> Voluntary BMP implementation on private properties 	<ul style="list-style-type: none"> Development of priority ranking system. Identification of priority landowners. Compilation of landowner contact info. <p>Schedule:</p> <p>Year 1:</p> <ul style="list-style-type: none"> Property prioritization developed and completed. Contact information compiled. E&O needs assessed 	<ul style="list-style-type: none"> TSSWCB – no active BMPs, but ag land is declining in the watershed Prioritizing has been done, but nothing more since then <p>There are no known BMPs that they know of as of now, but TPWD might be a resource for that (not present at meeting)</p>

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
<p>Brazos County</p> <ul style="list-style-type: none"> • Ordinances in unincorporated areas of the county. • Participating in assessment of local awards program. • Planning/ delivery/ participation in E&O activities. 	<ul style="list-style-type: none"> • Continue existing, and work to establish, mechanisms that encourage and promote future development and redevelopment that will mitigate adverse water quality impacts in the watershed 	<ul style="list-style-type: none"> • Awards program evaluation complete. • Documented # of amended or new ordinances developed in support of SWMPs. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> • Complete evaluation of awards program feasibility and make a determination. • Begin to amend existing or develop new ordinances in support of entity specific SWMPs. 	<ul style="list-style-type: none"> • No awards program – more information/assistance needed • Active MS4 outreach • BrazosCleanWater.org shows the outreach efforts and education including household hazardous waste programs and clean ups <hr/> <p>Developed newsletter for City of College Station planning and development that recognizes folks/businesses doing good practices for water quality improvement</p>
<p>COB</p> <ul style="list-style-type: none"> • Ordinances in city’s jurisdiction. • Participating in assessment of local awards program. • Planning/ delivery/ participation in E&O activities. 	<ul style="list-style-type: none"> • Continue existing, and work to establish, mechanisms that encourage and promote future development and redevelopment that will mitigate adverse water quality impacts in the watershed 	<ul style="list-style-type: none"> • Awards program evaluation complete. • Documented # of amended or new ordinances developed in support of SWMPs. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> • Complete evaluation of awards program feasibility and make a determination. • Begin to amend existing or develop new ordinances in support of entity specific SWMPs. • Continue riparian area protection as funding allows. 	<ul style="list-style-type: none"> • No awards program – more information/assistance needed • Active MS4 outreach • BrazosCleanWater.org shows the outreach efforts and education including household hazardous waste programs and clean ups <hr/> <ul style="list-style-type: none"> • \$5899 expensed in E&O materials and print • New brochure on property management and code enforcement created (English and Spanish) • PSA on building codes launched <ul style="list-style-type: none"> • New ordinance created for mobile food vending and revised oil & gas well ordinance • Submitted new SWMP for coverage under General Permit. Received preliminary approval from TCEQ Exec. Director for permit. Permit should be issued within 45 days
<p>COCS</p> <ul style="list-style-type: none"> • Ordinances in city’s jurisdiction • Participating in assessment of local awards program. • Planning/ delivery/ participation in E&O activities. 	<ul style="list-style-type: none"> • Continue existing, and work to establish, mechanisms that encourage and promote future development and redevelopment that will mitigate adverse water quality impacts in the watershed 	<ul style="list-style-type: none"> • Awards program evaluation complete. • Documented # of amended or new ordinances developed in support of SWMPs. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> • Complete evaluation of awards program feasibility and make a determination. • Begin to amend existing or develop new ordinances in support of entity specific SWMPs. • Continue riparian area protection as funding allows. 	<ul style="list-style-type: none"> • No awards program – more information/assistance needed • Active MS4 outreach • BrazosCleanWater.org shows the outreach efforts and education including household hazardous waste programs and clean ups • Developed newsletters to acknowledge activities completed and a watershed tour of these for students <hr/> <ul style="list-style-type: none"> • Earth day activities, using utility bills to send educational materials (proven effective through responses)

Control Actions:

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
<p>Brazos County</p> <ul style="list-style-type: none"> • Implementing its SWMP. • Completing annual SWMP report. • Revising and keeping its MS4 permit current. • Coordinating with other MS4 entities. 	<ul style="list-style-type: none"> • Implement entity-specific MS4 Phase II SWMPs throughout the watershed 	<ul style="list-style-type: none"> • Annual reports compiled and submitted to TCEQ. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> • Continue participation in the Brazos Clean Water and implement MCMs and BMPs according to individual MS4 Phase II SWMPs. 	<ul style="list-style-type: none"> • The permit expired and now waiting on TCEQ to approve new permit • See efforts through Brazos Clean Water program <hr/> <p>Permit submitted</p>
<p>COB</p> <ul style="list-style-type: none"> • Implementing its SWMP. • Completing annual SWMP report. • Revising and keeping its MS4 permit current. • Coordinating with other MS4 entities. <ul style="list-style-type: none"> • operating Burton Creek WWTF. 	<ul style="list-style-type: none"> • Implement entity-specific MS4 Phase II SWMPs throughout the watershed <ul style="list-style-type: none"> • Continue monitoring WWTF effluent E. coli levels according to individual permit requirements 	<ul style="list-style-type: none"> • Annual reports compiled and submitted to TCEQ. <p>Schedule: Year 1:</p> <p>Continue participation in the Brazos Clean Water and implement MCMs and BMPs according to individual MS4 Phase II SWMPs.</p> <ul style="list-style-type: none"> • <i>E. coli</i> concentrations in effluent reported as required through discharge monitoring report. <p>Schedule: All Years:</p> <ul style="list-style-type: none"> • Operate their permitted discharges in accordance with their individual permits. • Report <i>E. coli</i> levels in effluent as required by permit. 	<ul style="list-style-type: none"> • Monitoring is occurring and levels are looking good <hr/> <p>Permit resubmitted, should be renewed soon</p>

Responsible Parties	Implementation Measure	Implementation Milestones	Current Status
<p>COCS</p> <ul style="list-style-type: none"> Implementing its SWMP. Completing annual SWMP report. Revising and keeping its MS4 permit current. Coordinating with other MS4 entities. <ul style="list-style-type: none"> operating Carters Creek and Carter Lake WWTFs. 	<ul style="list-style-type: none"> Implement entity-specific MS4 Phase II SWMPs throughout the watershed <ul style="list-style-type: none"> Continue monitoring WWTF effluent E. coli levels according to individual permit requirements 	<ul style="list-style-type: none"> Annual reports compiled and submitted to TCEQ. <p>Schedule: Year 1:</p> <ul style="list-style-type: none"> Continue participation in the Brazos Clean Water and implement MCMs and BMPs according to individual MS4 Phase II SWMPs. <ul style="list-style-type: none"> <i>E. coli</i> concentrations in effluent reported as required through discharge monitoring report. <p>Schedule: All Years:</p> <ul style="list-style-type: none"> Operate their permitted discharges in accordance with their individual permits.
