

Active Medical Waste Facilities in Texas

Medical waste in Texas must be treated at an authorized treatment facility prior to transport to a permitted municipal solid waste Type I or IAE landfill for disposal.

The following table lists active medical waste processors and transfer stations by county. Table 1 lists active medical waste treatment facilities, some which also function as transfer stations; Table 2 lists active medical waste facilities that function only as transfer stations. Facility types include:

- 5AC Medical waste autoclave facility
- 5MW Medical waste processor
- 5WI Incinerator
- 5MWTS Medical waste transfer station

Use the [TCEQ Municipal Solid Waste Viewer](#)¹ to find the location and information about a processor. Additional information about each processor is available in the [TCEQ Central Registry](#)²; select the Program ID Search option, then on the search form enter the facility Authorization No. in the Program ID field of the search form, and select Municipal Solid Waste Processing in the Program field.
