

**Response to Public Comment  
Implementation Plan for One TMDL for PCBs in Fish Tissue in  
Lake Worth, For Segment 0807**

*July 14, 2006*

Tracking Number	Date Received	Affiliation of Commenter	Summary of Request or Comment	Summary of TCEQ Action or Explanation
001	6/28/06 (email)	Texas Commission on Environmental Quality, Water Quality Monitoring and Assessment	This comment is to request to add the language in bold below to the paragraph in the middle of page 2 of the above referenced IP. “This I-Plan also includes all of the nine key elements for watershed-based plans as prescribed in the FY 2004 Guidelines for the Award of Section 319 Nonpoint Source Grants to States and Territories (USEPA, 2004). Consequently, projects developed to implement <b>nonpoint source elements of the control actions of this plan and which meet the grant program conditions</b> are eligible for funding under the USEPA’s Section 319(h) incremental grant program.”	The supplementary language has been added as requested.
002	7/14/06 (Via Fax)	Lockheed Martin Aeronautics Company	The commenter requested that generic references to Air Force Base No. 4 contractors be used in the document rather than the name of the incumbent contractor.	The TCEQ agrees with the comment and revised the document as requested.
