

Appendix A
Historical *E. Coli*

Upper Oyster Creek: Upstream to Downstream

Percent Exceedance for *E. Coli* Data

(Oct 2002 - Aug 2003)

(Contact recreation use not supported for a sample size of 12 if 5 or more events ($\geq 42\%$) exceed the individual sample criterion of 394 colonies/100 ml.)

Upper Oyster Creek: Upstream to Downstream

Geometric Mean for *E. Coli* Data

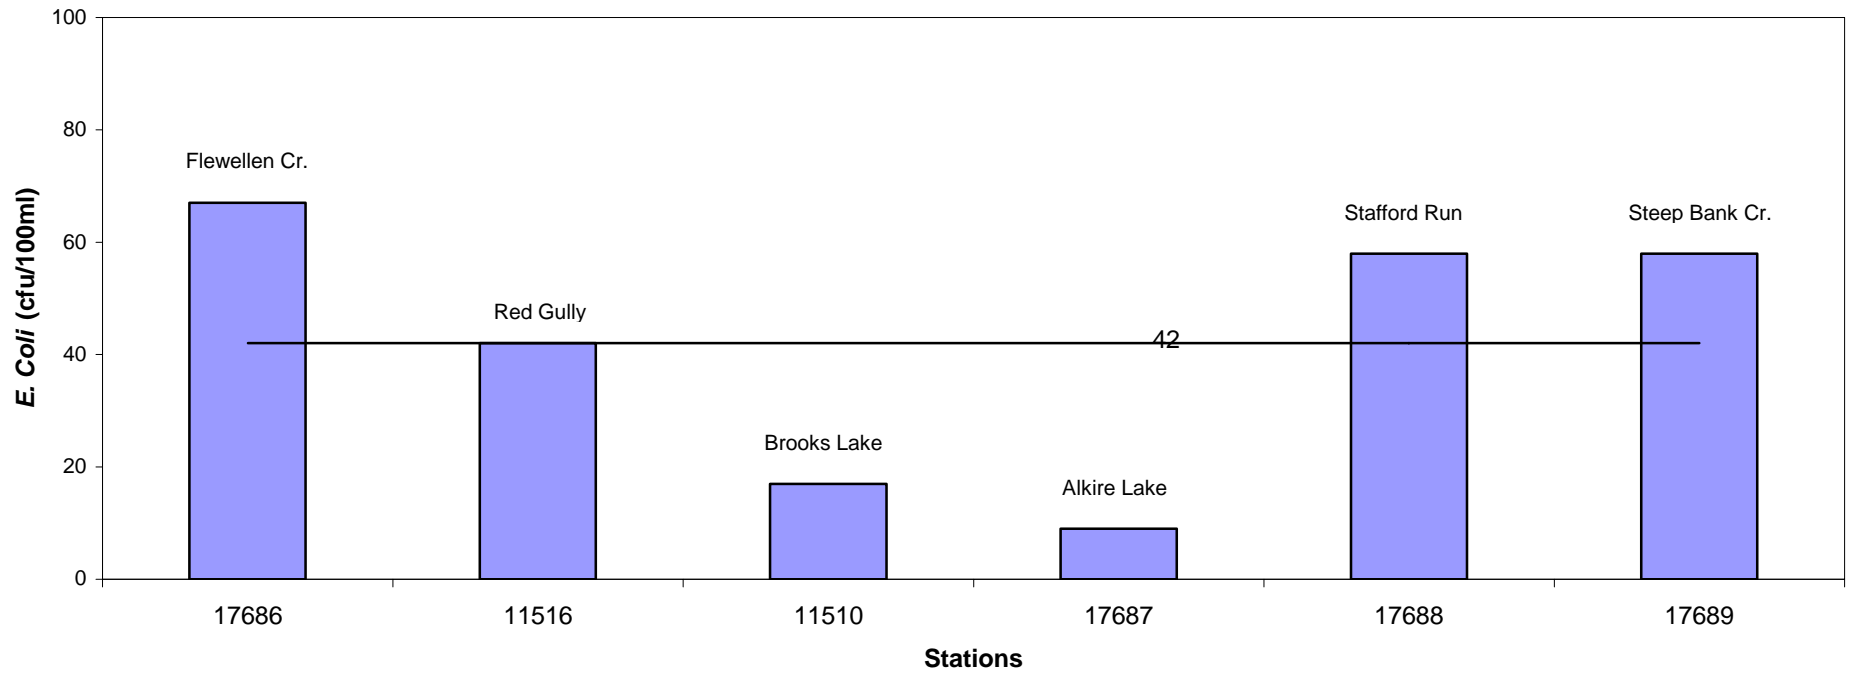

(Oct 2002 - Aug 2003)

(Contact recreation use not supported for a geometric mean concentration >126 colonies/100 ml.)

Tributaries & Lakes
Percent Exceedance for *E. Coli* Data
(Oct 2002 - Aug 2003)

(Contact recreation use not supported for a sample size of 12 if 5 or more events (>42%) exceed the individual sample criterion of 394 colonies/100 ml.)

Tributaries & Lakes
Geometric Mean for *E. Coli* Data
(Oct 2002 - Aug 2003)

(Contact recreation use not supported for a geometric mean concentration >126 colonies/100 ml.)
